LOWER LICENSE FEE FOR RURAL RADIOS

The Union Minister for Information and Broadcasting, Dr. Keskar disclosed that the Government is considering a proposal to reduce the license fee for rural radio sets to facilitate expansion of rural broadcasting.

He also stated that his Ministry had sent up a proposal to Finance Ministry for giving a rebate to those who owned more than one radio set.

Owing to the limitation of financial resources, he said, the Government had decided not to open any new radio station.

GOLD LODES EXHAUSTED IN K.G.F.

The production of gold in the country during the last four years had gone down, stated the Minister for Mines Malaviya.

He said that reduction was due to the exhaustion of rich lodes in the Kolar Gold Fields, increased cost of mining at greater depths and failure to locate fresh lodes well in advance.

COLOMBO PLAN AID

Finance Minister Morarji Desai informed the Lok Sabha that Rs. 2.06 crores had been provided in the budget for 1959-60 for aid to be given by India to countries under the Colombo Plan. Under this, Rs. 1.9 crores would be given to Nepal.

DOGS TO WATCH RLY. PROPERTY

The Lok Sabha was told yesterday that dogs would be used by the Railway Protection Force to check crime in railway yards.

The Deputy Railway Minister stated that a Dog Squad, consisting of four dogs had already been formed in the Southern Railway. On Feb. 8, he said, the dogs located two criminals lurking in a marshalling yard in Madras.

★ A coal-bearing region extending over 13 sq. miles had been located in Bankura district in West Bengal.

LOANS TO RYOTS THROUGH CO-OPS.

CHIEF MINISTER'S ANNOUNCEMENT

Kollegal, Mar. 6

Chief Minister Jatti stated here today that it was the intention of Government to provide basic and technical education to boys and home science to girls in implementing programme of providing compulsory education upto age of 14.

He was delivering the valedictory address of the Government High School Students' Association.

The Chief Minister said that it was against the moral ethics to make properties more than the requirement. Even in this unless the people who amass wealth properly educate their children their property would be wasted. So he advised parents to devote some time for looking after health and education of their children

Sri Jatti declared that Welfare State could not be established in country the without improvement of villages. Two things-village panchayat and co-operative society were very essential for the uplift of a village. Here he said that in future all loans granted to ryots would be given through cooperative societies in the State.

Chief Minister also declared open water tanks constructed by Panchayat Board. Here he assured them that their request for a loan of Rs. 10 lakhs for the improvement of water supply would be sympathetically considered by Government. But at the same he advised them to improve their revenue so that they could discharge their loans. Here he asked the labourers and others to form a Fuel Co-operative Society to relieve fuel shortage and for which he promised that the Forest Department would provide them with some fuel reserves.

He also stated that it was the intention of the State Gevernment to provide direct bus communication from different places in State to important and commercial places of neighbouring States. In this they had already provided some direct bus service and arrangements were now being made to have direct bus service from Mysore to Coimbatore.

ANKARA PACT, U. S. AND PAKISTAN DIFFER

The United States State Department has clarified that the new bilateral defence agreement between the U. S. and Pakistan did not provide for U. S. aid to Pakistan in the event of an Indian attack.

But the Pakistan Foreign Secretary Baig has stated that the Ankara Pact with the U. S. "covered aggression from any quarter and we are not concerned with what explanations the U. S. may deem expedient to give to the Indians."

C. P. DEMANDS STRONGER PROTEST

The General Secretary of the Communist Party of India Sri AjoyGhosh has demanded a stronger protest by the Government of India against the bilateral military pact between America and Pakistan.

He has described Sri Nehru's attitude to the pact as a "pathetic faith in American assurances" and asked the Indian Government to issue a "strong warning" that U. S. military aid to Pakistan would be considered by India as an "unfriendly act".

INDIA SHOULD MARCH WITH TIME

KRISHNA MENON'S CALL TO PEOPLE

Mysore, Mar. 10

At a special convocation of the Mysore University held here this morning at the Crawford Hall, Sri Krishna Menon, Union Defence Minister was conferred the honorary degree of Doctor of Letters.

Chancellor Sri Jayachamaraja Wadiyar presided.

Vice-Chancellor, Dr. K. V. Puttappa in the citiation stated that Sri Menon "fought India's battle with his tireless, incisive and vigorous pen upto the midnight of Aug. 15, 1947 and that since then he has been lovingly employing his powerful oratory to enhance the prestige of India in the eyes of the world". By his writings before Independence, and speeches after, Sri Menon "has earned a niche for himself in the Temple of Fame as a political orator of the first order. Mysore University wishes that he may long continue, internally to guard and feed the sacred flame of freedom warming India's millions of sons and daughters and externally to champion India's sacred name and righteous cause against all comers".

Sri Krishna Menon in his 60-minute speech dealt on the various aspects of Indian culture, literature, greatness of Mysore and its rulers, the role of our defence forces and the scientific attitude in the persuit of knowledge.

Paying a great tribute to the State of Mysore, Sri Menon said that it had a great history behind and had contributed to the richness of literature. He also paid tributes to the rulers of Mysore, who had contributed to the enrichment of art and literature. Here he hoped that the Mysore Governor who is proceeding shortly to the United States of America would tell the people of that country about the great heritage culture of India.

Sri Menon then referred to the Indian Defence Forces and said that our country was "peaceful minded country and our attitude is of good neighbourliness". Our Armed Forces were there to protect our soil and retain our freedom. Our national forces would also take part in services of calamity and to discharge obligations in the context of international relationship—not to fight but to assist in the maintenance of peace. Here the Defence Minister paid tributes to the men who had gone aboard for their great record of conduct. Those soldiers who had gone out unarmed had become our best ambassadors, he added.

Sri Menon asked the students to remember that we must look not only to the past but more about the future. We have to move with the present time. Not only are we the objects and contents of fresh dynamism but we must also be the creators of dynamism. The society must move with times in a popular sence and evoluate things. In the material pace of progress, we cannot afford to lag behind.

Speaking about the University education, Sri Menon said not only we have to learn the human history but also the history of discipline and imbibe the truth by a scientific attitude.

NO MORE LARGE-SIZED CO-OPS.

The Planning Commission, it is learnt, has directed all the State Governments to stop the organisation of large-sized co-operatives.

On the recommendation of the Credit Survey Committee, all the States had been organising during the past three years large-scale co-operative societies for the purpose of making available adequate credit to ryots.

Now a co-operative society to each village is the latest slogan started by the Planning Commission.

CO-OP. PRINCIPLE FOR INDUSTRIES

Prime Minister Nehru said at Bombay yesterday that the principle of co-operation, which the Nagpur Congress had introduced in the sphere of agriculture, would have to be extended to the industrial sphere also.

In the future economic organisation of society, the industries would either be State-owned or owned by co-operatives in which workers, would have increasing say in the management, he added.

NCC Should Become Popular

Mysore, Mar. 10

Sri V.K. Krishna Menon, Union Defence Minister addressing the National Cadet Corps, here this morning, at a ceremonial parade, stated that the Government were very serious about NCC to become popular in the country as it inculcate in the youngsters spirit of discipline.

Sri Menon said that every boy and girl in the country should give serious thought to the discipline and cultivate a sense of dedication. Every High School boy or girl, who had no objection to put on uniform, should join the NCC and here he wanted that State Governments should render all assistance in popularising this organisation.

The idea of team spirit and service to dedication were the main principles of the NCC organisation. He wanted that the senior boys and girls of the NCC should profound the principles to the student population. In his opinion NCC boys and girls were better students than others and he was very anxious that NCC should become popular in the country. Here he disclosed that the Government had under consideration of introducing in NCC, the units who were highly vigorous, to go into the regular army.

The Defence Minister in conclusion said that "time may not be far off when every student after his High School course will have some sort of military training, so that he will have a sense of discipline and dedication of service".

EDUCATIONAL PROGRESS

There has been increased activity in all fields of education during 1958-59 inspite of financial stringency, according to the annual report of the Union Education Ministry.

The report says that several steps were taken during the year for the successful attainment of the target of introducing universal, free and compulsory elementary education for the age group 6-11.

For improving science teaching at the elementary stage, a pilot scheme has been initiated for two years with one project per State.

61 voluntary organisations were given a total grant of Rs. 4 48 lakhs during the period for the promotion of pre-primary and basic education. The establishment of a Central Basic School at New Delhi is under way.

Referring to the scheme of expansion of girls' education and training of women teachers, the Report says a sum of Rs. 48.74 lakhs was sanctioned by the State Governments during the period.

Rs. 3.33 crores as Central assistance to State Governments was given for the reconstruction of secondary education. The number of Multipurpose schools set up by the end of March. 1958 was 1,143 and the number of schools under the Higher Secondary type was 340. For research projects into problems connected with Secondary education Rs. 1.57 lakhs was sanctioned to 24 institutions.

Under Higher education, three-year degree course was now under way in 13 universities.

In the field of Social education, the most important step was the establishment of the National Fundamental Education Centre, which has started training of District Social Education Organisers.

BSS IN CONSTRUCTION OF BIG PROJECTS

Prime Minister Nehru has advised the Bharat Sevak Samaj to work for the formation of service co-operatives and to undertake the construction of big public projects besides implementation of small development schemes.

GENERAL DECLINE IN CRIMES

There was a general decline in crimes in the country during 1957, according to the Crime in India Report by the Union Home Ministry.

While the total number of cognisable crimes remained practically stationary compared to that of 1956-5,81,371 as against 5,85,217, there was decline in rioting, house-breaking, robbery, kidnapping and abduction, ordinary thefts and cheating.

In the States, the noticeable decline in cognizable crime was in Madras, Bombay. Madhya Pradesh and UttarPradesh. However, a rise was discerned in Mysore, Andhra Pradesh, Kerala and Bihar.

MILESTONES BY KILOMETRES

TEXTILE MILLS VITAL, SAYS MORARJI

The Union Finance Minister Morarji Desai stated yesterday at Patna that if textile mills were closed many people will have to be naked.

He said that about 20 lakh handlooms were able to produce only about 150 crores yards of cloth annually. On the other hand, about 7½ lakhs textile mill workers were producing about 500 crore yards of cloth.

In his opinion, the progress of large-scale industries were essential if the country was to produce wealth in sizable quantity.

★ Master Tara Singh will lead a procession of three lakh Sikhs in Delhi on March 15 to protest against alleged interferenc in the managements of Gurudwaras in the Punjab.

NEVER SURRENDER ONE INCH OF TERRITORY

KRISHNA MENON'S WARNING TO PAKISTAN

Mysore, Mar. 11

The Union Defence Minister Krishna Menon warned yesterday that " however peaceful we are and like to be friendly with our neighbour (Pakistan), we will not surrender one inch of our territory".

Addressing a public meeting last night at the Townhall under the auspices of the City Congress Committee, the Defence Minister said that Pakistan's military pact with the U.S. was against moral law and had brought war to our region. Still, he said, we would keep on saying that we want to be friendly with our neighbour.

Sri menon declared that India believed in the creation of goodwill with Pakistan. He said "prosperity of Pakistan is prosperity of India. If there is calamity, tumult and hunger for war in our neighbour, it will have effect on us. It will be a bad day for us if we cultivate the habit of saying we have nothing to do with out neighbour".

Sri Menon at the outset referred to the achivement of freedom from foreign yoke and said that there was no instance in the world except in India where people had marched from slavery into freedom without violence. There was also no instance in history of getting freedom with co-operation and goodwill. This was what Gandhiji had bequathed to us, he said.

He pointed out that "we are a land of diversity and in the midst of that, we should find our unity" National unity was the basis for independence and the sense of belonging was the basis of democracy. It was our common people that make the country and has such it was a great mistake to underrate the intelligence of the common man.

Referring to the controversy on land ceilings, Sri Menon said that there was no ceilings on any income anywhere. He declared that if there was no ceiling on urban income, then there could not be any ceiling on agricultural income. He then explained the Nagpur resolution onland reforms and said that food problem could be solved in the country when lands were properly distributed and cultivated on scientific and co-operative basis. He said that at the end of this century, there would be 620 million people in India and they had to find food for them. He said we produced in our country only 650 pounds of grains per acre as against 1,100 in America and 2,500 in Japan. This was due mainly to the amount of hard work put and the scientific approach to the land. He declared that "if we are to progress we have to work hard and not clamour for more holidays". He said that one commodity that could not be imported was national character.

Sri Menon in conclusion said "To us peace is a national necessity. We have no atom bombs and power. But still we can show to the world that in our land of diversity we could be friendly with all and not hostile to any. We could not continue our foreign policy. if our country is not stable. So it is the duty of everyone to see that our country is stable".

Earlier, Sri K.S.Suryanarayana Rao welcomed the gathering.

RELIEF TO AGRICULTURISTS USING DIESEL OIL

The Union Finance Minister Morarji Desai replying to the budget debate at Rajya Sabha yesterday agreed to examine whether any relief could be given to agriculturists using diesel oil provided a scheme could be found to ensure that this concession would not be misused. The increase in excise on diesel oil, he said, was not motivated by any considerations of rail-road competition but purely of oil company.

The country, he said, had a surplus of petrol production while diesel oil had to be imported. If this state of affairs continued till 1963, oil economy would be disrupted.

The Finance Minister also agreed to examine the proposed new system of company taxation to see if any anomalies might arise and to redress them from time to time provided it would not result in sacrifice of revenues to the enchequer.

No Escape From Responsibility

KRISHNA MENON TELLS MUNICIPALITY

Mysore March 11

The City Muuicipal Council accorded a reception to Sri V. K. Krishna Menon, Union Defence Minister, at a function held last evening.

Sri Kenge Gowda, President welcomed the Minister and sought his help and co operation in improving Mysore City.

Replying, Sri Menon said that this City and State of Mysore had sent out many distingnished men to the service of the country and suggested that they should all be honoured as honorary citizens of the place. Mysore State, he said, was glorious in culture, art and music and it was the pioneer in the freedom struggle. This part of India had played a noble part.

Sri Krishna Menon pointed out that there was no greater wealth of the country than people. The potential capacity of people counted more. Every one was becoming conscious of the fundamental change in society and no country would suffer so long there was men and women dedicated to service.

Referring to local bodies, Sri Menon said that these bodies, small or big, were integral part of democracy and democracy could not survive without these bodies. At the same time, these bodles had great responsibilities, as "they are always living on the door-steps of their masters". So there was no escape from the responsibility.

About the request for his help in improving the City of Mysore, which he described a garden city of India, Sri Menon said that they had their own man at the Centre wha knew the proximity and needs of his State and he would help them.

In the Parliament:

Gandhi Memorial

The Rajya Sabha was told yesterday that the first phase of memorial to Mahatma Gandhi at Rajghat was expected to cost Rs. 25 lakhs while the second phase would cost Rs. 21 lakhs. The work on the first phase would be started during the Second Plan period and it would take about six years to complete.

The Minister for Rehabilitation, Sri Khanna stated that one lakh displaced persons from East Pakistan had been removed from camps to rehabilitation sites last year while another lakh would be moved this year.

He admitted that there were 1,022 families squatting in the Sealdah station precincts. Of these, 612 were displaced families and steps were being taken to disperse them to rehabilitation camps. About 260 families had already been moved during the last six months.

The Lok Sabha was told that one lakh rounds of ammunition purchased from abroad a few years ago at a cost of Rs. 19 lakhs could not be used at all because of certain defects.

The Deputy Railway Minister stated in the Lok Sabha that the Indian Railways were examining the possibility of putting on through public address system fitted in compartments music and news bulletins recorded at static points. He added that the experiment of relaying music and news direct from the All India Radio in some morning trains did not succeed due to too much interference with reception.

Shortage Of Teachers In Mysore

Mysore, Mar. 12

Education Minister, Sri Annarao Ganamukhi revealed here that there was shortage of 6,400 teachers in the State and it was proposed to train 7,000 teachers in the Third Plan period.

He was delivering the valedictory address of the University Teachers' College Association, here on Tuesday.

Sri Annarao said that when they were bringing educational reforms, it was necessary to train teachers. At present there were 7,500 High School teachers and out of which more than 2,500 had to be trained.

The Education Minister also referred to the programme of converting the present High Schools into Higher Secondary and Multi-Purpose High Schools, for which more teachers with M.A. and M.Sc. qualification were required. To meet this demand, there was a proposal, he said, to give the present graduate-teachers training in summer vacation and after two years, award those degrees to them.

There was also a proposal to bring uniformity in all four training colleges in the State, he said.

Finally, he urged on the teachers to realise their heavy responsibility of bringing up the future citizens of the country and evince interest in the implementation of new educational reforms.

H.A.L.-MADE AERO-ENGINE

Bangalore, Mar. 12

Rotary's Contribution For World Peace

Mysore, Mar. 13

'The world today stands sorely in need of an assurance that peace and security will be safeguarded, and only Rotary is in a position to extend that assurance and make it effective. Rotary International, the local Rotary Clubs and individual Rotarians, collectively and individually can make their effective contribution to world peace and security, observed Governor Jayachamaraja Wadiyar, here yesterday.

The Governor was addressing the 54th anniversary celebrations of the Rotary International by Rotary Club of Mysore.

Commending the valuable services done by the Club's Vocational Guidance Committee in guiding the boys and girls on path of good and useful citizenship, and their ministrations and gifts to the handicapped children of the Mysore Institute for Deaf and Blind boys, the Governor said that the Mysore Club had indeed lived fully up to the Rotarian ideals of Service above Self and forging ahead with purposeful determination and energy.

Earlier the President of the Club Sri F. K. Irani welcomed and Secretary Sri N. N. Sastry gave an account of the activities of the Club in Mysore. The Governor of the 320th Rotary District Sri T.S. Rajam addressing the gathering explained the ideals of the Rotary. Dr. A.K. Gopalarajan, Vice President proposed vote of thanks.

The Governor distributed the medals and certificates presented by the Rotary Club to distinguished S.S.L.C. students of the local high schools.

U.S. Arms Aid Not Aimed At India

Prime Minister Nehru announced in the Lok Sabha yesterday that a 'categorial assurance' had been received from the U.S. Government that the military aid given to Pakistan 'has nothing to do with any idea of Pakistan attacking India.'

He however added that though the U. S. assurance was 'as categorical as it can be, satisfatory though it might be to the extent it goes, it cannot be wholly satisfactory because the other party (Pakistan) is concerned, who, instead of giving an assurance speak to us the contrary.'

The Prime Minister expressed a sense of grevious disappointment that the border incidents should continue to recur dispite best efforts. He said in view of the 'great activity' by the Pakistani raiders on the West Bengal border, a review of the situation would be made, with a view to taking 'more effective measures to give security to our people there.'

Rise In Price Of Foodgrains

DUE TO ARTIFICIAL SCARES

Union Finance Minister Morarji Desai said in Lok Sabha yesterday that the rise in price of foodgrains was more due to artificial scares created by some people than to anything else. 'If all of us are determined to see that the prices do not rise beyond certain level and we do not quarrel with each other and try to please the voter, we can bring this under control and State trading in foodgrains can be successful,' he added. He appealed to the opponents of joint co-operative farming to go to villages and persuade people to have more and more co-operative farms instead of putting up the peasantry against it.

U.S.-Pak Defence Pact

CAN'T BE USED AGAINST INDIA

Prime Minister Nehru told both Houses of Parliament yesterday that the U. S. Government had 'specifically assured' India that the U. S. bilateral defence pact with Pakistan 'cannot be used against India.'

This assurance had been given in response to the Indian request for clarification of the agreement. 'We have also been assured by the U. S. authorities that there are no secret clauses of this agreement nor is there any separate secret supplimentary agreement,' he added.

The Prime Minister said while India welcomed the U. S. assurances, 'agression' was difficult to define and Pakistan in the past committed aggression and denied it. 'In view of this past experience, the continuing threats held out by Pakistan and Pakistan's interpretation of the latest agreement with the U.S., it is difficult for us to ignore the possibility of Pakistan utilising the aid received by it from other countries against India, even those other countries have given us clear assurances to the contrary.'

Strengthen Unity Of Country

GOVERNOR'S CALL TO STUDENTS

Mysore, Mar. 16

Presiding over the Hostel Day of the St. Philomena's College, here yesterday, Governor Jayachamaraja Wadiyar called upon the youths to work for the unity of the country.

Principal Rev. Fr. Audiau welcomed the Governor.

Rev. Fr. Thomas Vazhapilly, President of the Hostel Association presented an address to the Governor. It stated that the hostel started 13 years back had now 200 inmates and they had established high place in the field of curricular and extra-curricular activities.

Sri K. T. Thomas, Secretary presented the annual report.

The Governor said that "you will soon be called upon to assume duties and responsibilities calling for great skill, strength of character and an ardent devotion to the country of which you are the citizens. The unity of India is the star to which you must hitch your wagons". Unity in variety was one of the glories of this country, he said and India had a special genius for synthesis and it was this genius of her people that had evolved harmony and unity out of the multitudious variety of its languages and traditions. The Governor described our country as a vast cultural laboratory wherein the long-sought-for National synthesis could be best realised.

The hostels were a valuable training ground where, despite individual differences, the art of living together as members of a great family should be learnt. They should cultivate a sense of fraternity which would not snap under the severest strain. The disicpline and training here would stand them in good stead in the life.

Finally, he said "the inmates of the hostel have been bound by the golden chain of friendship. Nothing is more valuable than this gift which will abide with you for ever and anon."

Sri Manohar Shetty proposed a vote of thanks.

VILLAGE OFFICERS GREAT ASSET TO COUNTRY

---SAYS MYSORE GOVERNOR

Mysore, Mar. 17

Inaugurating the Mysore State Village Officers' Conference here this morning at the Townhall, Governor Jayachamaraja Wadiyar stressed the urgent need for improving the villages and said that unless the villages in India were improved the country would not prosper.

He observed that unless people worked hard with honesty many of our difficult problems could not be solved.

The Governor pointed out the great revolutionary changes that were taking place in the country and said that people instead of protesting against these changes should adjust themselves and work for the progress of the country. In this context, he was glad that they (village officers) were in agreement with the Government for the abolition of hereditory village officers' posts and appointing them as Government servants. By this they would also get the fundamental rights guaranteed to the citizens.

The Governor pointing out the great role of the village officers stated that their experience and close-contact with the village problems were great asset to the country and hoped that they would continue to discharge this onerous duties for the good of the people.

DO NOT BARTER AWAY

Sri K. Hanumanthiah, MLA, presiding advised the village officers not to barter away their right of the age-old system of hereditory office but to continue the same with some changes.

He described the patels and shanubhogs as the father and mother of the village. They were the connecting link between the Government and the society and protected and maintained the peace of the village. So they were discharging great responsibilities and as such they had the right to demand better facilities. Here Sri Hanumanthiah regretted that unnecessary criticism had been levelled against these officers who had done good work.

The former Chief Minister did not like the village officers to agitate for the abolition of the hereditory system as it had many beneficial qualities But he wanted that the same system to be continued minus the 'Potige' system. He asked them 'under no circumstances take compensation.'

Sri Hanumanthiah also criticised the proposal of co-operative farming and said 'for us it is all foreign and we are simply copying them as parrots.'

Earlier, Sri J Subba Rao, welcomed the gathering and Sri L. Narasimiah, Secretary presented an address to the Governor.

SSLC EXAMINATIONS

48,125 students have appeared for this year's S.S.L.C. examination in the State, which commenced from yesterday.

Last year 45,022 students had appeared.

FURTHER NATIONALISATION OF ROADS OPPOSED

Mysore, Mar. 17

The President and members of the Mysore District Automobile Association have strongly protested against the policy of the State Government in further nationalisation of roads.

Sri G. R. Josyer, President of the Association explained to the pressmen on Sunday the great hardship experienced by the private bus-owners due to the Government's policy of further nationalising the roads. He said that although the Chief Minister had promised the bus operators of the Mysore District recently that the Government would not consider further nationalisation of passenger transport till the end of the Third Plan, it was surprising that a notification had been issued for operating passenger transport services in all the districts of the old-Mysore State with effect from next May By this, the Government would not only make the private operators suffer but all their dependents—drivers, cleaners and others suffer. This policy, he declared, was opposed to justice and equity and a deathblow to the operators who had invested lakhs of Rupees. Here he also criticised the Government running the inter-State bus services.

NO OPEN CRITICISM

The Congress Working Committee has decided to debar members of the organisation from criticising the Nagpur Congress resolutions on land ceiling and co-operative farming except within the party forum.

Village Defence Squads

Bangalore, Mar. 17

Chief Minister Jatti stated in the Assembly yesterday that Village Defence Squads would be organised in the villages of Hyderabad Karnataka.

The Chief Minister paying tributes to the Mysore police stated that the police administration was satisfactory and that the law and order position continued to be normal in the State.

He said that the Police Department had unfortunately been the target of severe attack despite the fact that it was discharging a "most difficult task" of dealing with crime and more so with experts in the commission of crime. Whether in Mysore or in any other State, a proper atmosphere was essential for the success of the Police Department, he added.

The Government, he said, had recently revised the pay scales of police constables and other cadres. According to the revised scales, Sub-Inspectors would be on graded scale of pay Rs. 80 reaching a maximum of Rs. 200 and police constaables would be getting Rs, 30-2-40 exclusive of allowances.

TRAFFIC ADVISORY BODY FOR CITY

Mysore, Mar. 17

The Government have constituted a Traffic Advisory Committee to advise the Road Transport Department in regard to prompt and efficient service in Mysore City with the Deputy Commissioner as Chairman and D.S.P., Municipal President and Commissioner and Depot Manager as members.

Crop Forecasts For Mysore

The area under rice cultivation in Mysore State during the current year is 19,75,000 acres. This estimate covers the period upto the end of September 1958.

During 1958-59 Kharif jowar accounts for an area of 27,25,000 acres, which is 1,65,000 acres more than last year's estimate. More than 80 per cent of the increased area under ragi for all-India during the period is accounted for the Mysore State.

Under bajra, Mysore recorded an increase of 34,000 acres over the figure of 11,51,000 acres during 1957-58, bringing the acres to 11,65,000 acres during 1958-59.

CYCLE INDUSTRY

From a meagre production of 49,000 cycles in 1947 valued about Rs. 60 lakhs, the production has now more than crossed a million mark of the value of Rs. 13.8 crores per year in 1958.

In addition to the quantitative increase in production, the industry had also stabilised in the manufacture of components and at present imported parts varied only from 2 to 5 per cent.

★ Discourses on "Vedanthasara" of Sri Ramanujacharya are being conducted every day from 9 30 to 10-30 a.m. at Sri Yamunamandiram in Vanivilas Mohalla.

MILITARY EXPENSES HIGH IN ASIA

Military expenditure is resulting in a drain on the financial resources of Asia, according to a survey by the U.N. Economic Commission on Asia and the Far East.

Not only was the military expenditure high, but it depleted foreign exchange, particularly in countries like India, which are very short of exchange.

The last part of 1957 and most of 1958 was economically a bad period for Asia, the survey added. Expansion of industry came to a halt and agriculture in some places declined. There was a serious decline in rice production in India and Pakistan.

Ayurveda On Scientific Basis

MYSORE GOVERNOR'S PLEA

Mysore, Mar. 18

Governor Jayachamaraja Wadiyar laying the foundation stones for the new building for the College of Indian Medicine and Children's Ward at the Ayurvedic Hospital premises, last evening, stressed need for teaching Ayurveda on scientific basis.

Dr. M. A. Mekhri, incharge Principal welcomed the Governor.

Governor said College of Indian Medicine had a very important role to fulfil in coming years in matter of educating physicians who were given a thorough scientific training in knowledge of Indian Medicine. Ayurveda he said, was the very science of life and art of healing and should be studied with all necessary scientific appurtenances and laboratory. But here he warned that in the value of teaching Ayurveda against the background of modern medical science the true genius of Indian Medicine should not be sacrificed.

He was happy that the Government had realised, though after lapse of a decade, the need of clinical training to students and glad that in recent years there was gradual progression in the bed strength of the hospital, purpose of which was to provide better clinical training for the students of this college.

He complimented Sri B. V Pandit of Nanjangud and Sri T. Chowdiah of Mysore for their munificent donations of Rs. 10.000 each for the construction of Children's Ward in the premises of the hospital. He said no donation was more sacred these days than to releive the misery of those who were afflicted. The treatment of children's diseases should occupy the forefront of the work of the college and hospital.

Health Minister Hegde speaking on the occasion assured all help from the Government for the encouragement of Ayurveda.

Donors B. V. Pandit and Chowdiah also spoke.

Sri Basappa Naik, Secretary proposed a vote of thanks.

POLICE NEWS

Mysore, Mar. 21

The K. R. Police arrested yesterday Shivalingu in connection with theft of vessels worth Rs. 10 in the house of Sri Nanjappa.

In the Legislature:

RICE SHORTAGE

Bangalore, Mar. 21

Food Minister Patil told the State Assembly yesterday that there would be a shortage of 1.94 lakh tons of rice during the year in the State. He said that for a population of 220 lakhs, 27.3 lakh tons foodgrains were required and till March 1959, the Government had purchased 1,45,325 pallas of paddy and 15,538 pallas of rice.

Chief Minister Jatti said that the State Government was corresponding with Japan through the Centre and the State Trading Corporation over the export of iron ore.

VESTED INTERESTS WILL BE SWEPT OFF

Prime Minister Nehru in a forthright speech at Alwar yesterday declared that vested interest that came in the way of the economic emancipation of the vast masses of the people would be swept aside.

Addressing a mammoth gathering, the Prime Minister said "We do not want to harm anyone. But any system that allowed a few to live in luxury on the sweat and toil of others would not be tolerated. If the interests of a few had to be affected for the good of the masses, it was something inevitable".

SCHOOL DAY

Mysore, Mar. 21

The School Day of the Sadvidya Patasala was celebrated here yesterday under the presidentship of Sri T. Vasudeviah, Deputy Director of Public Instruction. Sri M. Yamunacharya addressed the students.

LAND REFORMS AND CO-OPERATIVES

The Congress members of Parliament from Mysore State yesterday discussed the Nagpur resolutions on land reforms and co-operatives in their application to State.

Sri Hutch Masti Gowda, Secretary of the Mysore Pradesh Congress and Sri Hegde, Organising Secretary gave an account of the discussions that took place on the Nagpur resolutions during the recent meeting of the Pradesh Congress Presidents and Secretaries.

A suggestion was made that as a first step towards distribution of land to the land-less, the Mysore Government should stay the assignment of land to individuals. It was stressed that Government lands wherever they were available in large blocks should be reserved for starting co-operative farms.

PLAN ON ZONAL BASIS

Madras Finance Minister Subramanyam said in the State Assembly yesterday that they had accepted in principle that the Third Five-year Plan should be formulated on a zonal basis. The question as to how it should be worked out was under examination, he added.

LOANS FOR PEPPER CULTIVATION

Bangalore, Mar. 21

The Government of Mysore have provided Rs. 5 lakhs under the pepper cultivation development scheme, for giving loans to the cultivators.

The scheme will be in operation in the districts of South Kanara, North Kanara, Shimoga, Chickmagalur, Hassan and Coorg. The loans will be from Rs. 75 to Rs. 150 per acre.

INDUSTRIAL ESTATES

The target of setting up 110 industrial estates in the country during the Second Plan period is to be reduced to 92.

The idea of having one estate for every district would be achieved only during the Third Plan provided an allocation of Rs.600 crores to the cottage and small industries sector was made.

★ The Karnataka Provincial Conference of the Communist Party which concluded its session at Davangere, has called upon all party units in the Mysore State to observe Apr. 19 as the "Land Reforms Day."

★ The Samyukta Maharashtra Samiti would shortly launch a no-tax campaign in villages along Belgaum-Karwar border to achieve inclusion of the Marathi-speaking areas of Belgaum in Bombay State, according to its Secretary.

Abuse Of Power By Police

The Police Department which is expected to be the safeguard of the rights and liberties of the citizens and who have been invested with immense power for the said purpose are of recent, taking to abuse of their powers. An instance of the above sorrowful state of affairs is herebelow placed before the public for a deep consideration and right action in the direction.

In C.C. No. 7235 of 58 on the file of the Second City Magistrate, Mysore the accused were acquitted. The learned Magistrate observes in his judgment "In the P.F. under which some wire has been seized there has been alteration and that throws a good lot of suspicion about the prosecution case. The merchant (viz. myself-words in bracket are mine) from whom some wire was seized by the police has stated that about 22 lbs of wire was seized. In the P.F the original writing has been 22 lbs and it has been erased and in its place 10½ lbs has been substituted. This shows conclusively that the wire that was seized from this merchant could not have been the wire which was found missing." The learned Magistrate is of the opinion that the properties alleged to have been stolen and produced before the Court could not under any possibility be and have been that of the complainant viz. Electrical Department. He has also not satisfied with the credibility of the witness for the prosecution and has rejected the same unhesitatingly. Facts being what they are, how the investigating officer viz. the then Sub Inspector of Crime Branch Janab Khalandar Sheriff was prompted & justified to place the charge sheet passes beyond the comprehension, if it is not for the selfish ends of the said individual and his followers.

Under these circumstances would it be unreasonable if it is expected of the authorities concerned to take suitable actions for forgery, criminal breach of trust, foisting false case etc. under I.P.C. against the said Sub Inspector?

Last but not least, I, on behalf of public express my deep debt of gratitude for Sri G Raghuramachar, B.Sc (Hons), B.L. Advocate, Shivarampet, Mysore for upholding the cause of truth in the case on behalf of the accused.

Not Allow Any Foreign Troops In India

—SAYS KRISHNA MENON

India's Defence Minister Krishna Menon declared yesterday at Jullundur that no foreign troops would be allowed to land on any part of the Indian Union territory, whether it was of the United Nations or any other force.

He said it was better to go on fighting for the defence of the country rather than seek the help of some foreign Power for that purpose and then pay a price for it.

Sri Menon said Pakistan was creating trouble on the border by resorting to shooting every now and then The people would not tolerate such mischiefs for long. A number of policemen and officials had been killed on the border and "we did not feel provoked but there is a limit beyond which we cannot go" he added.

The Defence Minister said: "We are not afraid of Pakistan. India as well as Pakistan are two free nations. Threats of holy war against India cannot demoralise us. Let it be understood that our country is not weak morally or militarily. Pakistan will think twice before taking a nefarious move against us."

MORE ENGINEERING COLLEGES FOR MYSORE STATE

Bangalore, Mar. 23

Education Minister Anna Rao Ganamukhi announced in State Assembly here on Saturday that the Government had decided to start three Engineering Colleges in the State this year.

One of them would be Centrally-sponsored and located at Mangalore and of the other two to be run by the State Government, one would be located most probably in Shimoga. Decision was yet to be taken about the location of the other college, he said.

Speaking about the policy of the Government regarding technical education, the Minister said that of the four polytechnics to be started this year, Mandya and Bidar would get one each and location of the other two was yet to be decided.

The Minister made it clear that Government would not start arts and science colleges any more and that it would be left to private effort. He added that a College of Physical Education in Bangalore, a Teachers Training College at Bellary and a Urdu training Centre at Hubli or Dharwar would be started during the year,

The Government also sanctioned, he said, a scheme for the starting of open air theatres in all the district headquarters. Two of them had already been started, he added.

Introduction of compulsory education, the Minister said, was a gigantic problem and therefore it was not possible to introduce it immediately, due to financial difficulties. It was estimated that Rs. 10 crores would be required. Meanwhile the Government had decided to provide one school within a mile radius for a population of 300. That would necessitate opening of 2,200 schools and this would be achieved by 1960-61.

Reorganisation Of Medical And Health Depts.

Bangalore, Mar. 24

Health Minister Hegde told the State Assembly yesterday that Government were considering the question of reorganising the Medical and Health Departments to meet the paucity of medical personnel in various hospitals and dispensaries.

He said that the Government also proposed to provide a dispensary or a health unit for every 15,000 of population by the end of the Third Plan.

The Government, he said, had urged the Central Government for a medical College and the location would be decided as soon as the sanction was accorded by the Centre.

The condensed medical course would be opened at Mysore Medical College by Jan. 1960 for which arrangements to upgrade the college would be finalised at a cost of Rs. 15 lakhs. Similar course might be opened in Bangalore by 1961.

Government proposed to open 10 additional Family Planning Centres in urban and 16 in rural areas. One training centre each at Bangalore and Mangalore would be opened soon. Government proposed to pay compensation to poor people who undergo operations. As many 173 dispensaries would each be supplied contraceptives costing Rs 1.500.

★ India, it is understood, has asked the five Western countries to fix the total assistance for 1959-60 at 350 million dollars instead of 250 million dollars as proposed.

PRIVATE SECTOR SHOULD OPEN MORE SCHOOLS

MYSORE EDUCATION MINISTER'S PLEA

Mysore, Mar. 25

Education Minister Annarao Ganamukhi presiding, the Founder's Day of D. Banumiah's Educational Institutions was celebrated here yesterday.

Sri M. Puttiah speaking on the life of the late D. Banumiah stated that starting as a poor man, Sri Banumiah earned wealth and spent it for the good of the common man.

Sri B. V Banumiah, Secretary presenting a report stated that their institution was paying the Govt. payscale to their teachers also. He requested the Government to help them in introducing pension scheme to their retired teachers and a grant of Rs. 4,500 to the Open-Air Theatre which was under construction.

The Minister then distributed memorium prize to Messrs. H. Subba Rao and N. S. Sampathkumarachar, for their services rendered to the Institute on the staff. He also distributed prizes to the winners in competitions.

Minister Ganamukhi paid tributes to the founder of the Institute and said that more and more such persons should come forward in running educational institutions. He pointed out that in Bombay-Karnataka area, there were several private institutions running without Government help but regretted that in the old Mysore State all educational institutions depended on Government help. It was high time, he said, that private sector should come to the aid of the Government in opening more schools in the State.

The Minister said that the present system of education was not suited to democratic conditions. In his opinion, there should be co-ordination between science, technology and humanities and here he called upon the experts to give them a useful curriculum on this basis.

He said it was the intention of the State Government to bring about a diversified system of education and also convert all secondary schools into Multi-purpose ones within five years.

The Minister advised the students to develop thinking and observation powers so that their education might be useful in their future career.

Sri H. S. Krishnaswamy proposed a vote of thanks.

WEAVERS' PROTEST

"CATCH THEM YOUNG"

Yes; the truth of the above statement is universal. By sheer ignorance of this we have many a time repented.

What we propose to do should be done earlier and quicker. Delay is always dangerous. Nothing remains hard, impossible and a dream when it is tackled at the right time.

Rao's Tutorial College earnestly requests the parents to send their boys and girls to enable them to get what is called a "Standard in Education". Rao's Tutorial College has decided to open summer classes for the students of fourth and fifth forms.

"The boy is weak in English" remarks the teacher. Yes many of us are aware of such remarks as to our boys and girls. Is it not our duty to take necessary care to improve the standard of the children?

There are doubts in the young minds as to many problems and topics. But they will never easily put forth their doubts before us. Some boys do not speak or write though they know it. Still some speak and write on things which are not asked or rather on things that they do not know.

Is your boy weak in English or Geography or any other subject?

Our summer classes are full of life. Weakness of the student will be rectified. What he feels difficult will be made clear and easy.

Besides this, we have decided to teach something about "General knowledge." General knowledge-we mean, mostly the knowledge about discipline, duty, character and responsibility.

Once in a week there will be a "Debating Society," in which the boys will have to take part. From this they will acquire valuable information and understand one another.

At the end of the term there will be a test in:-

1) Standard, 2) Intelligence and 3) General knowledge.

A student should be led in the right direction. He should speak, read and write correctly.

A student who is taught and trained with a right approach is sure to become a good citizen of the country.

Those boys who will emerge out of our Tutorial College, will have gained a standard from which, we are sure, that they will build up a bright career.

Summer classes will commence from 1st April 1959. Classes will be held from 8 A.M. to 10-30 A.M. Duration of the course-Three months. Enquire at:-

NEED FOR CODE OF MORALITY

Union Vice President Dr. Radhakrishnan said at Trichur yesterday that the code of morality was the only code binding on people. It was not caste or religion that was binding on man, he added.

Religion, he said, was the quest for truth. It tried to find a constant principle, which held the world together. The people of India suffered in the past because of internal divisions and dissensions. 'We divided ourselves into compartments and introduced restrictions and restraints which kept us away from one another.' He advised that people should preach and practise 'faith in one God and one family of men.'

LEVY OF SPECIAL WATER TAX: INCREASE IN HOUSE AND LIGHTING TAXES

FOR IMPROVING CITY MUNICIPALITY'S FINANCES

COMMISSIONER'S PROPOSALS

Mysore, March 30

Municipal Commissioner, Sri Vazeer Ahamed explaining the budget position of the Municipality for 1959-60, at a aspecial meeting held on Saturday, stated that it was necessary for improving the finances by tapping additional resources in view of the ever increasing expenditure. He pointed out that the existing level of taxation in the City was much lower than those in the neighbouring municipalities and as such it was necessary to bring the taxation to the level of those bodies.

In order to improve the finances, the Commissioner has made the following suggestions:

On account of the increased facilities provided to the citizens, the house tax should be increased from 5 to 6 per cent. This would fetch an income of Rs. 1 lakh.

As they had to pay Rs. 1.25 lakhs as against a revenue of Rs. 75 lakhs for electric lights, the lighting tax should be increased by 1/2 per cent.

Levy of shop tax which would fetch an additional income from Rs. 50 to 75 thousand.

Although the Council was the biggest landlord in the city, the levy of rents on the shops fixed was very low. The City was growing and improvements to the markets had already been affected and the Council had to think of putting up more buildings and also construction of a mutton market in the city. As such it was desirable to revise the rents so as to fetch them an increased revenue of Rs. one lakh.

Consequent of taking a big scheme for improvement of water supply and the Council being committed to a heavy loan of Rs. one crore, it would not be possible to arrange repayment by merely increasing the charges for supply to the consumers. The improvement of water supply was an amenity and just as the Government levied railway, health and education cess, it was necessary to consider the question of levy of a special tax for providing increased water supply facility. Here the Commissioner said that concessional rate levied for supply of water to the Railway, Sandal Oil factory, Coffee Curing Works and Central Food Research Institute should be revised.

As the Council were spending considerable amount for the maintenance of the Bus Stand in the city, it was desirable to charge a small daily fees of annas eight or Re. 1 per bus.

The Commissioner also pointed out about the heavy arrears, Rs. 2,09,359 and said that earnest efforts were being made to expedite the collection. The Major portion of arrears, he said, were from Railway Department Rs. 1,01,131, Palace Rs. 10,836, Garrison Enginner Rs. 38,974, MARP Rs. 23,777 and University Rs. 2,104. He disclosed that legal notice had been issued to Railways for the payment of arrears.

Dalai Lama Seriously Ill

The Dalai Lama who escaped from Lhasa is reported to be seriously ill.

It is stated that four of the six members of his Cabinet are moving with the Dalai Lama through areas controlled by Khamba rebels. They are heading east apparently finding the south completely sealed.

In the meantime the Chinese soldiers have been ordered to take him into custody but not to shoot him dead.

A Peking announcement stated that anti-Chinese revolt had been crushed and the Dalai Lama's Cabinet had been dissolved. It stated that "most of the leaders of the local Government and the "upper strata" had colluded with imperialism to assemble bandits, put the Dalai lama under duress and directed Tibetan army and rebellous elements to launch a general offence against People's Liberation Army garrisoned in Lhasa".

A new Government with Panchen Lama has been constituted by the Chinese Government.

CRITICS ON CO-OPERATIVE FARMING

CONGRESS PRESIDENT ASKS THEM TO QUIT CONGRESS

Congress President Indira Gandhi addressing a public meeting at Bombay told those Congressmen who disagreed with the principles and plans of the party, to leave the organisation. "They have no place in the Congress", she said.

Warning some "elements" which were trying to separate the Congress from people, Smt. Indira Gandhi declared that the party would never fail to lead the people on the correct path.

She challenged the critics of co-operative farming, "mostly people in urban areas", who critised everything that the Congress did, to show how increase in production was not possible through co-operative farming.

DELHI REPUDIATES CHINESE CHARGES

The Government of India have strongly repudiated the charge levelled by the Chinese Government that Kalimpong was the "commanding centre of the Tibetan rebellion".

"There had been no unlawful activities in the recent past by either the Tibetans or others in the Kalimpong area". It is therefore entirely incorrect to say that Kalimpong was the centre of any rebellious activities.

SATYAGRAHA IF WATER SUPPLY NOT IMPROVED

CITY FATHER'S THREAT

Mysore, Apr. 1

At the monthly meeting of the City Municipal Council held here last evening, many Councillors complained about the scarcity of water supply in many localities and even threatened to offer satyagraha if it was not improved.

Sri B. N. Kenge Gowda, President, was in the Chair.

Sri Mir Noor Hussain said that if the water supply was not improved, "a day may come when people come and beat councillors."

Sri Aziz Sait said "I am going to offer satyagraha before the Municipality if water supply is not improved."

Smt. Soundaramma, Messrs. Aziz Sait and Mir-Noor Hussain complained that prostitution was increasing in the city and police were not taking stern action to put down this unsociable business.

Sri Aziz Sait also complained that patients are not being properly looked after in the Mohandas Tulsidas Hospital and the concerned Lady doctor will not be there at all.

Smt. Soundaramma wanted that there should be a Board of Visitors to every hospital in the city with four members from the Council.

Sri Mir Noor Hussain said that Health Authorities should take immediate action to check the increase of Typhoid.

Sri Chowdiah wanted that Arrack shops should not be opened later than 9 p.m.

Sri K. Siddiah alleged that the Depressed Class Areas Aid Fund was being misused and no developments had taken place.

Sri Mir Noor Hussain complained about the nuisance of hawkers, vendors and cycle stands in front of hotels especially in Sayyajirao Road and other busy-thoroughfares.

Sri Dodda Thimmiah wanted public fountains to be installed in important places for the convenience of outsiders.

Messrs. Vedantha Hemmige and T. V. Srinivasa Rao referred to the Tibet trouble and strongly condemned the aggression of the Chinese and said the people of Mysore sympathised with the Tibetans.

Sri Mir Noor Hussain suggested that a Market Committee to be constituted to check the sub-lease of shops.

There was a heated discussion between the opposition party and the president about a point of order raised by Sri Vedantha that without taking the sense of the House, the President could not take up the next subject (which was ruled out by the Chair).

The Government have taken over 11 routes in Kolar district covering 3,200 miles, from today under the scheme of nationalisation of road transport.

In all, Government have now 750 monopoly routes covering one lakh miles every day in the State.

Messrs. T. V. Srinivasa Rao and Aziz Sait said that the Chair should understand the position of the Opposition Party and give proper rulings and should not simply state that there was no point of order. Being an eminent lawyer (President), he should give proper ruling. At this stage, Sri Srinivasa Rao shouted "Shame." The President warned him that the member should not use such expression and if he repeated the same, he would be sent out.

UNIFORM COURSES OF STUDY

IN MYSORE AND KARNATAKA UNIVERSITIES

Bangalore, Apr. 1

At a meeting of the representatives of the Mysore and Karnataka Universities held here with Sri Annarao Ganamukhi, Education Minister in the chair, it was decided to bring about uniformity in syllabus and courses of study in both the Universities.

The meeting considered several difficulties facing students of Karnataka University seeking admission into the Mysore University and vice versa, especially in view of the fact that the Mysore University had introduced the pre University course while the Karnataka Varsity had not done so.

The meeting decided to introduce uniform integrated course of five years in Engineering in both the Universities. At present the engineering course in Karnataka Varsity is of three years duration after the first B. Sc., while in the Mysore Varsity it is four years after the pre-professional course. Further, the first year of the three-year course in Karnataka Varsity is a public examination while it is not so in the Mysore University. It is stated that students who pass the pre-University course in the Karnataka Varsity ara eligible for pre-professional course in the Mysore Varsity while the first year B.Sc., student of the Mysore University is not eligible for admission into the first year engineering in the former University.

Pandemonium In Lok Sabha

Pandemonium prevailed in the Lok Sabha yesterday when the PSP leader Acharya Kripalani questioned the propriety of the Communist Party of India repeating the Chinese allegation that Kalimpong was the centre of Tibetan revolt.

Sri Kripalani stated that coming as it did only two days after Prime Minister Nehru's emphatic repudiation of the Chinese allegation, the logical conclusion that could be drawn was that the Communist Party in India would welcome Chinese intervention "if they (Chinese) thought it necessary to detsroy this nest of intrigue in Indian territory".

This provoked angry protests from Communist members.

Several Socialist and Independent members also joined with Sri Kripalani in protestiug against the Chinese Embassy in circulating the Peking charge against India.

In the absence of Prime Minister, Smt. Lakshmi Menon, Deputy Minister for External Affairs stated that she took strong objection to any foreign mission in this country making any critical estimate of the Indian Government's policy or criticising its activities.

She categorically denied the Peking charge that a portion of Indian territory was being allowed to be used for carrying on subversive activities against another country and declared that no part of India would be used ever by any country for such activities against any country.

State Trading in Rice and Wheat

The Union Food Minister Jain announced in the Lok Sabha yesterday the details about the State Trading in rice and wheat. While the scheme provides for the sale of foodgrains by wholesale traders to retailers at controlled prices, the States have been left to fix the retail prices to consumers.

According to the scheme, the wholesale traders would be permitted to function as licensed traders who would make purchase on their own behalf but shall pay a specified minimum prices to the farmers. While Government would have the right to acquire the whole or a portion of the stocks from them at controlled prices, the traders would be at liberty to sell the remaining stocks to retailers at prices not exceeding the control prices.

The Minister said the ultimate pattern of State trading provided for the collection of farm surpluses through services co-operatives at the village level and the channelling of these through marketing co-operatives for distribution through retailers.

Border Disputes

Bangalore, Apr. 3

Chief Minister Jatti informed the Assembly yesterday that the State had received a reply from the Union Home Minister to the State's proposal on border disputes. He did not furnish details but merely said "We have not come to any agreement so far." But he reiterated the State's stand that "legally and technically the question was decided long back when the Bill was placed into an Act."

DON'T INCREASE TAXES

CITY FATHERS' PLEA AT THE BUDGET DISCUSSION

Mysore, Apr. 4

The budget estimates for 1959-60 were considered at the adjourned budget meeting of the City Municipal Council held last evening. Sri B. N. Kenge Gowda, President, was in the chair.

Initiating the debate, Sri B. K. Puttiah characterised the budget as a "great load" on the Municipality since they had embarked upon floating loans. There will be a total of Rs. 75 lakhs loan and as such the Municipality should be very careful in husbanding their resources.

Sri C. Srirama Chetty said that the proposed increase in taxes would affect the poor people. He wanted that establishment charges should be reduced and water meters should be installed. He suggested that shops should be constructed in the northern portion of the Townhall.

Smt. Soundaramma said that instead of constructing schools, homes for poor pupils should be established by the Municipality. Instead of Municipality giving grants to hospitals, it should provide quarters to nurses and doctors. She opposed increase in house tax and also shop tax but wanted professional tax should be levied.

Sri Aziz Sait said that the budget was not an "enterprising one" but an "unbalanced and expensive one." He pointed out that house tax had been doubled within four years. Every year taxes were being increased but at the same time arrears were being allowed to accumulate, especially from Government institutions. The ordinary citizen was forced to pay his tax. He criticised the way of leasing out the market shops and suggested that a market committee to be constituted for getting more rents from these shops. Sri Aziz Sait regretted that no provisions had been made for children's play-grounds. He strongly protested against the increase of taxes on houses and electricity. He welcomed the levy of tax on Bus Stand and also revision of water tax to some of the institutions.

Sri H.N. Muddiah did not want any increase in the present levy of taxes, except on bus stand.

Sri D. Lingiah welcoming the budget said the construction of shops in Sayyajirao road and other places should be expediated. He also wanted that Sewage Farm should be improved.

Sri M.N. Thimmaiah characterised the Municipality as "a lazy group". He wanted that efficiency should be increased and unnecessary expenditure curtailed.

Sri Govindiah regretted that every budget contained only suggestions for more taxes and not amenities to the ratepayers.

Sri H. Kempe Gowda did not want the Sewage Farm to be leased out. He wanted that prompt action taken to collect the heavy arrears.

The Council was adjourned to Apr. 11.

Dalai Lama Given Asylum In India

Prime Minister Nehru announced in the Lok Sabha yesterday that Dalai Lama had crossed into Indian territory on the evening of Mar. 31 and he was "quite healthy."

He further informed that the Government of India had decided to accord asylum to the Dalai Lama and the same had been conveyed to the Chinese Government.

Giving details about the Dalai Lama's crossing to India, the Prime Minister said that they had no contact with him at all but based on certain reports received, they expected him to come to India and accordingly, various check posts on the eastern frontier had been alerted. An emissary of the Dalai Lama showed up at an Indian checkpost at Chutangma on Mar. 29. The primary concern of the Government was the safety of the Dalai Lama and naturally they took all possible precautions.

NEED FOR STUDY OF SANSKRIT

President Rajendra Prasad yesterday called upon the people to devote their energies to the study of Sanskrit.

Delivering the presidential address at the sixth session of the Sanskrit Vishva Parishad at Puri, he said very many eminent and literary persons were accepting Sanskrit as the basis for the cultural and geographical unity of this great country. Sanskrit, he said, was the only language that put the immortal impression on "our literature and of our way of thinking."

RETAIL PRICE OF FOODGRAINS

DALAI LAMA'S SAFETY ASSURED BUT NO POLITICS

--Says Prime Minister Nehru

Prime Minister Nehru declared yesterday that while the personal safety of the Dalai Lama was fully assured, the Tibetan leader was not expected to function on a "political plane" during his asylum in India.

However, he added it was not the Government's intention to put any "undesirable curbs" on him. This was a matter which would have to be discussed with the Dalai Lama and he (Sri Nehru) was sure that the Dalai Lama "would not like to take any steps here which embarrass him or us".

The Prime Minieter said that he would certainly be meeting the Dalai Lama at "some place some time". He could not say where the Dalai Lama would stay in India but made it clear that it would not be anywhere near the frontier or anywhere in the South.

He also declared that while it was not India's desire to interfere "in the slightest" in Tibetan affairs, "we are obviously concerned and interested in what happens there and what political developments take place there. We cannot ignore them or look away from them".

Sri Nehru said that he had not been in correspondence with the Chinese Prime Minister since the recent events in Tibet. Here he deplored the attitude of the Indian Communists in regard to developments in Tibet. Unlike all other political parties in the country, the Communist Party, had its root in different thinking and had "exhibited an entirely different approach from the point of view of national sentiment".

When his attention was drawn to an article in the Cammunist Party weekly "New Age" alleging that some Indian political officers at the border had callused with anti Chinesa spies, the Prime Minister said "If the Communists go about naming political officers, the party shows more than what I suspected, a certain lack of balance in mind and total absence of feeling of decency and national sentiment. They cease to be Indians if they talk in this way".

DALAI LAMA IN TAWANG

The Dalai Lama has reached Tawang in the Kameng division of the North-East Frontier Agency and entered the monastery yesterday.

Escorted by a body of Assam Rifles, the Dalai Lama was received at Tawang by the Political Officer, Capt. Harmender Singh and other officials with due ceremony.

After taking a few days rest, the Dalai Lama will proceed to Bomdila, headquarters of Kameng Frontier Division.

Governor's Foreign Tour

Mysore, Apr. 7

Governor Sri Jayachamaraja Wadiyar will leave Bombay on April 15 on a three-month lecture tour in America, Europe and Africa.

In America, the Governor will visit New York Yale University and the American Academy of Arts and Sciences at Boston, besides other places of interests. He will leave America early in July for Europe and Africa.

Disclosing this, Chief Minister Jatti stated yesterday at Bangalore that he did not know who will act in his absence and that had to be decided by the President. However he said, the Chief Justice would not be the acting-Governor as the period of absence was more than three months.

Fate Of Southern Food Zone

Bangalore, Apr. 7

Chief Minister Jatti stated here yesterday that the Union Government would take a decision shortly on the future of the Southern Food Zone.

Madras and Andhra Governments pressed for the abolition of the Zone at the recent meeting of the National Development Council.

Sri Jatti said that if the present food zone continued, Mysore would have no difficulty in getting rice from Andhra. But if every State became a zone by itself, the Government of India should assure Mysore a steady supply of not less than 1.5 lakhs tons of rice per year.

State Trading In Foodgrains

MYSORE OPPOSES CENTRE'S PLAN

Bangalore, April 7

Chief Minister Jatti told pressmen yesterday that the State Government was not in favour of the interim arrangement with regard to State trading in foodgrains announced recently by the Union Food Ministry as it would not work effectively. He said that it would be difficult to check properly the activities of wholesalers who would be licenced under the interim arrangement for dealing in foodgrains.

The National Development Council which discussed the question did not take any decision, he added.

The Chief Minister revealed that the State Government had decided to set up service co-operatives in villages for undertaking distribution of seeds, fertiliser, short and long term loans and implements. The co-operatives, in return, would collect foodgrains from ryots and these sold through fair price depots. He said Government required three to four years to take up the entire responsibility of procurement of foodgrains. Still he did not want the merchants to act on behalf of the Government to deal with foodgrains.

Backward Class

Bangalore, Apr. 7

The Chief Ministers of States who met at Delhi on Saturday under the presidentship of the Union Home Minister Pant, had tentatively decided that the criteria of backwardness should be based on occupation and not on caste.

Disclosing this, Chief Minister Jatti stated yesterday that the State Government which had constituted a small committee for revision of backward classes list was considering its report.

HOW DALAI LAMA'S LIFE SAVED!

Thirty Khampa guerrillas, it is stated, saved the life of the Dalai Lama by a " sucide " act, which for three days let the Chinese think the God-King's escape route was to Nepal.

One of the 30 guerrillas acted as a decoy for the Dalai Lama and the party lured the Chinese off the trail while the real Lama headed east.

The Khampas deliberately leaked false news until, after three day's pursuit, Chinese troops caught up with them and, almost to a man, the sucide squad were wiped out in a terrible battle astride a 15,000 foot Himalayan pass.

Girl Captains Men's Football Team

A beautiful 17-year-old Indonesian girl has created a sensation by leading an all male football team on to the field against some of Indonesian's toughest teams.

She is Rita Zahara of Surabaja, who goalkeeps for her own Zahara football team.

Off the football field, Rita is a shy little girl who does not often go out. But on the field she is a fast-moving, hard-kicking footballer, who can pack enough punch with her 110 lbs.-to knock a man out and has done so. In East Java, a man who tried to wrest a ball from her came into collision with her shoulder and he had to be carried off the field on a stretcher.

Denial of Admission Tickets

STUDENTS' WRIT PETITIONS ADMITTED

Bangalore, Apr. 10

The Constitution Bench of Mysore High Court, consisting of Justice Mr. Somnath Iyer and Justice Mr. Mir Iqbal Hussain have admitted a writ petition of two students of Engineering College who had been denied of admission tickets to the examination. Their Lordships also made an order directing the authorities to admit the petitioners to the examination, pending disposal of the writ petitions.

The petitioners, H. K. Suryanarayana Sastry and M. S. Radhakrishna, students of the B. M. Sreenivasaiya Engineering College, Bangalore and the National Institute of Engineering, Mysore respectively, stated that in pursuance to orders of the Mysore High Court on Nov. 18, 1953, they were admitted to the I year B.E. Class in Dec. 58 and thereafter they had attended the classes regularly. But when they sent in their applications for the examination, they were informed that their admission tickets had been withheld for alleged deficiency in attendence. The petitioners claimed that their attendence ought to have been computed from their respective dates of admission and not from the date of commencement of the academic year.

★Union Food Minister Jain stated in the Lok Sabha that agriculture will be given high prioity in the Third Five-Year Plan.

UNHEALTHY CONDITIONS IN BEEDI FACTORIES

CITY COUNCIL'S CONCERN

Mysore, April 11

The adjourned meeting of the Municipal Council was held on Wednesday, with Sri B. N. Kenge Gowda, President in the chair.

The President informed Sri C. Srirama Chetty during question time that the expenditure incurred for the maintenance of the swimming pool was Rs. 3,150 in 57-58 and Rs. 3,239 in 58-59. The income derived was Rs. 1,402 in 57-58 and Rs. 2,758 in 58-59. A sum of Rs. 28,795 was spent for improving the swimming pool.

When a member suggested the closing down of the swimming pool in view of the low income, the President stated that it was meant for public use and no question of profit and loss would arise.

When several councillors complained that the water in pool was not kept clean, the President stated that arrangements were being made to supply filtered water to the pool.

Sri Mir Noor Hussain was informed by President that unauthorised sheds and bunks had been constructed in the C. P. C. Buildings compound in Gandhi Square and the question of removal of these was being considered by the authorities.

The chair replied in the negative to a question tabled by Sri Sanjiviah whether 2 houses had been given to two sweepers who were husband and wife in Budubudakeri.

Sri Kenge Gowda told Sri Aziz Sait that there were 64 Beedi factories and branches in Mandi and Lashkar Mohallas in the city and 41 prosecutions were launched for not obtaining licenses. Out of which 19 were compounded.

When a member complained that Beedi factories in the city were not located in healthy surroundings and no proper facilities were afforded to the workers the President assured him that proper action would be taken in the matter.

CONCERTED AGITATION FOR CHAMARAJANAGAR-SATYAMANGALAM RAILWAY

CHIEF MINISTER'S CALL TO PEOPLE

Mysore, Apr. 13

Chief Minister Jatti yesterday called for a concerted agitation from all sides for strengthening the State Government for urging the Union Government to include the construction of Chamarajanagar-Satyamangalam railway atleast in the Third Plan.

He was presiding over the 14th anniversary of the Tamilnad Cloth Merchants' Association, here yesterday.

Sri P. Gopalaswamy, President of the Association presented an address which among other things referred for the need of a direct bus service from Mysore to Coimbatore, construction of Chamarajanagar - Satyamangalam rail, abolition of octroi on handloom goods in the city and a free site for their Association.

Sri M. S. Angappan, Secretary presented the annual report.

Chief Minister Jatti replying, stated that as regards the need for a railway connection from Chamarajanagar to Satyamangalam, there were no two opinions and the State Government were trying their best from a long time on this question. He hoped that atleast in the Third Plan, this would be taken up.

As regards direct bus service from Mysore to Coimbatore, he said that this would be started very shortly.

Chief Minister wondered why Mysore City Municipality was levying octroi on handloom goods when there was no such levy in other places and hoped this would be removed soon.

As regards free site to their building, Chief Minister said that since the Trust Board was running on no-profit and no-loss basis, they could ask for a site at cost-price.

Finance Minister Mariyappa, Municipal President Kenge Gowda and Sri S. Channiah were present.

Pakvasa to Act as Mysore Governor

Sri Mangaldas M. Pakvasa is appointed to act as Governor of Mysore, in place of Sri Jayachamaraja Wadiyar, who is proceeding abroad on leave for three months.

Sri Pakvasa was the Governor of the Madhya Pradesh during 1947-52 and acting Governor of Bombay from Dec. 1954 to March 1955.

Civic Chief Honoured

Mysore, Apr. 13

To honour Sri B. N. Kenge Gowda, City Municipal President, the merchants of Santhepet had arranged a reception at Srirangapatna yesterday. Chief Minister Jatti presided.

Addresses of welcome were presented to Chief Guest, Chief Minister, Finance Minister Mariyappa and S. Channiah by Messrs. T. Vasupala Rao, B. K. Rajashekariah, T. Thimmappa and Nagappa respectively.

The address *inter alia* urged for the establishment of industries in the city, conversion of Mysore-Bangalore rail into broad gauge and the construction of an aerodrome so that the garden city of Mysore might not lose its reputation.

Sri S. Channiah replying stated that all efforts were being made to keep up the reputation of Mysore City and here he revealed that the Union Defence Minister Krishna Menon who was in the City recently had promised that Mandakalli Aerodrome would be improved.

Chief Minister Jatti asked the merchant community not to think always on profit but to help the society at large by giving away a portion of their earnings. He said that it was no use merely asking the Government for improvement of Mysore City but everyone should work for the prosperity of the City.

Sri Kenge Gowda thanked the merchants for their felicitations and assured them that he would strive his best for the improvement of the City.

Sri Vasupala Rao proposed vote of thanks.

N.E.S. Blocks For Mysore Taluk

CHIEF MINISTER INAUGURATES

Mysore, Apr. 13

Chief Minister Jatti inaugurated here yesterday the National Extension Service Blocks for Mysore Taluk, at a function held at the Townhall.

Deputy Commissioner, Sri N. Narasimha Rau welcoming the gathering stated that including these two new ones, there were 9NES blocks in 7 out of 11 taluks in the District.

Chief Minister Jatti stated that villages in India could be improved only through these Blocks. Here he pointed out that the NES scheme was not a mere Government department and without the villagers co-operating and realising that it was their own, the movement would not succeed. He asked the block development officers and grama sevaks to understand the villagers' problems and "give up officer-servant attitude".

Sri Jatti said that they had to spend Rs. 24 lakhs within five years on this scheme. Within the end of 1963, he said, the entire Mysore State would be covered by this scheme.

Messrs K. S. Suryanaryana Rao and M. Rajasekhara Murthy, MLAs also addressed the gathering.

Sri K. Puttaswamy, MLA presided.

Clean & Beautiful City

GOVERNOR'S COMPLIMENT TO CITY FATHERS

Mysore, Apr. 14

Governor Jayachamaraja Wadiyar laid the foundation stone of the Municipal Shop Buildings in the New Statue Square, here this morning.

Sri B. N. Kenge Gowda, Municipal President welcoming the Governor, stated that they had decided to put buildings in the Krishnarajendra Square at a cost of Rs. 7.25 lakhs. For this, he said, they had to acquire a portion from the Trust Board at a cost of Rs 2.12 lakhs.

The Governor complimented the City Municipality and its councillors for their keen interest in keeping the city clean and beautiful. The City of Mysore is known as Garden city and won international fame. As such it was heartening that the city fathers were continuing the old tradition of making the City more beautiful, he said.

Sri Jayachamaraja Wadiyar pointed out that the duty of the Municipality was to keep the city clean and provide amenities to the people and there was no more honourable work than this.

Finally, he acknowledged with thanks their greetings and well wishes on the eve of his departure to foreign countries.

BUDGET NOT PROGRESSIVE

CITY FATHERS' CRITICISM

Mysore, Apr. 14

The City Municipal Council resumed the discussion on budget estimates for 1959-60, at the adjourned meeting on Saturday.

Sri B.N. Kenge Gowda, President was in the chair.

Smt. Kamala Raman in a written speech suggested the means of increasing the revenue by constructing more shops and preventing sub-letting of shops. She also suggested co-operative farming in the Sewage Farm The member expressed her concern over the increase in debts and imposition of additional taxes. She also urged the need for the construction of a stadium in the city and boating facilities in Kukkarahalli tank.

Sri M. K. Lingiah urged for a provision of Rs. 10,000 for eardication of bug nuisance in the city. He wanted a Municipal Industrial Esaste to be set up for developing industries on a co-operative basis He welcomed the levying of additional taxes.

Sri Vedantha Hemmige said that it was not a progressive budget. He regretted that there was no provident fund scheme for workers. He opposed the running of Sewage Farm under contract system. He wanted that stringent action should be taken to collect arrears of taxes. He alleged that some Cinima houses in the city were selling tickets without the Entertainment stamps thus depriving revenue to the Government. He instanced his own experience in a Cinema House where only English pictures are screened, where he was given a ticket without duly stamped and said that this sort of cheating should be stopped. He wanted that Townhall to be given on concession rates for the registered ameature Dramatic Associations. He suggested that market rent should be doubled and house tax revised. He welcomed tax on bus stand but wanted that connession rates for supply of water to industrial concerns should be stopped. He regretted the administration was loose and financial position was not at all bright.

Sri Mir Noor Hussain charactcrised the budget as "status quo budget". He regretted that additional taxes had been suggested here when there were no further taxes in the State and Central budgets. He suggested a Debt Redemption Fund.

He stated that Epidemic Hospital was ill-kept and "no patient admitted returned alive." He opposed any imposition of additional taxes.

Sri T. V. Srinivasa Rao stated that Central and State Governments should allot more funds for Local-Self Government bodies. He wanted that cycle tax should be abolished as it was a poor man's vehicle. He also suggested the abolition of Vice-President's office as he had no powers and no work. He wanted that the Government should hand over the running of Dasara Exhibition to the Municipality.

Sri B. Narayanaswamy said that it was a moving and progressive budget. He pointed that as they were spending more on administration and maintenance, they had very little for affording amenities to the rate-payers. So either they had to get financial help from the Government or float loans. They need not fear about their debt position. He said that they need not go with a begging bowl to the Centre or State Governments but they had a right to ask for more financial assistance. If Government had only paid their dues of Rs. 12 lakhs, they need not have gone for asking for loans. He hoped that the Commissioner and his staff would take more interest in the work.

★ The Union Ministry of Education has decided to set up a small committee for working out a scheme for the introduction of moral or ethical education in schools and colleges.

Staged Theft To Make Husband Wise

The story of how a car-crazy husband was taught a lesson by his wife is reported from New Delhi.

On one early hours of morning, he woke up to find his 20-year-old wife gagged and her hands bruised and tied. He rushed to the police station and lodged a complaint of theft.

The police who investigated were baffled at finding no trace of intruders.

The police then interrogated the wife who unfolded her "theft" plan which, she said to execute to save herself from the persistent demand of her husband to bring Rs. 6,000 from her parents to enable him to buy a car.

She said that her husband, ever since their marriage, a year and a half ago, had been pressing her te get the money from her parents. After a few visits to her parents, she told her husband that she had brought the money. Her husband asked her to hand over the money to him so that he could by the car. She was, therefore, driven to stage a theft in her house so that she could save herself from the demands of her husband.

The husbad, sadder but wiser hung his head in shame and begged the police to be excused for causing the trouble.

FINANCE MINISTER MARIYAPPA'S PLEA TO PEOPLE

Mysore, Apr. 15

Sri T. Mariyappa, Finance Minister presiding the annual day of Mathru Mandali in V. V. Mohalla was celebrated on Monday.

Smt. Sunandamma, President welcoming the Minister detailed the activities of the Mandali and sought Government's help to make their Association more useful.

Smt. Devaki Singh, Secretary presented the annual report.

Minister Mariyappa at the outset complimented the Mandali for providing instructions in tailoring and fruit technology for women besides education for children.

Referring to the plea for Government's aid, he said, that it was not desirable to stand on Government's help alone and instead people should come forward in helping such educational institutions.

Sri Mariyappa also stressed the need for more nursery schools in the country.

The Finance Minister regretted that our people were not conscious of their duty. It was his experience during the last two years to see more people criticising and finding faults rather than minding their own work. Even in offices, nearly 25 per cent of officials spent their time in canteens rather than work in the office.

The programme included dance, folk song, music and drama.

Industrial Training Scheme

Bangalore, Apr. 15

The Government of Mysore proposed to increase the allotment for the industrial training scheme during the Second Plan period from Rs.67.75 to Rs. 90 lakhs.

Revealing this, Sri Marudeva Gowda, Labour Commissioner, stated that so far 1,732 persons had been trained under the scheme in 13 training institutes and centres in the State. It was proposed to reorganise the scheme, he said, so that 2,300 persons might be trained by the end of the Second Plan period.

Besides the scheme for training skilled workmen, there were other schemes such as the training of educated unemployed, apprenticeship training and evening class schemes.

The workers' education scheme will be started in Bangalore by about the middle of next month. This was one of the ten centres proposed by the Centre to be started in various parts of the country, he said.

Under this, workers would be trained in trade union philosophy and methods as also in the methods of management. 25 labour leaders from various industries in the State would be given a three-month course.

The Government, he said, have opened a vocational guidance and occupational information unit in the Employment Exchange Wing of the Labour Department at Bangalore.

Night-Shift In Sharavati Project Work

Shooting Down of Indian Plane By Pak

NO PARALLEL SAYS NEHRU

Prime Minister Nehru declared yesterday that the shooting down of an unarmed Indian Canberra jet plane by Pakistan fighters had no parallel in the world. "This kind of thing had not happened anywhere else in peace time except in the terrible cold war frontiers in Europe".

Addressing a public meeting in Madras, the Prime Minister said it was most unfortunate and very deplorable that this had happened. "Nevertheless, we have kept our temper. We have tried not to lose it because it is not the fault of the Pakistan people. But it shows how their officers and men have their fingers constantly on the triggers".

COULD NOT HAVE MADE ANY STATEMENT

The Defence Minister Krishna Menon told the Lok Sabha yesterday that they did not believe that either the pilot or the navigator of the Indian plane shot down in Pakistan could have been in a fit condition to make any statement as alleged by Pakistan.

He added that both the pilot and the navigator were at present in the Military Hospital, Delhi suffering from multiple injuries and severe shock. Until these two men were well enough to be interrogated, it would not be appropriate for him to make any further statement.

COUNCIL OBJECTS AND PROTESTS AGAINST TONE OF GOVT. OFFICIAL'S LETTER

Mysore, Apr. 16

The adjourned meeting of the City Municipal Council was held last evening with Sri Kenge Gowda, President, in the chair.

The Council took strong objection to the tone in which the Under Secretary to Govt. Commerce and Industries Department had addressed a letter stating that the Government of India had not been able to consider any of the proposals for new railway lines and "no useful purpose would be served addressing the Govt. of India again in the matter regarding conversion of Bangalore-Mysore line into broad gauge."

Messrs. B. Narayanaswamy, M. K. Lingiah, Mir Noor Hussain, Somasundara Sharma, Vedantha Hemmige and others protested against the way in which the letter had been addressed which showed "the mentality of officials."

It was resolved that this should be brought to the notice of the Government requesting them not to allow such things to happen.

The President informed Sri Somasundara Sharma that there were 16 lorries and 3 tractors in Municipality and 1,888 gallons of petrol had been consumed per month for these vehicles.

The same member was told that there was a miniature workshop in the Municipality and bullock carts and vehicles numbering 599 were sent for repairs during 1957-58 and Rs. 29,055 was spent during the year.

Sri J.M. Coutinho was informed that the underground work for Narasimharaja Mohalla would be taken up after sanction was obtained to the estimates in 1959-60.

The Council recorded the Government's approval for the construction of modern sanitary conveniences in the City at a cost of Rs. 7,750.

The Government have also approved the construction of 14 model houses out of the loan of Rs. 50,000 sanctioned by the Housing Board.

The Council decided to request the Excise Authorities to shift the Arrack and Tody shops behind N.R.B. Choultry to Jodithenginamara area.

Sri T. V. Srinivasa Rao's resolution for setting up a Printing Press for the Municipality was referred to the Managing Committee.

The resolution of Smt. Kamalaraman for exempting octroi on the samples of medicines received by the members of the Medical profession was also referred to the Managing Committee.

MERCHANTS FINED

In the Parliament :

Rly. Stations Electrification

The Lok Sabha was told by the Deputy Railway Minister, Sri S. V. Ramaswamy that during the Second Plan, 980 stations would be electrified. Of these 600 had already been electrified. It was proposed to electrify 175 stations during the current year and 205 next year.

The Deputy Minister of Civil Aviation Mohiuddin stated that the Indian Airlines Corporation had been ordered to remove from its branch offices of any mercantile map of the world which showed Jammu and Kashmir in a colour different from that used for India.

The Deputy Minister of Planning, Sri Mishra stated that it was wrong to presume that co-operative farming would lead to less employment opportunities and surplus labour.

The Minister of Industry, Sri Manubhai Shah said that India was discussing with the Soviet Union an agreement for producing Rs 30 to Rs. 40 crores worth of basis drugs in the country.

COMMISSION FOR POST-GRADUATE COURSE

The All-India Council for Technical Education has decided to set up a commission to evaluate the progress of post-graduate courses at different centres in the country.

The Council also approved schemes for establishment of 12 new polytechnics and the appointment of an expert committee to prepare a scheme for the establishment of a foundry and forging institution in the country.

Madras Schools Improvement Scheme

Prime Minister Nehru yesterdry highly commended the Madras State Schools Improvement Scheme as 'revolutionary and of great social significance in the matter of getting the co-operation of the people and in fighting the caste evil.'

Under this scheme, the needs of all the schools in the area are assessed and people of the area persuaded, mostly by the teachers of the schools, to contribute towards provision of these needs.

Sri Nehru said that the scheme was dynamic, contributing as it did to self-help and self-growth. The mid-day meals provided to children helped to eradicate the caste evil among the children and develop in them a spirit of true co-operation. He revealed that he had written to other States asking them to emulate the fine example set by the Madras State.

MONASTERIES UNDER MILITARY CONTROL

Joint Farming Only Way To Help Ryots

SAYS NEHRU

Prime Minister Nehru yesterday asked the critics of the Nagpur Congress resolution on service co-operatives and joint farming that they should at least give "understandable and reasonably good alternative to improve the condition of the peasants in the country".

Addressing a public meeting in Madras, the Prime Minister said co-operative farming would help the peasent to eradicate the evil of middleman. "Today the peasant is either under the heels of the money-lender or does not reap a good harvest or a good price. If the other agricultural countries of the world that do not possess modern machines could produce several times more, why cannot Indian peasant do this", he asked.

He said 80 per cent of our people were in perpetual poverty. These people should be taken out of their present conditions and should be helped to produce more and better their standard. The introduction of better farming and joint farming "looks the only way."

He declared that "nowhere today farming is carried on in any agricultural country with success without service co-operatives".

Phenomenon Of Mirage

Bangalore, Apr. 16

Dr. C.V Raman, the Nobel Prize winner, yesterday told the Indian Academy of Sciences about his success on the phenomenon of the mirage.

He said the mirage "arises from the splitting up of the waves of light at the heated layers of air into two branches and hence to a duplication of the images of distinct objects, one of which is a refraction and the other is a reflected image".

He said that the old explanation of optical illusion was untenable since according to the laws of refraction, the rays of light would penetrate the stratum of hot air upto a certain depth and would then proceed to travel forward horizontally parallel to that layer. In these circumstances, there would be an intense concentration of light at the limiting depth but no reflection by the stratum of hot air.

How The God-King Escaped

The Dalai Lama left his palace at midnight on March 17 after he failed in his bid to avoid bloodshed between the Chinese and his people.

Giving an account of his escape from Lhasa, the Tibetian sources at Tezpur stated that under the dim-light of the crescent moon, the God-King and party trecked all the way to Brahamaputra. To avoid the detection they had left Lhasa one by one and gathered together miles away from the capital.

When the Chinese discovered the escape it was too late. But still it was a breathless trek with a constant fear of being caught up by the Chinese.

Attendants and guards carried the Dalai Lama's 60-year old mother and the 14 year-youngest brother.

The runners in Khamba area posted the party with information on the position of the Chinese army and advised the party to take carvan route of Bhutiya towards southeast. The Brahamaputra was crossed in tru koas-boats made of Yak hides. The party had to jettison some of the load it was carrying, including some gold bars, in the Brahma putra to make the journey lighter.

The Dalai Lama is arriving Tezpur today from where he takes the train to Mussoorie.

Farmers' Convention In Mysore

Mysore, Apr. 20

The fifth National Convention of Farmers will meet here from May 1 to 5. Nearly 6000 delegates from all parts of the country are expected to attend the convention.

Sri L.T.Karle, Vice-President of the Farmers' Forum of India and Vice-Chairman of the Reception Committee told pressmen on Saturday that Prime Minister Nehru had expressed his inability to inaugurate the Convention. Now they had approached President Rajendra Prasad, Congress President Indira Gandhi and the Union Labour Minister Nanda to inaugurate the Convention.

He said the Convention will discuss among other subjects on crop and commodity problems and organisation and development of agriculture, animal husbandry, co-operation and marketing. The Convention might also take up the question of co-operative farming.

Sri Karle said that the inauguration and concluding sessions will be held at the Crawford Hall and the business meetings at the Exhibition Buildings.

Elaborate arrangements are being made to house the 6,000 delegates in various places in the city. Women delegates will be housed at the Maharani's College and hostel.

Explaining the objects of the Farmers' Forum, Sri Karle stated that it was a non-political organisation started mainly to better the condition of the farmers. He disclosed that many of the resolutions adopted by the Convention during the last six years had been implemented by the Centre and States Governments. He also revealed that the Forum was considering the question of opening a Farmers' Bank with a view to supply machinery and equipment to the farmers at a cheap rate.

As an adjunct to the National Convention, a Convention of the All India Young Farmers' Association will also be held from Apr. 28 to May 3.

CHINA INTERFERED IN TIBETAN AUTONOMY

SAYS DALAI LAMA

The Dalai Lama who is now on his way to Mussoorie has stated that he left Lhasa of his own free will and not under duress.

When the special train carrying the Dalai Lama and party arrived at Siliguri station yesterday, more than 5,000 people gave a rousing reception to him. The Dalai Lama's elder brother's family residing at Darjeeling greeted him.

In a statement issued at Tezpur, the Dalai Lama accused the Chinese of intefering in Tibetan affairs despite the agreement of 1951 specifying that Tibet would enjoy full autonomy. He said that although the agreement assured autonomy to Tibet, in fact after the occupation of Tibet by the Chinese armies, the Tibetan Government did not enjoy any measure of autonomy even in internal matters and the Chinese Government exercised full powers in Tibetan affairs.

He said the decision to escape from Lhasa was taken when on March 17 two or three mortar shells were fired by the Chinese towards his summer palace.

CHINA'S ASSURANCE

China would fully respect the religious beliefs and customs and habits of the Tibetan people and the fine aspects of the Tibetan culture would be upheld and developed. This assurance had been given by the Chinese Premier Chou En-lai, yesterday at the National People's Congress at Peking.

In his report to the Congress the Chinese Premier said that the social reforms in Tibet would be carried out step by step without interfering in the religious freedom of the country and " with, full regard for the specific conditions in Tibet." However he accused the reactionary cliques with the support of Chiang Kaishek and other imperialistsand foreign reactionaries for causing trouble in Tibet.

Readers' Forum :

NANJANGUD TEMPLE

Sir,

The age-old Sri Srikanteshwara Temple in Nanjangud, described as " Bhoo Kailasa " attracts thousands of devotees all round the year. Costly jewels and other articles are being donated by the worshippers.

Inspite of the greatness of the temple, the condition in which it is maintained and kept at present does not reflect to the good name of the State. The temple is kept in a very bad condition and there are many instances where either costly jewels had been replaced with imitation ones or missing. Although the public of Nanjangud have brought this to the notice of the officers concerned, nothing has been done to improve the condition. In the interest of the fair name and holiness of the temple, it is high time the Government cause investigation in the matter and punish the guilty ones and improve the condition of the temple.

A DEVOTEE

SCHOOLS & CO-OPS. FOR EVERY VILLAGE

Prime Minister Nehru addressing the Congress workers at Yeotmal near Sevagram indicated three objectives as a solution for the country's problems in achieving all-round prosperity.

He said they were service co-operatives for agriculture, the development of the co-operative movement in other spheres including the handicrafts, ultimately leading to the elimination of middlemen and the establishment of schools in every village.

LEVY CESS TO PROVIDE PRIMARY EDUCATION

DESHMUKH'S SUGGESTION TO STATES

Bangalore, Apr. 21

Dr. C. D. Deshmukh, Chairman of the University Grants Commission stressed here the necessity of State Governments to levy a cess for providing free compulsory and universal primary education to children.

He said at the rate of Rs. 35 per year per child, to educate about five crores of children, between the age group of six and eleven, they needed about Rs. 175 crores for the entire country. If the various Governments were now spending about Rs. 90 crores, they had to double it to meet the commitment.

Sri Deshmukh said that it was no use State Governments looking to the Centre for financial help. The States had to raise their resources to fulfil the constitutional obligation of providing free compulsory and universal primary education to children by the end of the Third Plan. In his opinion either the State Governments would be wise and impose cess on all the villages or the local population would have to raise the resources necessary. The rational basis would be for the Government to levy a cess on all.

Lhasa, A Sealed Town

Lhasa, the capital of Tibet, it is learnt, is today a sealed town.

Nearly 60,000 Chinese troops were guarding 50,000 Tibetans in Lhasa. A complete census of the population of the area had been taken so as to enable the authorities to spot out men in the event of any trouble.

Chinese families in large number had been resettled on the most fertile lands. In the process of resettling Chinese in Tibet, the Peking authorities had ruthlessly quelled uprising and many Tibetans had been sent to concentrated camps.

PAK SHOOTING DOWN OF INDIAN PLANE

CALCULATED & WANTON ACT, SAYS KRISHNA MENON

The shooting down of the Indian Air Force Canberra jet plane in Pakistan was a "calculated and wanton act", said the Defence Minister Krishna Menon yesterday in the Lok Sabha.

He said that severely injured pilot and the navigator had categorically stated that no warning of any kind was given to the aircraft and that they flew over Pakistan as a result of navigational error.

Despite that both of them were badly injured, they were subjected to interrogation, harassment and threats by the Pakistan authorities and was asked to sign a statement which was not read by them, he added.

The Defence Minister said that Pakistan authorities assured the pilot and navigator that the statement was a mere formality which they had to comply with before returning to India.

At the height of 50,000 ft., the Canberra could not have been chased by a Sabre jet but could only have been shot at by the fighters lying in wait for her quite deliberately. Even at 45,000 ft. as stated by Pakistan, this is the only way it could have happened.

Sri Menon said "her conduct, therefore, considered from any point of view is in disregard of the canons, the principles and practices of international behaviour as well as the character of the United Nations. It is also in total disregard of the principle of reciprocity in relation to India."

DISPUTE OVER KOYNA PROJECT

The High-Power Team of the Committee on Plan Project has deplored the stalemate continuing between Bombay-Mysore over the Koyna project regarding the distribution of costs and water for irrigation.

The team has pointed out that delay in the two States' solving their differences might hold up the progress of the Koyna project, which has just received £ 25,000,000 from the World Bank. The additional cost of Rs. 22,000,000, a moderate amount, could easily be shared by the two States.

DALAI LAMA'S LETTER TO CHINESE COMMANDER

Prime Minister Nehru disclosed yesterday at Mussoorie that the Dalai lama had acknowledged having written to the Chinese Military Commander of Tibet with a view to avoid a break with China.

Soon after meeting the Dalai Lama, the Prime Minister said the Dalai Lama acknowledged having written them for two reasons. 'He was passing through a highly troubled time and was trying to avoid a break with the Chinese and hoping that something might come up, some settlement might come. The situation was worsening, so he was highly distracted and there were pulls in different directions. He decided to leave Lhasa just six hours before he actually made his dramatic escape from the Tibetan capital."

Sri Nehru added that they discussed the possibility of creating an atmosphere which might help to pave a solution.

PANCHEN LAMA'S STATEMENT DEPLORED

Prime Minister Nehru deplored the statement of Panchen Lama issued from Peking and said "It does not do justice to India, or China, or Tibet or to the Panchen Lama himself."

He said he would welcome the Panchen Lama to come to India and meet the Dalai Lama. He or anyone else-the Chinese Emissary-could see the Dalai Lama.

FAIR PRICES TO CONSUMER

In a poor country, like India, 60 to 70 per cent of the income of the lower wage group is consumed by the provision of food to the family. If food prices go up, all other prices go up. We cannot, therefore, allow the middlemen to play with food prices and thereby jeopardise our plan. It is in this context that the decision to undertake State Trading in foodgrains was undertaken.

This observation was made by the Union Food Minister Ajit Prasad Jain yesterday when he inaugurated the conference of South and South East Asian countries on agricultural marketing organised by the FAG at New Delhi.

The object of the State Trading, he said was to maintain price levels which were fair to the producer and to the consumer and to reduce to the minimum the spread between prices received by the farmer and those paid by the consumer throughout the season.

CHINA'S TIRADE AGAINST INDIA

COLD WAR LANGUAGE, SAYS NEHRU

Prime Minister Nehru declared in the Lok Sabha yesterday that the Dalai Lama was entirely responsible for his Tezpur statement as well as the subsequent brief statement made from Mussoorie. He added " our officers had nothing to do with the drafting or preparation of that statement."

The Dalai Lama, he said, had entered India " on his own volition and at no time it was suggested that he should come to India." No restrictions had been imposed on him and he and his party could move about Mussoorie according to their wishes.

The Prime Minister reiterated that India had no desire to interfere in Tibet and had every desire to maintain friendly relations with China. "At the same time, we have every sympathy with the people of Tibet and are greatly distressed at their plight". He added "we hope still that the authorities in China, in their wisdom, will not use their great strength against Tibet and will win them by friendly co-operation in accordance with the assurances themselves given about the autonomy of the Tibetan region".

Sri Nehru said he was very greatly distressed at the tone of comments and charges made against India by responsible people in China. 'They have used the language of the cold war regardless of truth and propriety.'

It was a matter of deep regret to India that charges had been made " that are entirely unbecoming. We have conveyed our deep feelings of regret to the Chinese Government more especially at the speeches delivered at the current session of the National People's Congress in Peking."

C.D. MOVEMENT-VOYAGE OF EXPLORATION

Prime Minister Nehru has described the community development movement as "a voyage of exploration on territory which has broad features".

He said "of all our various activities in India, probably the most important activity and potentially the one which will bring the greatest results is the community developement movement, because here you are working with the basic material in the country, that is, human beings, getting them out of various ruts in which they have been and developing certain mental and bodily attitudes, a certain dynamism, in addition to particular crafts and training that you might give them, whether in agriculture or in other matters."

IMPORTANCE OF BASIC EDUCATION

Inaugurating the 13th session of the All-India Basic Education conference at Rajpura in Punjab, Governor Gadgil stressed the need to re-assess and re-define the results of the system so as to adjust to social needs of our society.

He said the basic education system would ultimately prove economical, if education was linked with production as had been the case in People's China.

Sri Aryanayakam, President of the Hindustani Talim Sangha in his presidental address said "if the country is to have an education for the people, of the people and by the people in the real sense of the term, the Basic Education will have to be given its place irrespective of what vested interests felt about it".

MAKE CO-OP. FARMING SUCCESS

CALL TO YOUNG FARMERS

Mysore, Apr. 29

Mysore Agriculture Minister K.F. Patil called upon Young Farmer's Association to take more interest in Co-operative Farming and try to bring about an atmosphere for healthy growth of agriculture in the country. The present generation of youth had this rare opportunity of laying foundations of better rural economy based on sound co-operative principle, he added.

The Minister was presiding over a Seminar on " Programme of Young Farmers' Association " held here yesterday at the Exhibition Buildings.

Sri Patil said the ideal of co-operation " is the golden mean between the two extremes of free capitalism and regimented communism. This is the best suited ideal not only for our country but will be a talisman for most of the evils of other countries."

The Minister stated that youths of India and especially the young farmers were in the thick of the battle of reconstruction of our underdeveloped part of the country-the rural areas. It is a happy augury he said, to see that there were sufficient evidence to show that they were organising and training themselves to win this battle.

Sri Patil wanted that organisation should help each of its members to grow a better farmer and a better citizen. " Keeping young boys and girls in the Farm and yet teach the most important methods of agriculture through them to the whole class of farmers is the most important work that the organisation should plan" he added.

Referring to food shortage in the country, the Minister asked the Young Farmers to accept the challenge and meet it in a fitting manner.

Dr. Punjabarao Deshmukh, Union Minister for Agriculture inaugurating the Seminar paid tributes to the Young Farmers' Association of the State and said "it is the most active of our branches and has done much constructive practical work which is an inspiration to all other YFAs throughout the country".

He said the Association was started three years ago with the main objective of building up a healthy, effective rural youth movement in the country. The time was ripe now to evolve a national policy for the Association and a coordinated action programme for the farmers' clubs. Since it is proposed that the rural youth activities would be sponsored by village panchayats the Association should make every effort to coordinate its activities with them and develop an organic relation with the panchayats.

Dr. Deshmukh said the Association had recently started an Associated Research Project on Rural Youth Movement in cooperation with UNESCO. Research was being conducted on the various types of rural movements existing in the country.

The Association, he observed attached great importance to the proper education and training of workers in the principles of the rural youth movement. Here he thanked Dr. Linton for bringing AKOLA from Ceylon to Mysore.

Earlier N. Chikke Gowda, Secretary of the Mysore YFA welcomed the gathering.

Sri N. Basu, Secretary of YFA, India, proposed vote of thanks.

Neglect Of Parks And Avenues

COUNCIL'S CONCERN

Mysore, Apr. 30

The adjourned meeting of the City Municipal Council was held last evening, Sri Kenge Gowda, President in the chair.

The Council adopted a resolution moved by Sri Sreerama Chetty for taking immediate steps to reorganise the departments of parks and avenues.

The mover complained that the fair name of " Garden City " was being spoiled as many parks and avenues were in a neglected condition. Messrs. H.N. Muddiah, Somasundara Sharma and Chickkathammiah also supported the motion.

The resolution of Sri S. Somasundara Sharma that the allowance given to the Vice-President should be stopped since he was using the Municipal vehicles and not his own was defeated.

The resolution moved by Sri Vedantha Hemmige for 50 per cent reduction in cycle tax from this year and renewal of half-yearly license was deferred. As a protest against this, the mover walked out.

INCENTIVE TO HARIJAN CHILDREN

Bangalore, Apr. 30

In order to give incentive to the Scheduled Castes and Tribes to send their children to schools and also to supplement their income, the State Department of Social Welfare would launch two schemes in all parts of the State on the Education Week commencing from May 22.

At present one lakh Scheduled Castes and Tribes children were attending schools The object of the drive was to double the number of school-going children during the current year. This would cost Rs. 3 lakhs.

The scheme provides free distribution of slates, pencils and text-books besides clothes. 46 hostels for middle and high school students would be started besides two more hostels one each in Mysore and Bangalore for students of technical courses.

As regards economic drive, the department would help them in growing fruits, raising kitchen gardens, planting trees and poultry farms.

S. P. JAIN'S FINE

The Union Finance Minister Morarji Desai stated in the Lok Sabha that Sri S.P. Jain should deposit the fine of Rs. 55 lakhs imposed by the Director of Enforcement for contravening the provisions of the Foreign Exchange Regulations before he could prefer an appeal.

Asked whether there was any proposal to remove him from the Chairmanship of the Punjab National Bank as he had been found guilty, the Finance Minister said that Government could not give any such directive and it was for the Reserve Bank to consider the matter.

Sharing Of Tungabhadra Waters

Bangalore, Apr. 30

Public Works Minister Channabasappa stated in the Legislative Assembly yesterday that the question of discussing afresh the sharing of water and power in regard to the common portions of the Tungabhadra Project would not arise as it had already been settled.

He said that, as the position stood, there was no dispute in regard to the Left-Bank Canal. The question of allocating the surplus water from the Tungabhadra River after providing for irrigation was discussed at the last session of the inter-State conference. The Government of Mysore had expressed their view that the question of the sharing of Tungabhadra project would not arise and that it was the exclusive right of Mysore to use the water from the Left-Bank Canal.

SUGAR FOR SALE

The Union Government have released a further quantity of 1,40,000 tons of sugar for sale by factories.

GOLD PRODUCTION OF K.G.F. MINES

CENTRAL GOVT. TO ACQUIRE

The Union Finance Minister Morarji Desai announced in the Lok Sabha yesterday that the Government of India had decided to acquire the entire production of the Mysore Gold Mines.

He said that Government had taken this decision in order to acquire gold and strengthen the country's reserves.

As the production cost of the Mysore Gold Mines was higher, the Government was thinking of giving some subsidy as they could not buy gold at a higher price than the international price.

When Sri H.C. Dasappa asked whether there was any rule prohibiting any Government in India from selling gold in the open market, the Minister replied that he wanted notice.

Further asked whether pending the examination, the Mysore Government would be allowed to sell its gold in the open market, the Finance Minister said " we have no quarrel with Mysore Government and the State Government has no quarrel with us."

When the Speaker asked when there was no quarrel between them how does the question put by the member arise, Sri Dasappa was heard to remark that it was well-known that State Governments were not able to withstand the pressure from the Centre.

The Speaker took objection to this remark and said he would not allow such insinuations to be made.

EDUCATION NOT TO BE IN GOVT. HANDS

Acharya Vinoba Bhave has opined that no system of education should be in the hands of Government.

Speaking at the All-India Basic Conference in Rajpura, he said Government influence in education would tantamount to regimentaion of the thought and mind of the people. He also opposed the nationalisation of text books by Government and said that syllabi and technique of education should be saved from Government influence.

RETAIN ENGLISH AS OFFICIAL LANGUAGE

Sri C. Rajagopalachari and 18 other prominent personages of the country have sent an appeal to the Lok Sabha praying for continuance of English as the official language of the Union and abandon all measures to replace it by Hindi.

The petition was presented yesterday to Lok Sabha by Dr. P. Subbarayan, Congress member from Madras and member of the Official Language Commission.

The petitioners have said that the repurcussions of a change-over of the official language from English to Hindi would be 'a crisis of the first order.' It would definitely hinder the emotional integration among the people of India. The opposition to the move was a people's opposition in every sense of the word.

TRANSFER OF MYSORE BANK OWNERSHIP

DEVELOPMENT OF MYSORE CITY

CHIEF ENGINEER SUGGESTS MASTER PLAN

Mysore, May 1.

Sri M.H. Manchigayya, Chief Engineer (Irrigation and Public Health) met yesterday the President and members of the City Municipal Council and discussed with them the water supply and drainge system.

To improve the water supply position in the city, the Chief Engineer suggested for a three-year plan at a cost of Rs.50 lakhs so that adequate water supply could be provided withen three years. He asked the Muncipality to provide Rs. 18 to 19 lakhs every year for this plan commencing from this year alone.

As regards drainage, he said it required Rs. 18 lakhs (out of which Rs. 6 lakhs had already spent) for improving the drinage system in the city. He regretted that the Municipality had not maintained a plan of the drinage system.

The Chief Engineer also suggested for a Master Plan for the all-round improvement of the City. If a proper plan was prepared, he was sure the Centre would come to their aid.

USE LESS PAPER DRIVE

A cut of 15 per cent on the consumption of paper and paper-made articles of stationery has been imposed on all the Ministries of the Union Government as a measure of economy.

RISE IN FOODGRAINS PRICES

Bangalore. May 1

Agriculture Minister K. F. Patil stated in the State Assembly yesterday that the prices of essential foodgrains had remained 'almost steady at a high level' but for slight and seasonal fluctuations. The various measures taken by the Government had arrested a further upward trend, he added.

The Minister said that the prices of foodgrains, especially rice which spurted to abnormal levels in about the middle of the year 1956, continued to remain at the high level in spite of several measures sponsored by the Government of India.

Sri Patil said that the estimated requirements of foodgrains was 12.6 lakh tons of rice and 14.7 lakh tons of millets and the State was self-sufficient in respect of millets and was deficit in rice to the extent of 2 lakh tons. He said that the Government held a stock of about 60,000 pallas of rice and that action was being taken to arrange for the distribution wherever found necessary.

NO REOPENING OF SCHOOLS

The Central Travancore Diocesan Council of the Church of South India has decided not to reopen its schools next academic year unless the Kerala Government withdrew the new Education Act.

SOARING FOOD PRICES

City Council's Great Concern

Mysore, May 1

The monthly meeting of the City Municipal Council was held here last evening. Sri B. N. Kenge Gowda, President was in the chair.

Sri B.G. Das, at the outset expressed people's great concern over the soaring prices of foodgrains in the city and said if the present Government was uaable to control the prices, they should resign forthwith.

Sri M. N. Thimmiah said that the Council should strongly protest to the Government about this soaring prices.

Messrs Vedantha Hemmige, Somasundara Sharma, Mir Noor Hussain also supported and urged for opening of more fair-price depots.

Sri Thimmiah complained that the Administration Report had not been furnished from the last three years.

Smt. Soundaramma wanted that double-riding on cycles should be stopped in the city.

Sri T. V. Srinivasa Rao said that the revenue derived from the Professional Tax should be utilised for establishing industries with a view to provide jobs for the unemployed in the city.

Sri Sreerama Chetty urged that the Karnataka Postal Circle should be located in Mysore city. He also urged for a Mental Hospital for the city.

Sri Chowdiah pleaded for the early completion of the underground drainage. He complained that there was increase in cow-slaughter and immediate action should be taken to stop this.

Sri Mir Noor Hussain stated that more telephones should be provided to the City. He also wanted that speed limit should be imposed on buses and lorries.

Sri Somasundara Sharma said that the present Bus Stand should not be shifted to a distant place.

Sri Chikka Thammiah urged for free service to the poor in the various hospitals in the City.

Sri M. K. Lingiah urged for early construction of the Stadium in the City.

LIST OF BACKWARD COMMUNITIES

Bangalore, May. 1

Social Welfare Minister Rachiah said in the Legislative Council that the consolidated list of Backward Communities covering the entire new State had received the tentative approval of the Government and it would be published shortly.

The list is stated to contain as many as 165 communities.

The Minister said that the Government had decided to give greater educational facilities to the children belonging to backward communities and they had also decided to strictly adhere to communal ratio in respect of appointments and promotions in service.

Craftsmen Training Scheme

Bangalore, May 1

Labour Minister Subramanya addressing the first meeting of the State Council for Technical and Vocational Trades here stated that the Craftsmen Training Scheme would be enlarged so as to increse physical target from 704 seats to 1,716 by the end of the Second Plan at a cost of Rs. 67.75 lakhs.

At present he said there were 13 institutions giving training under the scheme for 1748 students. There was a proposal to increase the total number to 2,182 and to combine a few of the centres with a view to having more efficient units. So there would be full-fledged institutions at Bangalore, Mysore, Mercara, Mangalore, Hubli, Bhadravathi, Gulberga, Bellary and Davangere.

SCHEME FOR UNEMPLOYED

The Minister revealed that to help the educated unemployed a scheme would be introduced in Mysore, Mangalore and Hubli with capacity of training 100 men. The scheme of training of educated unemployed aimed at giving the necessary technical training to young men who had spent atleast about two years in the University and then had discontinued their studies The scheme would cost Rs. 14 lakhs.

APPRENTICESHIP TRAINING

The Government, he said, had introduced Apprenticeship Training Scheme for young men of the age group of 15 to 18 in the factories so as to enable them to become highly skilled workmen. Responsibility Of Farmers

Mysore, May 2

Chief Minister Jatti declared open the Agricultural Exhibition organised as an adjunct to the Fifth National Convention of Farmers, here this morning at the Exhibition Buildings.

Sti Jatti said that they were meeting at a time when living on land is becoming more exciting and more challenging. Though more than 3/4 of the population is working on land, we are not still in a position to feed ourselves. It is estimated that two out of three children in the world go to bed hungry. So here is a challenge to our farmers on whom the responsibiliiy of feeding and clothing our people rests. In his opinion farming is not going to remain a place for the weak, ignorant or the indifferent as it is today. The good farmer has to be not only a jack of all trades but also master of all.

The Chief Minister hoped that this exhibition organised at a time when thousands of farmers had gathered could help in increasing the agricultural production.

MAKE VILLAGE CO-OPS. SUCCESSFUL

UNION FOOD MINISTER'S APPEAL TO FARMERS

Mysore, May 2

The Union Food Minister, Sri Ajit Prasad Jain inaugurating the All India Farmers' Council, here this morning, at the Exhibition Buildings, stressed the need for giving priority to Agriculture in the Third Plan

Sri Jain detailed the various measures undertaken to increase the agricultural production and said that there was nearly 5 per cent increase every year. Particularly in cash crops, there was a spectacular rise.

The Union Food Minister then referred to the Nagpur resolution on Land Reforms and said it emphasised three things for every village namely, panchayat, co-operatives and school. Under this, panchayats would have more powers and resources so that they could discharge their duties for the improvement of villages. Great importance had been attached to the village co-operatives and he hoped that the farmers would co-operate fully and make them successful as they were meant for their benefit.

Sri Jain regretted that he was not able to help the farmers to the full extent because he had to convince other departments and Ministries before he could do anything.

Earlier, Dr. Punjabrao Deshmukh, the Union Agriculture Minister welcomed the gathering.

PEOPLE BECOMING SELFISH AND UNSCRUPULOUS

UNION MINISTER ASKS YOUNG FARMERS TO STOP THIS TREND

Mysore, May 2

Presiding over the fourth National Convention of Young Farmers' Association here yesterday, the Union Agriculture Minister. Dr. Punjabrao Deshmukh stated that the present mentality that prevailed in India ought to make all thinking people sit up. The whole situation was appaling and highly distressing. The first bad result that independence had produced was that our individual ambitions had ceased to have any limits. To attain these giddy heights totally beyond our capacity and merit we were prepared to do almost anything. Tragically enough even higher education had merely helped to kindle these ambitions rather than cultivate some restraint, some sobriety and some self-control. We were becoming more and more selfish, self-centred and unscrupulous.

He regretted that there was appaling apathy for all moral values. What is worse was that most people think it was their legitimate right to vie with each other in suppressing the moral values for some seeming advantages or individual gain or advantage to a group, caste or sub-caste.

Fortunately, the Minister added, rural areas still continued to be not much contaminated by this intense selfish urge and the unscrupulousness of behaviour. So he appealed to the members of the Young Farmers' Association to have the highest regard for truth. "Let the character and truthfulness of a member of the Association is unquestionable". No one could claim to be a true son of India, if he was not prepared to stand up to truth and act honestly, he said.

It is very unfortunate, he said that even University degrees, Graduates and post-graduate and even doctorate had lost all relevances so far as individual charcter was concerned. Even educated men so often fail to understand and appreciate their responsibility to the society which was at low level, economically, socially and in every way.

So it was of utmost importance he said, for building up this Young Farmers' Association on a moral basis and inculcate in the minds of younger people a sense of right behaviour.

Sri M.M. Choudry, Agricnlture Minister, Assam inaugurating the Convention said that although 80 per cent of the people of India depended on agriculture, it was awfully nelgected. He regretted that no proper place had been given for agriculture in the First and the Second Plan.

The biggest problem in the country, he said, was problem of land and its tenure. " Now we are thinking of land reforms. Today we are passing in a confused state. Instead of helping the increase in production, it is retrograding.", he added.

Sri Choudry pleaded for better credit facilities, marketing and scientific cultivation for increasing food production in the country. He also stressed the need for agriculturists to unite. He was glad that this Young Farmers' Association had been started to improve the condition of farmers in the country.

Earlier, Sri K. F. Patil and Chikke Gowda, President and Secretary respectively of YFA Mysore welcomed the delegates.

The Convention unanimously re-elected Dr. Punjabrao Deshmukh as President for the next three years.

Food Institute's Work Praised

Mysore, May 4

The Union Food Minister Ajit Prasad Jain paid tributes to the "excellent" work done at the Central Food Technological Institute, here.

The Minister who visited the Institute on Saturday said the Institute had grown tremendously. What was being done here was of vital importance to his Ministry.

Referriug to the method of parboiling of paddy developed at the Institute, Sri Jain said over five per cent of rice which was lost during milling was conserved. He wanted that all rice millers in the country should be compelled to par boiling paddy according to the method developed by the Institute.

As regards Mysore Flour evolved by the Institute, the Minister said its popularisation would save consumption of wheat and reduce imports of this commodity. He also commended the method of impregnating jute bags for storing rice which would eliminate the present loss in grains.

The Union Minister disclosed that the his Ministry had appointed an advisory panel to advise on the utilisation of right kinds of food which would in the long run, maintain the health of the people.

Earlier, Dr. Subramanyam, Director welcomed the Minister.

PLEA FOR GOOD RETURNS FOR FARMERS

GOVERNOR INAUGURATES FARMERS' CONVENTION

Mysore, May 4

Inaugurating the National Convention of Farmers here on Saturday, Sri Mangaldas Pakvasa, acting Governor of Mysore, pleaded for agriculturists being assured of very good returns for their labour to ensure farming profitable.

Calling the farmer as the Father of the Nation, the Governor said that the farmer should no longer be allowed to be exploited by the village Sowcars. These Sowcars should be eliminated by the Government by coming to the aid of the farmers. He suggested the development of co-operative marketing to ensure adequate prices for the produce of the agriculturists making available funds from the Reserve Bank. The farmer should be given a very fair price for the produce and there would be no meaning if he was asked to take only this much or that much for his hard labour. He hoped during the next five years all his requirements would be met.

Earlier, Sri K.F. Patil, Mysore Agriculture Minister welcoming the delegates gave a brief account of the agricultural and industrial potentialities of the State and the efforts made to harness the abundant natural resources in the area.

Dr. Punjabrao Deshmukh, Union Agricultural Minister in his presidential address advised all the members of the Bharat Krishak Samaj to support co-operative farming and bring it into being wherever possible.

Dr. Deshmukh said that hardly any member of the Samaj had opposed co-operative farming, in fact, many of them had already set up such societies.

The Minister announced that the World Agricultural Flair under the auspices of the Bharat Krishak Samaj would be held in December this year in India.

ANDHRA MINISTER'S CALL TO FARMERS

Mysore, May 5

The five-day session of the fifth National Convention of Farmers concluded here today under the presidentship of Dr. Punjabrao Deshmukh, Union Minister for Agriculture.

More than 4,000 farmers from all over the country attended the session.

Sri P. Thimma Reddy, Andhra Agriculture Minister who delivered the valedictory address called upon the farmers to "awake and think". Otherwise, he warned them their fate would be sealed.

The Andhra Minister was very critical of the "so-called experts" sitting in Delhi and complaining about our farmers not producing more. He asked how could our farmers produce more when they did not get what was required. He challenged that if only all the requirements of the farmer was met, he would produce to feed not only for 40 crores but 120 crores of people. He also threw a challenge to any foreigner to come to India and produce more with the existing materials available to our farmer. So he said it was an insult to our farmers when anybody criticised them for less production. "Give him all his requirements, he will certainly produce more," he said.

Sri Thimma Reddy said that he was glad that everyone was talking about agriculture from "Ravana down to Congressmen". But he was sorry that nothing had been done to improve the lot of the farmers. He stated that as regards agriculture, the First Plan, was not a plan at all In the Second Plan, prominence was given to industries In the coming Third Plan "many things are spoken of agriculture". Here he said that agriculture sector for the Third Plan should be framed not from Delhi but from villages.

The Minister said that suddenly experts come up from sky in Delhi and talk of planning agriculture He did not want such experts He wanted that farmers to meet in their own villages and form the Plan Here he told the farmers that they should begin thinking of the Plan now alone If they waited for two years, their fate would be sealed. He told them "the immediate job for you is to go now and meet, think and form the Plan. Think well what you say Do not be silent Don't get into commentary and be hasty. Be ready to take the consequences. Be prepared to put your opinion. Let us defend our lives, our soeisl system, our villages and our rural economy".

NEHRU TO VISIT MYSORE

Mysore, May 5

Prime Minister Nehru is likely to be in Mysore on July 13 to participate in the All-India Conference on Community Development to be held here.

SUPPORT FOR STATE TRADING IN FOODGRAINS

The All India Farmers' Council gave its full support to the State trading in foodgrains announced by the Central Government.

The Council which met yesterday, here, among other things recommended the introduction of a system of bonus to be paid to farmers in case foodgrains were delivered through village co-operatives or market unions of farmers, with a view to facilitating the speedy establishment of the ultimate pattern as suggested by the Government.

The Convention also agreed that service co-operatives would be of immense benefit to the farmers in helping them to increase food production and raise their standard of living. It also emphasised the need for introduction of co-operative marketing on a larger scale in all the mandis in the country.

Sri P. Thimma Reddy, Agriculture Minister, Andhra who presided congratulated cattlmen of Mysore State and said Mysore State stood first in developing different breed of cattle. In India, he said, cattle was worshipped and treated as children by the farmers. Apart from improving the cattle wealth of the country, it was essential that cattlemen should have their organisation to air their difficulties.

Nehru Says We Are Wasteful People

Prime Minister Nehru has deplored the wastage of land in India and said that if figures were collected, the total land wastage would run into millions of acres.

"We are a very wasteful people. When we travel by train we find lot of land lying on both sides of the railway line unused".

"This sort of thing does not happen in other countries".

"One of the advantages of co-operative farming would be that this wastage would be elimited", he said.

NEHRU NOT RETIRING

Prime Minister Nehru announced that he was not thinking of retiring now.

Sri Nehru in a filmed interview said that when he had considered retiring some time ago, he did not contemplate that he would cut himself off from the Indian people.

With a serious look, Sri Nehru commented that he knew he would always be important to his country.

HAND OVER CIVIC ADMN. TO WOMEN

Bangalore, May 5

Acting Governor Mangaldas Pakvasa suggested handing over civic administration to women, and said that looking at their genius in maintaining their household, they were the best people to take charge of municipalities.

Speaking at a civic reception by the Bangalore Corporation, the Governor, suggested as an alternative, to set apart atleast half the number in the Civic Council for women.

Expressing admiration at the work of the Corporation in tackling civic problems, Sri Pakvasa pleaded that in giving civic amenities, preference should be given to the poor and the middle class. That would be the way to serve, and, by that they would have served the majority of the people, he said.

Co-operative Farming

FARMERS CONVENTION WELCOMES MOVE.

Mysore, May, 6

The fifth National Convention of Farmers which concluded its session here yesterday gave its general approval to the Nagpur resolution on co-operative farming.

The Convention welcomed the "bold decision of the Congress with regard to the agrarian pattern of the country" as enunciated at the Nagpur session as a first step towords achieving the socialistic pattern of society and increasing the productivity of the agricultural sector and stressed that the service co-operatives to be organised throughout the country prior to the institution of joint farming within three years, should be organised specially providing assistance to those who were prepared to take up joint farming voluntarily.

In this connection, the Convention did not favour the idea of restricting the spread of the large-scale societies and of laying somewhat exaggerated emphasis on small societies.

The Convention also urged for the establishment of a National Farmers' Bank to supplement the credit needs of smaller agriculturists.

The Convention by another resolution urged the Government to give the question of fixation of minimum prices for important agricultural commodities top priority in any programme of higher production in the country, as in its opinion, a guranteed price to the farmer acted as an incentive for producing more in his lands.

Hassan-Mangalore Railway

NO IMMEDIATE PROSPECTS

The Railway Minister Jagjivan Ram informed the Lok Sabha yesterday that though he expected to make an announcement on the Hassan-Mangalore line during this session, he was not in a position to say about it at present.

The question of construction of this line, he said, was linked up with the development of the port of Mangalore, which was now under consideration. "I am still hopeful in the near future a final decision will be taken in the matter".

VILLAGES SERVICE CO-OPERATIVES

Formation of 3 lakh service co-operatives to cover all the villages in the country is envisaged in the scheme of organising such societies in the villages, according to a draft scheme placed in the Rajya Sabha.

Against the target of 3 lakh societies, the scheme envisages suitable reorganisation and revitalisation of about 1·62 lakh existing societies and the organisation of 1.4 lakh new ones.

The co-operatives would arrange for providing credit to farmers, arrange supply of fertilisers, seeds, manure and ploughs and collect surplus produce for sale through the nearest marketing society and arrange for supply of consumer goods to members.

MYSORE PLEA FOR PORTS DEVELOPMENT

Bangalore, May 7

The urgent necessity for a major port in Mangalore and for developing intensively ports like Karwar, Malpi and Honnavar was urged by the State Government before the Intermediate Ports Development Committee when the Committee met Chief Minister Jatti and other officers of the State yesterday.

The Committee also met the members of the State Chamber of Commerce.

Sri Matharani, Chairman of the Committee stated that the plea advanced by Mysore for development of ports would be sympathetically considered after completing preliminary enquiries.

A memorandum submitted by the Chamber of Commerce *inter alia* emphasised the importance of one major port and at least two minor ports for the State. Mysore had over two hundred miles of coast lines with vast potentials for developing trade and commerce in coffee, areca, pepper and cashewnuts. Mangalore, the memorandum stated would be developed into a major and all-weather port; Karwar where port facilities were available would be developed without much outlay and Honnavar as a potential intermediate port where the need for a port facility for export of iron ore was great. The village Malpi, hundred miles from Karwar had potentialities for developing into a commercial port.

POWER PASSING INTO EXTRA CONSTITUTIONAL AGENCIES

DANGEROUS MOVE, SAYS MADHAVA RAO

Bangalore, May 7

Sri N. Madhava Rao, former Dewan of Mysore expressed that the powers vested in constitutional authorities both at the Centre and in the States had been passing into the hands of extra-constitutional agencies.

Sri Madhava Rao was speaking at the Gokhale Institute of Public Affairs here.

The Planning Commission, the National Development Council and the Congress High Command all revolving round the Prime Minister seemed to be the new sources of authority and initiative now, he added.

Sri Madhava Rao said that Constitutional appearances were deceptive. There had been a silent transfer of authority going on for a decade owing to the operation of political forces. A good part of the power had passed to the Centre. While Nyasa Sabhas and Ministers still possessed some importance and glamour, they were often working like electric clocks operated by a distant mechanism The supporters of Government had also been speaking at times with a surprising degree of candour and even vehemence when they found things going wrong uninhabited by party loyalities and traditional differences to Ministers.

Members of legislature, he said must select their Ministers wisely. "Give them reasonable support and keep them to the mark". They must act as watchdogs of the citizens' personal liberties. The ultimate judge of their performances were not a panel of political philosophers but the people themselves, Sri Madhava Rao said.

★ The number of Tibetan refugees entering India has risen to more than 9,000.

Fatal Carbolic Acid For Backache

A case in which a patient suffering from backache was administered carbolic acid orally with fatal consequences is reported from the Safdarjang Hospital New, Delhi.

It is reported that one Santokh Singh went to the hospital with a complaint of backache. The doctor made out a prescription and went away to attend to some other case.

Instead of the medicine being dispensed by a compounder or other competent person, it was alleged that an orderly himself got hold of a bottle of carbolic acid and poured its contents down the patient's throat, which resulted in his death.

NO ACTION AGAINST AZIZ SAIT

GOVERNMENT REJECTS COUNCIL'S RESOLUTION

Mysore, May 11

The Government of Mysore have ordered that it was not necessary to take any action under section 11 of the Municipalities Act (removal from Councillorship) against Sri Aziz Sait, Councillor of the Mysore City Municipality as he was found not guilty of any misconduct.

It might be stated here that the City Council had passed a resolution on June 24, 1958 requesting the Government to remove him from the Councillorship as he was guilty of misconduct by defying the orders of the President by often addressing the Chair by name. The Government on this had issued a show cause notice to Sri Aziz Sait.

The Government has now held that "to address the President by name instead of as President, may at best amount to a breach of proper decorum and would not amount to misconduct or disgraceful conduct as contemplated by section 14 of the Mysore City Municipalities Act. So it is not possible to hold that Sri Aziz Sait was guilty of misconduct and therefore no action is necessary".

NO ALTERNATIVE TO CO-OP. FARMING

NO QUESTION OF 'RED RUIN'

—SAYS NEHRU

Addressing the AICC at Delhi yesterday, Prime Minister Nehru declared that there was no alternative to co-operative farming.

He stated that co-operative farming meant a higher form of secial organisation for agriculture.

He said "I cannot understand any person who has looked into this matter not realising this patent and obvious fact. I ask the opponents of co-operative farming what is the alternative. There is no answer to that. They only have got some idea of red ruin coming from co-operative farming. It is difficult to argue with that kind of person. One can simply agree with him or not agree with him".

Despite the opposition of some people, the idea underlying service co-operatives and co-operative farming had been enthusiastically received by the peasantry. "What we are discussing today is something that is settled definitely and we have only to give attention to details of how to implement it fully ', he said.

Sri Nehru said that it was not necessary to wait for three years to introduce co-operative farming. The entire picture should be kept in mind, though immediate stress was on service co-operatives and joint cultivation in areas where conditions were ripe.

Nehru Defends Public Enterprises

Prime Minister Nehru yesterday strongly defended the public enterprises in India and said that they had succeeded remarkably.

Speaking at the AICC on Planning, he said that the great captains of industry in India had not impressed him much. They wanted everything from the Government. They borrowed money from the Government and became great captains of industry. It was amazing how they spread the idea that these great captains of industries were genius while public concerns were not run properly.

Here he mentioned the good progress of the Machine-Tool industry at Bangalore and said "So long as the factory was managed by foreign experts, it did not do anything good. But when they went away and some of our competent men took charge, they are making amazing progress".

The Prime Minister said there was no escape from industrialisation in a big way if India wished to be Welfare State and the basis of it was iron and steel, power, coal, atomic energy, machine making industries and trained manpower. All this gigantic work had to be done in the public sector through planning. " Leaving all these things to private enterprise is not possible. They have no conception of planning, no conception of looking at things in an integrated way."

ALL INDUSTRIES ON CO-OP. BASIS

The All-India Congress Committee yesterday adopted a non-official resolution recommending that all big and small industrial units in the country should be run on co-operative basis "as far as possible."

Sri K. Hanumanthaiya who moved the resolution asking for a new constitution of the Congress as the present one was "out of tune with the times and requirements of the pattern of socialist society" withdrew when it was suggested to him by the President that he should first send a draft constitution.

WORLD WAR WITHIN 3 YEARS?

PREDICTION BY PURI SHANKARACHARYA

His Holiness Jagadguru Sri Shankaracharya Swamigal of Puri Mutt stated at Madurai yesterday that from the development of astronomical features and political conditions in different countries, there was every sign of a third world was within two or three years, which meant total annihilation of one country or other.

He said thar our Hindu Sastras provided remedies to stop such wars and maintain universal peace, if only the people truly and sincerely followed and chanted the relevant mantras in our scriptures.

India Will Never Be Drawn To War

The Union Defence Minister Krishna Menon declared yesterdav that "whatever the provocation, India would never be drawn into a world conflict or global war."

Addressing the officer-students of the U. S. National War College who are now in Delhi, Sri Menon said that it was India's "effective desire" to cut down her defence expenditure in the interest of her economic development. The Rs. 250- crore defence budget for 1959-60, he pointed out, was small compared to India's vast territory, with a land frontier of 9,000 miles and a sea coast of 3,500 miles.

NAMBOODRIPAD'S RAJOINDER

Kerala Chief Minister Namboodripad stated yesterday that he was surprised to hear the Congress President's observation that Communists in Kerala were exploiting communalism to serve their party needs.

He said "it is not we, Communists, but certain other people, including some leading members of Smt. Indira Gandhi's own party, who are trying to serve their party ends".

The Chief Minister asked the Congress President to make clear the stand of the Congress on the issue of reservation for Backward communities in Government services. The Communist party was of opinion that "the principle of reservation for the socially oppressed and therefore backward communities coupled with open competition for the rest of the community should continue for sometime more".

REDS' CALL

In this connection, the State Communist Party has called upon the people to mobilise their entire strength to isolate and defeat the new reactionary offensive led by Nair and Christian communities in the service of big landlords and other vested interests against democracy and democratic reforms in the State.

This refers to the agitation launched for ending reservation for Backward classes by Government.

COMMON POLICE FORCE

FOR MYSORE, MADRAS AND ANDHRA

At a conference of the Inspectors-General of police of Mysore, Madras and Andhra Pradesh, held yesterday at Hyderabad, it was decided to set up a common reserve police for the three States.

Sri S. Balakrishna Setty, I.G.P. of Andhra told the pressmen that each State would contribute four active companies of 150 men and one headquarters company of 60 to 70 men.

The common reserve force would have common training for two months every year. He added that in the event of any emergency in any one of the participating States, the I G.P. of the State concerned could requisition the common force for service there. They would always be kept ready and ensure prompt and quick despatch and avoid any time lag in the event of an emergency.

He said the formation of the common police force was being delayed to enable Mysore State to find the additional personnel. As soon as Mysore received the requisite number of men, arrangements would be made for creation of the common reserve force.

Walk-Out In Municipal Council

Mysore, May 14

At the adjourned meet- of the City Municipal Council held on Tuesday, the Opposition members staged a walk-out as a protest against the attitude of the Ruling Party in disposing off sites.

The incident occurred when the question of granting a site measuring 40x150 ft. at an upset price of Re 1 per sq. yard to the Vontikoppal Club came up, the members of the Opposition Party strongly objected for giving away valuable sites for nominal price to such institutions. They contended that such a policy would be detrimental to the municipal property There was heated discussion by both parties and when it was pressed for division by the Ruling Party, it was carried by 11-7 votes.

When the question of putting up a portrait of the late Ambedkar came up, Sri V. T Srinivasa Rao suggested an amendment for inclusion of the portraits of Messrs. S. Linganna and B K Ramakrishnaiah Sri A. Krishnamurthy Rao raised a point of order stating that the amendment was not in order and it was upheld by the President.

At the outset, several members criticised the work of the Municipal Engineering department.

Sri Srinivasa Rao pointed out at the poor progress made in the execution of many works and alleged that the Ruling Party was not impartial in undertaking works specially road repairs. Many roads in extensions were in utter deplorable condition, he said.

NON-PARTISAN SOCIAL WORKERS WANTED

Sri Jayaprakash Narayan, the Sarvodaya leader addressing social workers at Ernakulam stated that non-partisan social workers was the need of the hour when there was "increasing confusion and frustration" among the people following the attempts by several political parties to exploit them with their different slogans and promises.

He said people began to lose faith in the promises of the parties because they had made experiments and learnt lessons. Therefore a new confidence had to be created in them. Social service, he said, could best be utilised to awaken the masses from the state of inertia.

CANAL WATER DISPUTES

World Bank's Proposals Overwhelming

SAYS PRIME MINISTER NEHRU

Prime Minister Nehru stated yesterday that the World Bank's latest proposals for settling the Indo-Pakistan canal waters dispute are "financially very big and rather overwhelming to our thinking and the period (for which India will have to continue to supply water to Pakistan is rather long".

Mr. Eugene Black, President of the World Bank met the Prime Minister yesterday and outlined the Bank's proposals for settling the dispute.

The Prime Minister said that India's interest in any plan was the phased period during which India would have to supply water to Pakistan and the amount India would have to pay for the construction of the link canals.

He also said that the Mangala Dam had also figured in these talks and India had objected about Pakistan building a dam in Indian territory.

Sri Nehru said that essentially the question had been a technical one. India was interested in a settlement because it would enable her to have full supply of the Indus waters allotted to her for Rajasthan and other areas which were simply thirsting and panting for water. India had built canals at an enormous expense. 11 years ago India had agreed to give Pakistan time to build up its own inner system of link canals and India was to continue supplies in a progressively diminished form till these canals were completed There was enough water in the Indus system to supply both India and Pakistan.

STATUTORY OIL COMMISSION

Prime Minister Nehru announced yesterday that a Satutory Oil Commission would be set up soon to replace the Oil and Natural Gas Commission.

An oil distribution company would also be set up to handle petroleum products produced and refined in the State sector, he added.

The Central Rice Research Institute at Cuttack has evolved a new method by which the yield of paddy which is at present about 10 maunds an acre could be stepped up by 21.2 maunds an acre by using green manure.

No Use Meeting Pak President

SAYS NEHRU

Prime Minister Nehru yesterday doubted whether a meeting between himself and Pakistan President Ayub Khan would be useful at present moment.

He was replying at his monthly Press confernce when his attention was drawn to a suggestion of the former American Ambassador to India, Mr. Chester Bowles that such a summit meeting between the two leaders might yield useful results.

Asked whether Pakistan had taken objection to India referring to Berubari Union transfer issue to the Supreme Court for its opinion, the Prime Minister said " Pakistan Government does not understand the intricacies of constitutional law. What we have referred to the Supreme Court is not the agreement (in respect of transfer) at all, but how we should give effect to it so that it may not be challenged in a court of law later."

He added that in part fulfilment, of the Nehru Noon agreement, an exchange of areas of territory in respect of small areas had already taken place. Pakistan had given India some areas and India had given something to Pakistan.

REDS CONCERN OVER KERALA STRUGGLE

The Communist Party of India has expressed "grave concern" over the situation developing in Kerala as a result of the "tactics" adopted by the Congress, P S P and certain other parties in the State in their "struggle" against the Communist-led Government.

The Central Executive of the Communist Party meeting at Delhi has stated in a resolution that the proposed move to keep the schools closed in protest against the Kerala Education Act was calculated "to provoke disturbances."

It added that the other steps such as picketing of schools and colleges and a march to Trivandrum to "capture the Secretariate posed a serious threat to education which is being attempted to be brought to a standstill, thus seriously damaging the career of lakhs of students in the State."

ANNIHILATION OF LIVING BEINGS

IF MAN-MADE SATALLITES DASH AGAINST MOON

WARNING BY MYSORE ASTRONOMER

Mysore, May 16

Sri C. V. Swami Hirematha, an astronomer warned here yesterday that there would be annihilation of all the living beings in the world if man-made satallites happend to dash against Moon.

Explaining theories about the movements of Sun, Moon and other Planets on the practical experiments conducted by him, Sri Hirematha told pressmen that heated susumna radiant rays from the Sun fall on the surface of the Moon like a group of 'anti-hills,' which cause the vibration in the Moon at every four seconds. This susumna vayu is very important for the inhale and exhale of human beings.

He added that if some of the very powerful man-made satallites dash against the Moon, the vibrations will stop and hence the susumna which is most important for the existence of beings, will not be available. Hence there will be annihilation of all the living beings.

UNIFORM ELECTRICITY TARIFF

Mysore Government Approves Scheme

Bangalore, May 18

There will be a uniform electricity tariff throughout the State from July 1.

The revised tariff approved by the Government benefits large domestic consumers, small workshops and seasonal load consumers.

The main features of the new tariff are:

Meter hire will be abolished for all classes of consumers.

Prompt payment discount of .3 nP in the rupee will be allowed to consumers who pay their bills within the due date.

Monthly minimum charges will be fixed on the basis of number of outlets and not on the basis of the total wattage of the lamps as at present as the latter places undue restrictions on the consumers.

The rate for supply of power for domestic heating and cooking on independent circuits will be raised from 5 nP to 6 nP and a monthly minimum of Rs. 3.10 per kw of load will be prescribed.

A special tariff for combined loads of lights and fans, heaters, pumps, etc. known as 'all electric home' tariff will be proposed in which the total consumption of the combined load is metered and not separtely as now. Initial consumption of 32 units will be charged at 26 nP per unit and all additional consumption at 5 nP. There will however be a monthly minimum charge of Rs. 8.25.

For seasonal loads such as sugarcane crushers, cotton gins and agricultural pumps, a yearly minimum will be charged as against the present monthly minimum.

The energy charges in respect of industries will be raised from 8 nP to 10 nP for the first 100 units per hp and at 8 nP for all additional consumption.

Power utilised during nights only will be charged at 8 nP per unit.

Set-Up Co-Ops. To Trade In Grains

CENTRE'S DIRECTION TO STATE GOVTS.

The Union Government have urged the State Governments to take necessary action to implement the State trading scheme.

The Centre has stated that if any State Government wished to vary the scheme in any significant way, the Government of India should be consulted, as the main objectives of the scheme could be fulfilled only by ensuring a fairly uniform approach to the problem throughout the country.

Referring to the interim scheme of State Trading and its ultimate pattern, the Government of India says that efforts should be directed towards a speedy realisation of the ultimate pattern and the State Governments should make every effort to organise and develop co-operatives which can increasingly handle the marketed surplus of foodgrains. Here they have pointed out that while developing co-operatives, there should be adequate safeguards for ensuring proper quality standards of foodgrains with reference to the prices fixed.

No Withdrawal Of Education Act

SAYS KERALA C.M.

Kerala Chief Minister Namboodripad stated yesterday at Delhi that "even at this state" his Government was prepared to extend the maximum possible accommodation and adjustment in the implementation of the State's new Education Act. But he said the adjustment would have to be within the general framework of law. There could be no question of the Government withdrawing the measure, he added.

The Chief Minister stated that "in the school closure movement people want to launch a struggle and direct action in order to forcibly prevent other schools from working, then obviously Government will have to intervene and it will intervene".

The main object of the Education Act, he said, was to put an end to exploitation of teachers by privately-managed schools.

BUSINESS CONCERN ON GANDHIAN TRUSTEESHIP

Sri Jaya Prakash Narayan, the Sarvodaya leader disclosed yesterday at Madurai that Sri U.N. Dhebar has been entrusted by the Seva Sanga, organisation of Gandhian workers with organising some model business concerns based on Gandhiji's idea of "trusteeship".

According to Sri Narayan, these trusteeship concerns would form a "sort of third sector that would have the virtues of both the private and public sector, neither of which seem to be acceptable to the people".

More Taxes To Meet Third Plan Outlay

Fresh taxation to the tune of Rs.2000 crores over five years to meet the projected large size of the Third Plan is stated to have been suggested by economic experts and policy-makers.

This extent of new tax revenues presupposes very high outlay targets and, according to a suggestion made at one of the recent meetings of some planning experts, these must reach up to Rs. 11,000 crores.

In this connection, one of the possibilities seems to be imposition of new Excise duties on commodities of luxury or semi-luxury consumption. Another suggestion is to replace the State sales tax on a number of commodities by Central Excise duties. A third possibility is making incidence of rural taxation more progressive by levy of a surcharge on land according to the size of the holdings.

PUBLIC TAPS TO BE CLOSED IF WATER WASTED

MUNICIPAL COMMISSIONER'S WARNING

Mysore, May 22

The Municipal Commissioner has warned the people that public fountains would be closed down immediately if people using them did not stop them after taking water.

In a press note, the Commissioner says "It is being seen that in most of areas where public fountains have been installed, water is usually allowed to flow by the people and the users of the tap are not in the habit of immediately stopping the flow of water after using it. As a result, water is simply being wasted and made to run in the streets. The public are requested to see that in case the water is not immediately stopped after taking the required quantity, the taps would be closed immediately and the Municipality will not be responsible for any inconvenience that might be caused later on".

Austerity In Rastrpati Bhavan

Several lakhs of rupees have been saved at Rastrapati Bhavan in New Delhi as a result of various austerity measures.

Most of the posts which fell vacant had not been filled up. Even the post of the Private Secretary which had become vacant two years back was not filled.

There was also considerable savings on expenditure on entertainment by adopting improved methods of supervision.

But the welfare activities have increased. An up-to-date hospital with maternity centres has been opened at Rastrapati Bhavan for the conveinience of 8,000 employees. A middle school with 600 children has now been upgraded to a higher secondary school.

One of the biggest co-operative societies has been set up at Rastrapati Bhavan and it provides almost everything from kitchen provisions to school textbooks. On an average it transacts business worth Rs 30,000 a month. All the shares are owned by all those who work there including Dr. Prasad who has bought 100 shares.

ORDINANCE FOR EXTENDING DRY LAW

Bangalore, May 25

Excise Minister Rachiah stated on Saturday that the State Government will soon promulgate an ordinance for extending Prohibition in the entire disrict of Bidar and also over a 10-mile belt in the Bombay boarder areas of Mysore State He added that as there was no dry law in force in Hyderabad-Karnatak areas and the Legislature was not in session, it was found necessary to issue an ordinance.

He said with a view to providing relief to tappers thrown out of employment in the various districts where there was prohibition in the State, Government were organising neera and palm gur centres in dry districts. A concessional rate of Re.1 per tree as tree-tax had been ordered besides grant of exemption of tree-rent of Rs. 1-10 per tree to the concerned co-operatives and the Khadi Development Board in this work.

Sri Rachiah, stated that Government had taken liberal policy for releasing of date reserve land under the Grow More Food Scheme. Facilities had also been provided to Harijans by way of grant of full-grown date trees at the rate of 10 trees to each person for construtcitng houses.

Government, he said, had totally banned the sale of Ganja except for medical and scientific purposes even in the wet districts. Consumption of opium had also been completely stopped from April 1959.

Minister Rachiah said that compared to last year, the annual auction of excise sales had resulted in surplus of Rs. 29.61 lakhs this year. This would off set the loss of revenue of Rs. 27 lakhs following the introduction of prohibition in Hassan and Bidar districts, he added.

Top Priority For Food Production

MYSORE GOVTS'. DECISION

Bangalore, May 25

Agriculture Minister Rachiah stated here on Saturday that Government had decided to give top priority to agriculture and to tackle the question of increasing food production on "war-footing".

He said they proposed to bring additional 10,000 acres of land by using tractors and to reclaim 1,000 acres by using bull dozers. 8 more seed farms would be started. Distribution of 1.25 maunds of chemically treated seeds, sale of 50,000 tons of fertilizers, sinking of 1,000 irrigation wells, selling of pumps on hire-purchase system, servicing of 400 electric irrigation pumps and bringing one lakh acres under the Japanese method of paddy cultivation were among the development schemes, he added.

Under the Khariff campaign, they proposed to bring 18 lakhs, of acres under cultivation (paddy 6 lakh, Ragi 5 and Jowar 7 lakh acres).

EDUCATED UNEMPLOYMENT

AGGRAVATING EVERY YEAR, SAYS UNION MINISTER

Presiding over the first meeting of the Central Committee on Employment at Delhi yesterday, the Union Labour Minister Nanda stated that it was very important that the approach and content of the Third Plan should receive the most careful consideration for securing more employment.

He said that the backlog of unemployment at the beginning of the Third Plan was estimated to be seven million compared to the 5.5 million at the beginning of the Second Plan.

The Minister pointed out that in the first three years of the Secon1 Plan,one million employment opportunities were created every year and even to achieve the revised target of 6.5million "we may have to put in special efforts during the current year and the next".

Besides 7 million, he said, many more people would enter the labour force during 1961-66. The lowest estimates of new entrants during the Third plan was 14 million.

Referring to the educated unempolyed, he said the problem was being aggravated from year to year and "unfortunately the special schemes under the Second Plan have not progressed satisfactorily and they are in the pilot stage".Here he pleaded for regulation of outturn of high schools, colleges and universities to match requirements. He also wanted that a diversion of a part of the educated labour force from the urban to rural areas for rural economic development.

Create More Employment

COMMITTEE'S SUGGESTIONS

The Central Committee on Employment which concluded its two-day session yesterday at Delhi has suggested as a basic policy for the Third Plan, a programme of rural industrialisation and labour intensive schemes to provide maximum employment opportunities and to retain in rural areas the leadership of educated persons.

The Committee has also recommended to Government that efforts should be made to revive and run economically viable industrial units that might be closed down on account of mismanagement and lack of finances.

It also suggested for the creation of a special fund for each industry to give the necessary financial assistance.

The Commitee urged that recruitments to all Government Departments and public sector undertakings should compulsorily be through the employment exchanges.

The Committee also suggested that a change in the Company Law to give the Central and State Governments a right to intervene in liquidation proceedings to safeguard production and employment.

Volunteers To Defend School

DIRECTIVE AGAINST KERALA ED.ACT

The Kerala Church Education Council has appealed to "volunteers" to be prepared to defend their schools and court arrestes, in case attempt is made to open schools by force from June 1·

The Council has asked the managers to lock their school buildings on June 1, the date fixed by Government for reopening of schools after the summer vacation. The volunteers have been asked to be ready to defend their school buildings and in case the authorities attempted to open the buildings, they should court arrest rather than leave the spot and others should be ready to replace them.

SHOCKING CRIME RATE IN U.S.

The United States Attorney-General, Mr. William Rogers has described the crime rate in the States as "shocking" and asked for new legislation to fight it.

The number of crimes committed in the United States is increasing at an annual rate which is four times greater than the population increase, he said.

It is shocking to learn, he stated, that in the first nine months of 1958 there were 11 per cent more crimes than in 1957.

C.D. WANTS ALL-PARTY GOVT.

Dr. C. D. Deshmukh, Chairman of the University Grants Commission stated yesterday that for lessening political frictions and ensuring smooth implementation of the Five-Year Plan, there should be an all-party Government at the Centre and the States.

He said it was essential for a "truce" to party warfare in the next ten years "when we are going through the hump, a critical stage in our planning and one which may not recur".

43,000 Crores To Tackle Unemployment

A sum of Rs. 43,000 crores was required to tackle the unemployment problem in the next three Five-Year Plans.

A working paper submitted to the Central Committee on Employment states that in the next Three Plans, empolyment opportunities had to be created for 47 million in the non-agricultural sector and another 19 million in the agricultural sector.

On rough calculations, this would require an investment of Rs.43,000 crores. Even on the basis of the estimated Rs. 10,000 crores for the Third Plan, only 12 million new jobs could be created so that at the end of the Third Plan, the number of unemployed would have increased to nine million as against seven million at the beginning.

Admission To Professional Colleges

C.D. DESHMUKH'S CRITICISM

The Chairman of the University Grants Commission, Dr. C. D. Deshmukh stated that the deterioration in the standards of university education which had been prominently noticed a few years ago had been checked and there was now a definite improvement in the standards.

He said out of 613 colleges, 267 colleges had accepted the Grants Commission's offer of subsidising increased emoluments to teachers.

Sri Deshmukh strongly criticised the method of admitting students particulary to professional colleges in some of the States. He referred to an instance where the principal of a Medical College had submitted a list of candidates for admission but the higher athorities returned it after aultering it beyond recognition by inserting other names. Such interference was not conducive to proper functioning of educational institutions, he added.

HOUSE-TO-HOUSE DDT SPRAYING

TO BE LAUNCHED IN CITY FROM MONDAY

Mysore, May 30

Under the National Malaria Eradication Scheme, a house-to-house DDT spraying campaign will be launched in the city from June 1 covering nearly 44,900 houses.

In this connection, Municipal President Kenge Gowda has appealed for the co-operation of the public in the great task of eradicating malaria from the city.

The Health authorities have issued the following appeal to the public:

Keep your houses ready for spraying when the squads visit them; cover all food articles, valuables and hay stocks while spraying; remove the cattle and poultry from the spraying area; remove all fallen insects, lizards and others after the spraying operations and dump them outside in a pit and cover it with mud so that other animals might not eat the piosonous dead insects; and do not ask for postponement of spraying as it would dislocate the schedule.

School-Closure Agitation

KERALA GOVT.'S WARNING

The Kerala Government has warned the school-closure agitators that "the police would not stand idly by, but would take firm and timely action to protect schools that were kept open".

They have also assured that if the overwhelming majority of the people of a local area wanted to make alternate arrangements in place of the schools that were closed by the managers, "the Government would give all possible help to them in doing so".

Referring to the enlisting of volunteers for defending private schools and courting arrests in case attempts were made to open schools by force, Government stated that "they do not think that anybody is thinking of using force against schools that are closed by the managers. But they had reason to suspect that these volunteer forces would in actual practice be used against schools that were kept open. In that case Government had to take action and police would not stand idly".

STOP FURTHER NATIONALISATION

MYSORE BUS OPERATORS' REQUEST

Mysore, June 1

Inaugurating the Mysore District Bus Operators Conference here this morning at the Townhall, Sri S.Channiah urged on them to run the bus services on co-operative basis with the help of the Government.

Sri G.R.Josyer, President of the District Automobile Association welcoming the delegates regretted that after Independence there was a denial on the part of the Government of the protection justly due to bus-owners as a national asset.

Sri Channiah referring to the policy of nationalisation stated that it was being followed not only in road transport but other industris also with a view to proper distribution of wealth. He asked the private bus operators to adjust according to the modern times and democratic principles and prepare plans accordingly.

Sri K. Puttaswamy in his presidential address stated that in the country's development economy, transport had an important place and it should be developed fully He said that he did not understand why there should be obejections for nationalisation of buses now when there was no such objection when it was introduced in the State in 1948-49.

The Conference urged on the Government to stop further nationalisation and evolve a policy in order to retain the existence of private bus operators in the State.

It also demanded the removal of chapter IVA in the Motor Vehicles Act as it created great hardship to the private operators and no further taxation.

DDT Spraying Campaign In City

Mysore, June 1

The house-to-house DDT spraying under the National Malaria Eradication programme was launched here today in the Nazarbad and part of Fort Mohalla, covering 5,400 houses.

At a function held this morning at Seshadri House, Municipal President Kenge Gowda inaugurated the campaign and appealed to the public to co-operate in making the campaign a success.

41 CRORES STATE'S PLAN OUTLAY

Bangalore, June 1

Chief Minister Jatti disclosed here on Saturday that the State's development expenditure during 1959-60, would be Rs.41 crores.

He said originally the Centre had proposed an outlay of Rs.27.5 crores for 1959-60. But in response to the State's requests, the plan had ultimately been finalised at at Rs 32.5 crores with a further provision of Rs. 2.5 crores under Power. In addition, there was a provision of Rs. 5½ crores under Centrally-sponsored items.

City Fathers' Grievances

Mysore, June 1

The monthly meeting of the City Municipal Council was held on Saturday with Sri B. N. Kenge Gowda, President in the chair.

Sri B. G. Das urged the University authorities to show some concessions to the failed Intermediate students by admitting them to the first year degree classes or to continue the Inter examinations.

Sri Srikanta Sharma expressed concern for not placing the administrative report of the Municipality.

Sri Mir Noor Hussain regretted that many of the resolutions adopted unanimously had not been implemented.

Messrs. Narayanaswamy and Mir Noor Hussain complained that officers not connected with them were inspecting offices and casting aspersions against our officers and their work. This should be stopped, they urged.

More Buses For Mysore-Bangalore

DIVISIONAL OFFICE IN MYSORE

Mysore, June 1

A luxury bus service from Bangalore to Mangalore via Mysore will be introduced after the rainy season, stated Sri P. J. Fernandes, General Manager of the Mysore Government Road Transport Department.

Meeting the City Municipal Councillors on Saturday, the General Manager stated that a divisional office and a workshop-cum-depot would be started in Mysore City in a 26-acre spot near Bomboo Bazar, at a cost of Rs 7 lakhs. This division, he said, would operate nearly 250 buses in different routes.

He also revealed that 12 bus-shelters would be constructed in the city during the current year.

Since there was a heavy traffic between Bangalore Mysore, they proposed to increase the service from 13 to 15.

A direct bus service from Mysore to Calicut would be started from August. As regards direct Mysore-Coimbatore bus service, the General Manager said that negotiations were going on with the Madras Government and hoped that the bus service would be started within next two months.

Sri Fernandes assured that if necessary the buses operating in City would be increased from 15 to 20. Referring to mechanical efficiency, he said it had considerably improved particularly in Mysore city where there were hardly four to five cases.

PHONEY GRADUATE ARRESTED

The Bombay Police have arrested Mohammed Hussain alias Chadda Balakrishna for posing himself as a science graduate of Allahabad University and cheating of Morvi Princess Kumud Kumari and a city solicitor to the tune of Rs. 3,500.

According to the police, the accused posed as a "secretary of a well-known musician of all-India fame" and collected Rs. 1,500 from the Princess Kumud Kumari during the wedding of her daughter on May 9. He also collected the balance from the solicitor as a representative of a catering establishment in the city.

PLAN SHOULD INSPIRE MASSES

—SAYS PRIME MINISTER

Prime Minister Nehru stressed the urgent need for giving a practical shift in the Third Plan in order to inspire the common man to face the hard job and the sacrifice necessary for building the larger economy of the future.

Inaugurating the Planning Seminar organised by the AICC at Ooty on Saturday, the Prime Minister said that they had to remember those masses at large who had not only to do some thinking but had also to act and labour for the successful implementation of the Plan.

He told the Seminar that both from the point of view of their planning theories and from the point of the feelings of the people, they had to plan in such a way that would give them some immediate relief so that the people could enjoy the sensation of their condition being bettered and their going forward towards greater prosperity.

The Prime Minister said they had to face a situation when fairly rapid advance had not become a matter of choice by them but thrown upon them by circumstances and compulsion of events. "If we do not do that we simply run the risk of the danger of sinking in midstream". Therefore, he said, there was certain element of speed and compulsion of events about this.

DISCARD FEAR AND BE ADVENTEROUS

NEHRU'S CALL TO PEOPLE

Co-operation was the essence of modern life and any person who did not agree with co-operation, lived in some other century and not in the middle of the 20th century, stated Prime Minister Nehru yesterday at Ooty.

Addressing a public meeting, the Prime Minister referred to the criticism made by Sri Rajagopalachari against co-operative farming and said "we are trying to organise our villages on a democratic basis. Now I am told that if we do this, it would mean ruin to our agriculture and some kind of authoritarianism coming in some form and our liberty and democracy going away. These are just some kind of phantom fears which are raised and put up before the public. I do not like any policy which is put forward before the people based on fear. Fear is the most despicable companion that an individual or nation can have. If some disaster happens we face it. We do not run away from it. That was how we functioned in our national struggle and that is how we will function in this great struggle to build up this nation. I don't understand how some kind of authoritarianism will descend on us because we have asked for some co-operatives. There are hundreds of co-operatives in this country and no red ruin has come. No country great or small is going to swallow India. If any country attempts to do so it will have a most violent indigestion."

SriNehru said "We have difficult problems but they become easy if we apply co-operative things. It is better to be wrong provided you are moving than to be stagnant and sitting down because of fear of something happening if you move".

The Prime Minister said "We have to face a difficult situation. We have a tremendous task before us and the only way we can succeed is to look upon it as a high adventure and not as a burdensome task".

CONGRESS TEACHING NEW THING

—Says Gopalan

Sri A.K. Gopalan, Deputy Leader of the Communist Opposition in the LokSabha stated yesterday that a struggle to remove government with a charge-sheet drawn up against Kerala Government was a new thing which the Kerala Congress was teaching them.

He said "if this method of removing Government, elected by the people is approved by Central Government and the Congress High Command, I think it will naturally be open for the opposition parties including the Communist Party in other States to adopt the lesson of Kerala and draw up charge-sheets and mobilise all anti-Congress forces for a struggle to change the Congress Government".

ARUNA ASAF ALI RESIGNS

Smt. Aruna Asaf Ali, Mayor of Delhi Corporation has resigned from the office yesterday.

This was sequel to the dispute between her and the Congress group in the Corporation arising out of a letter written to her by a Congress Corporator, Sri R.N. Aggarwal.

She had described this letter as "insulting, discourteous and casting aspersions on the office of the Mayor and had demaned an apology from him."

Agitation Against Red Government

Prime Minister Nehru and Congress President Smt. Indra Gandhi have accorded permission to the Kerala Pradesh Congress Committee to launch an agaitation against the "misdeeds" of the Kerala Communist Ministry.

The Prime Minister told the President of the KPCC, Sri Shankar and other Congress leaders who met him yesterday at Ooty, that the agitation should be peaceful and purely on non-violent lines to enable the public to give vent to their feelings and organise themselves "against the onslaughts made by the Communist Government and their party".

The KPCC President, Sri Shankar stated that they proposed to fix a day to be observed throughout the State to mark the beginning of the Congress agitation. On that day they proposed to call for State-wide hartals. At this stage, they did not envisage direct action against the Government. They were already in consultation with the PSP and the Muslim League for a joint programme, he added.

★ Pakistan Government has set up an organisation for implementing the World Bank's proposals regarding the Indus Basin water dispute with India.

NEHRU'S ADVICE TO TRIBALS

Addressing the tribal people of Kotagiri, near Ootacamund yesterday, Prime Minister Nehru stated that their difficulties and grievances would disappear if they themselves worked towards that end. The best way of working was working together in co-operation, whether in small industry or agriculture. When people worked together they had to live co-operatively and in a friendly way so that all might benefit.

He told them that 'it is not right for any one to try to change their way of living or their customs by pressure. We want you all to go forward and become more prosperous not by compulsion but by goodwill and co-operation. You can hold on to your customs and ways of living without any pressure to change them".

SWATANTRA PARTY FORMED

TO DEFEND FREEDOM OF MAN, FARM AND FAMILY

At a meeting of prominent persons held under the auspices of the All-India Agricultural Federation yesterday at Madras, an opposition party known as "Swatantra Party" has been formed.

Announcing this, Sri Rajagopalachari stated that the national opposition party "stands for the freedom of man, freedom of the farm and the family as against the attack by totalitarianism on the freedom of everybody".

He said the first task of the new party would be "creation of public opinion against the policies of the present Government so that Sri Nehru would come down and bow to the pressure of public opinion".

Rajaji stated that "the pervading atmosphere must be cleared first. Everyone in India today is weighed down by a sense of unhappy uncertainty. This state of things has come into being because of impulsive talks about future policies the Government leaders have been making. The Government must stop adding to the uncertainties facing the country. The policy of the Government have made keen the criminal faculties of the people. Good people's ways are being desperately put down."

He pointed out that collective farm attacked not only the farm but the family as well. He said Sri Nehru would not have been so enthusiastic about collective farming if he had been in villages himself and knew farming first-hand. Sri Nehru should come down to the earth and see exactly how things are, he added.

CO-OPERATIVE SPIRIT

Vital For The Country Says Morarji Desai

Mysore, June 6

Union Finance Minister Morarji Desai declared here yesterday that co-operative spirit was vital and necessary for the country to march ahead.

He was addressing a public meeting at the Townhall under the auspices of the City Congress.

Sri Morarji at the outset referred to the criticisms made by some eminent persons who held high positions against co-operatives and regretted that they were frightening the people that co-operatives would bring about loss of liberty and introduce an element of compulsion. He was sorry that such confusion was being created by them

The Union Minister pointed out that it was only through co-operative spirit that the country could march on the path of progress. Co-operation was a method which alone could bring in the best in man and build up a proper human personality so vital and necessary to enable them to utilise all our capacities to the maximum extent.

So the Nagpur session, he said, had decided that co-operatives should be given greater emphasis in all spheres of the development activities. They determined to see that every village was established with a multi-purpose co operative to enable and look after the needs of the people to the maximum extent. They also wanted that joint-forming was organised on co-operative basis, of course voluntarily so that all people could pull together and produce more with minimum cost.

In conclusion, he appealed to the Congressmen to work together in a co-operative spirit, which was so vital now for the country.

Eschew Party Bias

UNION MINISTER'S PLEA TO CITY FATHERS

Mysore, June 6

The Union Finance Minister Morarji Desai called upon the City Fathers to discharge their duties without any party bias for the good of the citizens.

He was replying to a reception accorded by the City Municipal Council, here yesterday.

Sri B.N. Kenge Gowda, President, welcoming the Minister urged on the Central and State Governments to develop Mysore City as an industrial centre. He also pleaded for conversion of Mysore-Bangalore rail into broad guage and construction of Chamarajanagar - Satymangalam railway atleast in the Third Plan.

Replying, Sri Morarji said local Government institutions were foundations of democracy. As such, it was their intention to decentralise power and strengthen all local bodies

The Union Minister asked how could more and more cities looked forward for assistance from Government when millions of villages in the country had not even one hundredth of city amenities. So he exhorted the citizens to mobilise the existing resources and work hard for the common good. He said democracy would become efficient not by material resources only but by making human personality stronger and richer.

Sri M. K. Lingiah, Vice-President proposed vote of thanks.

ENTIRE FAMILY MURDERED

Culprit Servant Arrested

Mysore, June 6

An entire family of three persons was reported to have been murdered in a village in Coorg district.

It is reported that Kudukuli Nanjappa (35), a cardamom cultivator in Yemmethalu village, five miles from Mercara, his wife Parvathy (25) and only daughter Prema (8) were found murdered. The body of Nanjappa was found a couple furlongs from his house. The bodies of mother and child were found inside the house.

In this connection, their servant Kariappa alias Raju alias Ramaswamy has ben arrested by the police and valubles worth Rs. 400 consisting of gold necklace, watch and two gold rings have been recovered from him.

PRE-UNIVERSITY EXAM. RESULTS

Mysore, June 6

The results of 191 candidates who had sat for the Pre-University Examination has been with held under Ordinance 23 and of 5 candidates for malpractice, according to a notification by the Controller of Examinations. The notification has also announced the register numbers of 50 candidates whose results would be announced later.

Admission Age To Medical College

Mysore, June 6

The Academic Council of the Mysore University meeting here yesterday, accepted the proposal of the Indian Medical Council that the age of admission to the Medical College shall be of 17 years. Accordingly, a student joining the Pre-Professional course in Medicine shall be 16 years.

The Council decided to give recognition to the Central Food Technological Research Institute, Mysore as one of the centres for research for registration of graduates for Ph. D. degree.

It accorded affiliation to Mount Carmel College, Bangalore, Veerasaiva Vidya Vardhaka Sangha, Bellary, Mysore Veterenary College, Bangalore and B.D.T. College of Engineering, Davangere.

The Council resolved that the Master's Degree course should be of two years duration and that there should be only one public examination at the end of the second year.

The Council approved the introduction of four and half years M.B.B.S. course and a condensed M.B.B.S. course of two and half years for licentiates.

Confusion In Varsity Results

It is rather surprising and regrettable that there is a lot of confusion and corrections in the list of examination results published by the University of Mysore, today.

The officials seem not to have taken any pains to publish a correct list. Apart from the printed list, there is a separate two-page correction list (nearly 50 items) directing to delete this number and add that number. How can a candidate is expected to see the first list and then the other one. If by chance he finds that his number is not in the first list, he is not expected to see the corrected list. This might lead to some unfortunate incidents.

Will the University authorities see that atleast in future, only the corrected and scrutinised list is published ?

OPPOSITION PARTY WELCOMED

Prime Minister Nehru has welcomed the formation of a new opposition party in Madras announced by Sri Rajagopalachari.

Addressing a public meeting yesterday at Mettupalyam, the Prime Minister said ' although I do not agree with the party's views, I welcome it and hope that the party would put before the people of the country definite programme and definite policies so that you and I and all of us may be able to differentiate what they are and how far we can follow them.'

PRIORITY TO AGRI. PRODUCTION

AICC SEMINAR'S PLEA

The Seminar on Planning held at Ooty under the auspices of the AICC has opined that it would be possible to mobilise resources for investment programme in the Third Plan of the order of Rs. 10,000 crores through public savings-taxation and surpluses of public enterprises, private savings and reasonable measure of external borrowings.

The Seminar has stressed that fulfilment of the primary needs of vast mass of people and provision of a minimum social security should be among the principal aims of the Third Plan.

It envisaged continued expansion of public sector and was of opinion that large-scale units of production which remain in private hands were to be appropriately controlled and regulated. Expansion in this sector would be subject to regulation in the light of aims of socialist society in the economic field.

A large sector of the economy covering small-scale and cottage industries should be left to private initiative with necessary safeguards and to co-operative enterprises.

The seminar has urged that intensification of agricultural production on the one side and expansion of basic capital goods industries on the other, should receive highest importance in the Plan.

CO-ORDINATE AND INTEGRATE ACTIVITIES

JP'S CALL TO GANDHIAN WORKERS

Mysore, June 8

Sri Jayaprakash Narayan, the Sarvodaya leader, stressed the need for right type of workers to carry on the message of Sarvodaya in the country. In this connection, he wanted that all Gandhian workers should become Lok Sevaks.

Addressing the Sarvodaya workers here yesterday, Sri Narayan regretted that after the death of MahatmaGandhi, constructive workers seemed to have lost sight of the ideals kept before them by Gandhiji and the workers merely carried on their activities in a routine manner. The time had come now, he said, to co-ordinate their activities and canalise them in the path shown by the Mahatma and pointed out that Lok Seva Sangha had been formed for such integration of activities and common endeavour towards the goal.

Sri Jayaprakash referred to the feeling of frustration among some workers at the slow progress of Sarvodaya movement. He said such feelings were understandable, but they should remember that in such national activities, there was bound to be stoppage and advancement. If the workers made a right approach, the response was bound to be full. He stated that all political parties who had subscribed and lent their support to the Bhoodan movement should act swiftly. He regretted that process in the distribution of lands donated in several villages had been slow by parties in power. The collection by persuation could be difficult but unfortunately, the lands collected so far had not been fully distributed even in the villages donated as Gram Dans.

He also addressed a public meeting at the Townhall maidan on Saturday evening where he appealed to the people to carry the message of Sarvodaya throughout the world for the establishment of peace.

Sarvodaya Municipalities

—JP'S PLEA

Mysore, June 8

The creation of Sarvodaya municipalities in the country was emphasised by Sri Jayaprakash Narayan here yesterday.

Replying to a reception accorded by the City Municipal Council, Sri Narayan stressed the need for the spreading of Sarvodaya movement in building up a new India where in all the communities worked co operatively for the common good of all. He said that primary duties of municipalities in rural and urban areas were to provide the needs of the people. As they did not work at present on that basis and they could be achieved only if they, the municipalities became Sarvodaya municipalities. It might not be difficult to change their pattern of socialism to Sarvodaya, he added.

Earlier, Sri B.N.Kenge Gowda, President welcomed the Chief guest.

Kerala Situation Dangerous

—SAYS NEHRU

Prime Minister Nehru has expressed his great concern over the situation in Kerala and stated that a dangerous situation full of the possibility of violent conflict was rapidly developing in the State. He has appealed to the people of Kerala to adhere strictly to peaceful methods and to avoid violence in speech or act at all cost.

The Prime Ministsr said that if there was now a deep and widespread distruct of the Kerla Government among large sections of the people there, it was for that Government to consider how this had arisen and how it could be removed. It was the duty of Government to prevent such developments by its policies and approaches to its opponents."In particular, it is unfortunate if the very basis of faith in Government's bona fides is shaken. There is no doubt that there is at present this feeling of unfairness in considerable sections of the people", he added.

Sri Nehru said"Even so, it is the duty of those who oppose to adhere strictly to democratic and peaceful ways. They were entitled to agitate peacefully and try to convince the people of the rightness of their views and policies. The abandonment of peaceful methods will lead to the abandonment of democracy itself".

E. M. S. REJOINDER

Kerala Chief Minister Namboodripad welcoming the Prime Minister's statement that there should be no violence and stated that the Prime Minister "was overstating popular discontent against our Government and blinking at discontent against other Governments of his own party".

Sri Namboodripad did not think that a visit of the Prime Minister to Kerala would help to bring about any change in the attitude of those people, mainly Catholics. Any change in the situation could be brought about only if the Catholics and the Nair Service Society, "who seem to be determined to do certain things" could be made to change their decisions.

Kerala Govt. Should Be Dismissed

Kerala Praja-Socialist Party Leader, Sri Pattam Thanu Pillai has urged that the Government of India should dismiss the the Kerala Government.

Welcoming the Prime Minister's statement, Sri Thanu Pillai said that the situation in Kerala was such that the Prime Minister should no longer remain silent. He said that the proposal of the State Government to raise a special police was nothing but an attempt to let loose Communist "Goondas" on the people in the garb of police. He warned the Communist that if any violence was attempted they would have no place to live in the country. If the people of Kerala wanted to live as honourable men they should make the present government resign, he said.

Changes In Industrial Set-up

MYSORE GOVERNMENT'S SCHEME

Bangalore, June 10

The Government of Mysore proposed to reorganise the industrial set-up in the State with a view to increase production, reducing wastage to the minimum of money, men and material.

It is felt that the existing set-up of the Industries Department had not been planned properly and it had uneven and lop-sided growth. In fact, there was no "planning at all."

At a meeting of the Industrial Board held here on Monday, the whole matter was discussed and it was decided to constitute an Industrial Pool which will consist of administrative and technical officiers. It was also resolved to free the officers at the Directorate level from routine duties and post separate set of officers to work as Chairmen, Managing Directors, General Managers and Secretaries. In the new set-up the State Development Council will be the Planning body.

CANAL WATERS DISPUTE

The World Bank has proposed the construction of a new storage on the Beas River to enable India to meet the requirements of the Rajasthan and other new Indian canals to draw water, with a view to end the canal water disputes with Pakistan.

The World Bank has agreed to secure for India the necessary financial assistance for the construction of the storage.

The transition period after which India would be entitled to the exclusive use of three eastern rivers-Ravi, Beas and Sutlez, would be ten years.

New Party Enliven Politics

—SAYS NEHRU

Prime Minister Nehru yesterday wishsd success to the new Swatantra Party not in the final sense but because it would enliven Indian politics. He said its presence would introduce a new element in our politics which would enliven our politics and "that is something to be glad off".

MILK SUPPLY SCHEME TO BANGALORE

Bangalore, June 11

Agriculture Minister Rachiah disclosed here yesterday that a Rs.18-lakh milk supply scheme handling20,000 litres of milk per day has been drawn up for the City of Bangalore.

He said this would be set up at the Subash Nagar and the UNICEF has given a grant of Rs. 28,80,000 in the form of equipment. The grant stipulated that the State Government should provide its share of expenditure for the enlarged scheme to the tune of Rs.52,10,000 and should distribute free milk to the school children and low-income families. This would involve to the State Government a recurring expenditure of Rs. 4,32,000 per annum. The scheme envisaged process of 1,25,000 lbs. of milk per day.

SERVICE CO-OPERATIVES

Bangalore, June 11

Sri Mali Mariyappa, Minister for Co-operation, stated here yesterday that out of 12,000 co-operatives societies in the State about 50 per cent of them would be converted as Service Co-operatives.

He said that there were already pilot project schemes for starting service co-operatives and the scheme was to start one for every thousand population. The Government proposed to give Rs. 900 as managerial cost to every society. Also to supply manure and seeds through these co-operatives and get paid in kind.

In order to give credit to these co operatives the Government has decided to give guarantee to Rural Debenture Loan of rupees 5 lakhs to be floated by the Central Land Mortgage Bank.

NEW HIGH SCHOOLS

Bangalore, June 11

The Government has decided to start five high schools this year in Halebid, Kammarahalli, Jamakandi, Mannar and Gundakolu.

They have also accorded permission to start a girls high school by the Mysore City Municipality and to Mangalore and Bellary District Boards for starting high schools in Parlimaru and Tekkalakote respectively.

NEW PRIMARY TEXT BOOKS

In view of the introduction of the new Primary syllabi to the first and second standards from this year throughout the State, the Government has taken action to have the revised Primary Kannada Readers I and II. Out of the required 9 and 5 lakh copies of Readers respectively 1 lakh of copies of each have already been printed. The remaining are under production.

C.R. ATACKS CONGRESS

Sri C. Rajagopalachari has accused the Congress Party of attempting to introduce the communistic way of life in the country and said communists and congressmen belonged to the same "religion".

He said though the Congress loudly claimed that it was opposed to Communism, it had, in effect, accepted communistic principles. The Congress was trying to outbid communists because it wanted to please the people of the country, and wanted to remain in power. The Congress party was now so well entrenched in power that all distinctions between the party and the government had vanished. This was one of the great odds against which the new Swatantra patry had to contend.

Solve Food Problem

CSIR CHIEF'S PLEA

Mysore, June 11

Presiding over the Annual Day celebrations of the Food Research Institute Gymkhana, here yesterday, Prof. M. S. Thacker, Director-General of Scientific and Industrial Research urged the scientific workers of the Food Institute to make concerted efforts to solve the most pressing problem-food, in the country.

Dr. V. Subramanyan Director welcomed the gathering.

Sri G. R. Rangiah Naidu, Secretary presenting the report requested for financial assistance from the Council for providing a swimmingpool, auditorium and pavilion.

Prof. Thacker complimented the Gymkhana for providing recreational facilities to the staff and their family. As regards financial assistance, he asked them to contribute half the share of the cost by way of 'Shramdan' and the other half, he promised to get it from the Council. He announced that as a gesture of belonging to their family of workers, he would donate a prize in the name of his wife to the Gymkhana.

He distributed prizes to the various winners and runners in sports and other competitions.

The gathering was later entertained to music and orchestra by the members.

CITY'S HEALTH

Mysore, June 11

There were 16 attacks and one death due to Diptheria in the City during the fortnight ending May 31, according to a report from the Municipal Health Officer.

The City was free from plague, Cholera, influenza and small-pox.

WATCH ON PUBLIC SECTOR

The Parliamentary Congress Party Sub-committee, it is learnt, will recommend the setting up of a third committee of Parliament to exercise control on questions of policy and the broad working of autonomous state undertakings, functioning as companies.

This is sequel to the public controversies over the Life Insurance Corporation-Mundhra deal.

NATIONAL COACHING SCHEME

The Union Government, on the recommendation of the All India Council of Sports, has appointed a committee of four members to work out in detail a broad-based national coaching scheme, including the setting up of a central coaching institute to turn out first-rate coaches.

NO 'UNCONSTITUTIONAL MEANS' TO OVERTHROW KERALA GOVT.

—SAYS PRIME MINISTER

Prime Minister Nehru stated yesterday that he was opposed to any "unconstitutional means" for the overthrow of theCommunist Government in Kerala. He was entirely opposed to any kind of picketing of school boys in Kerala or anywhere else.

The Prime Minister said that he was particularly disturbed at "the communal element that had been brought into this, in what might have been a political conflict".

Sri Nehru said ' it is always open to any party to make a list of their charges or things they object to. In so far as that is concerned, I do not see in theory anything objectionable about it except that such things may develop on right lines or on wrong lines. There is always that risk."

Continuing the Prime Minister said, " large section of people in Kerala have a strong feeling that they do not get a square deal. I have laid great stress in my last statement on purely democratic processes being used to chage a government in the normal way... I would not call it a world-wide struggle. There is no doubt that the Catholic organisations have taken a strong part against the Kerala Government. But the Congress certainly is not lined up with them. I take it that a number of Congressmen who were Catholics are pulled in two directions, that is, as individuals and not as an organisation. People in Kerala whatever party they belong to, speak rather excitedly. But I am opposed to unconstitutional means at any time, any how because once you adopt them they would be justified in another context."

Asked whether " you are going to bring this Government down outside the constitution " the Prime Minister said, " I do not propose nor intend, nor look forward, nor expect governments falling down except through normal democratic processes."

CHARGE-SHEET AGAINST KERALA MINISTRY

" DELIVERANCE DAY " OBSERVED TODAY

In the " Deliverance Day" to be observed today at Kerala by the Opposition parties, a 37-clause declaration will be adopted at all public meetings.

The declaration constitutes a charge-sheet of the Opposition against the Communist Government and lists various acts of omission and commission on the part of the Government in Kerala.

The declaration states that the Communist Ministry by " its unjustifiable and anti-democratic activities has forfeited its right to continue in power."

It called upon the people of Kerala to take a pledge for "a peaceful and uncompromising struggle for liberation" if the Communist Government did not resign immediately.

The declaration alleged that the Ministry had been abusing all the powers of administration in the interests of its partymen, while non-Communists were ignored like people without rights. "Therefore the majority of the people can no more tolerate this regime. It has also lost the loyalty of the majority....Fundamental rights have been denied, life and property have no security. The rule of law has ceased. Corruption has increased and is increasing like a flood. All this has resulted in the suffering of the people....The administration of the State is being carried on by the Communist Ministry on the principle that the Government and the Party are the same. This will pave for Communist Party dictatorship."

REDS OFFER

The Kerala branch of the Communsit Party of India has renewed its offer " to find peaceful solutions to all controversial issues by sitting round a table and discussing with all interested parties."

The committee assured that the Government would be prepared "to examine and correct if there is any mistake in the measures or approch of the Government to Opposition parties".

It stated that "what is standing in the way is the non-co-operative attitude and blind anti-Communism of Opposition Party leaders".

PRESIDENT'S CEYLON TOUR

Bangalore, June 12

President Rajendra Prasad on his way to Ceylon will stop here on June 14 and 15. He will arrive from Delhi on the evening of June 14 and will take off for Ceylon on the morning of June 16. On his return to Delhi, he will pass through Bangalore on June 22.

SCHOOL-CLOSURE AGITATION FAILS

Although the private-school managers in Kerala had decided not to reopen their schools as a protest against the new Education Act, all except 75 out of about 1,550 private schools in the Malabar area reopened yesterday. There are 3,949 schools in the area of which 2,763 are private managed.

There was no untoward incidents except peaceful picketing in one school in Palghat district. Official reports said that 75 per cent of the students attended the schools.

The other schools in the State will re-open on June 15.

AGHA KHAN'S DONATION

The young Agha Khan has given Harvard University 50,000 dollars to establish a 10-year scholarship programme to assist students from India, Pakistan, Iran, the Middle East and East Africa.

TRAGEDY IN DRAMA

The tragic denouncement of a play staged at Idar near Ahmedabad has turned to be a tragedy in reality with the actor falling dead.

When a stage-play "Rani Laxmibai" was enacted, actor Kanti Rathod, playing the role of Laxmibai feigned being dead which drew repeated applause. But Kanti failed to respond and he was dead.

PENSIONERS AND POLITICS

Prime Minister Nehru stated yesterday that pensioners could take part in politics provided they did not indulge in subversive activities.

When questioned about the propriety of Rajaji, former Governor-General and Sri V P. Menon ex-Secretary to the Ministry of States, both pensioners associating themselves with the new Swatantra party, the Prime Minister said "I do not think there is any rule preventing those who draw pension from taking to political activity. The restriction is only in regard to subversive activities."

PUBLIC SECTOR SHOULD BE EXPANDED

Prof. Galbraith, the well-known U.S.economist who had made a detailed study of India's industrial development, has not only supported the expansion of public sector but has also advocated its expansion. He has also recommended the setting up of a Public Sector Development Bank for financing public sector industries.

CHARGE-SHEET AGAINST KERALA MINISTRY

" DELIVERANCE DAY " OBSERVED TODAY

In the " Deliverance Day" to be observed today at Kerala by the Opposition parties, a 37-clause declaration will be adopted at all public meetings.

The declaration constitutes a charge-sheet of the Opposition against the Communist Government and lists various acts of omission and commission on the part of the Government in Kerala.

The declaration states that the Communist Ministry by " its unjustifiable and anti-democratic activities has forfeited its right to continue in power."

It called upon the people of Kerala to take a pledge for "a peaceful and uncompromising struggle for liberation" if the Communist Government did not resign immediately.

The declaration alleged that the Ministry had been abusing all the powers of administration in the interests of its partymen, while non-Communists were ignored like people without rights. "Therefore the majority of the people can no more tolerate this regime. It has also lost the loyalty of the majority....Fundamental rights have been denied, life and property have no security. The rule of law has ceased. Corruption has increased and is increasing like a flood. All this has resulted in the suffering of the people....The administration of the State is being carried on by the Communist Ministry on the principle that the Government and the Party are the same. This will pave for Communist Party dictatorship."

REDS OFFER

The Kerala branch of the Communsit Party of India has renewed its offer " to find peaceful solutions to all controversial issues by sitting round a table and discussing with all interested parties."

The committee assured that the Government would be prepared "to examine and correct if there is any mistake in the measures or approch of the Government to Opposition parties".

It stated that "what is standing in the way is the non-co-operative attitude and blind anti-Communism of Opposition Party leaders".

PRESIDENT'S CEYLON TOUR

Bangalore, June 12

President Rajendra Prasad on his way to Ceylon will stop here on June 14 and 15. He will arrive from Delhi on the evening of June 14 and will take off for Ceylon on the morning of June 16. On his return to Delhi, he will pass through Bangalore on June 22.

SCHOOL-CLOSURE AGITATION FAILS

Although the private-school managers in Kerala had decided not to reopen their schools as a protest against the new Education Act, all except 75 out of about 1,550 private schools in the Malabar area reopened yesterday. There are 3,949 schools in the area of which 2,763 are private managed.

There was no untoward incidents except peaceful picketing in one school in Palghat district. Official reports said that 75 per cent of the students attended the schools.

The other schools in the State will re-open on June 15.

The young Agha Khan has given Harvard University 50,000 dollars to establish a 10-year scholarship programme to assist students from India, Pakistan, Iran, the Middle East and East Africa.

TRAGEDY IN DRAMA

The tragic denouncement of a play staged at Idar near Ahmedabad has turned to be a tragedy in reality with the actor falling dead.

When a stage-play "Rani Laxmibai" was enacted, actor Kanti Rathod, playing the role of Laxmibai feigned being dead which drew repeated applause. But Kanti failed to respond and he was dead.

PENSIONERS AND POLITICS

Prime Minister Nehru stated yesterday that pensioners could take part in politics provided they did not indulge in subversive activities.

When questioned about the propriety of Rajaji, former Governor-General and Sri V P. Menon ex-Secretary to the Ministry of States, both pensioners associating themselves with the new Swatantra party, the Prime Minister said "I do not think there is any rule preventing those who draw pension from taking to political activity. The restriction is only in regard to subversive activities."

PUBLIC SECTOR SHOULD BE EXPANDED

Prof. Galbraith, the well-known U.S.economist who had made a detailed study of India's industrial development, has not only supported the expansion of public sector but has also advocated its expansion. He has also recommended the setting up of a Public Sector Development Bank for financing public sector industries.

Rs. 300-Crore Primary Education Plan

The Union Education Ministry has drawn up a Rs. 300-crore plan to provide primary education to every child in the age-group of 6 to 11 by the end of the Third Plan period.

It is estimated that about 10 crore children will be covered by 1966 under this plan, as against about 2.5 crore children who will receive primary education by the end of the Second Plan. 5 lakhs teachers will also be trained in the next seven years.

In view of the fact that special efforts are to be made to ensure that girls of this age-group benefited from the scheme, it has been suggested to the States that they should try to secure as many women teachers as possible.

RANGA RESIGNS FROM CONGRESS

Sri N.G. Ranga has resigned from the Congress as he has joined the Swatantra Party.

In his resignation letter, he has stated that "I am totally opposed to the Congress policy on co-operative farming. I rejoined Congress in 1955 for the protection of democracy and promotion of peasants' interests but which has not been promoted and on the other hand being irreparably endangerd and the continuance of my membership of the Congress party can only strengthen this destructive process".

POLICE FIRING IN KERALA

5 KILLED : 49 INJURED

The police in Ankamali near Ernakulam in Kerala State opened fire on Saturday night when an armed crowd attacked the police station. Four persons were killed and another succumbed to injuries later.

49 persons were injured including 27 policemen.

It is stated that tension has been prevailing in the area for about a month arising out of a temperance movement launched by the local Congress Committee. Volunteers of the movement were resorting to picketing of toddy shops owned by the Tappers' Co-operative Societies.

On Saturday night, following a complaint that a person coming out of a toddy shop had been assaulted by some persons, the police took into custody one person. Following this, a crowd of 3,000 and 5,000 armed with sticks, knives and lethal weapons later attacked the police station.

NO PUBLIC ENQUIRY

Chief Minister Namboodripad stated yesterday that Government did not propose to hold any public enquiry into the police firing. He also said that no prohibitory order had been clamped on that town.

KERALA POLICE OPENED FIRE TWICE

5 KILLED IN SCHOOL-CLOSURE AGITATION

The Kerala Police opened fire twice yesterday, one at Pulluvila and the other at Kochuveli, in Trivandrum district, to disperse an unruly mob in connection with the school-closure agitation. Five persons were killed.

According to the Government press note, the police opened fire "in self-defence" in both cases.

It is stated that on a complaint from the Headmaster of a Government Primary school at Pulluvila that the staff and students of the school were prevented from entering the premises, the police arrived on the spot. Immediately, according to the Govt. communique, a mob of over 10,000 surged towards the police throwing stones. The Magistrate, the Sub Inspector and five policemen received injuries. Heedless of the warning, the crowd continued the fusillade and the police then opened fire, after using 20 rounds.

At Kochuveli, on the coastal outskirts of Trivandrum, a police party was surrounded by a crowd who were picketing a school. When the DSP rushed with an armed police, the press note stated, "the bells of the local Catholic Church started ringing in alarm" and the mob surrounded the police and attacked them with stones and other missiles. Finding themselves in imminent peril of being overpowered, the police opened fire 15 rounds in "self-defence".

490 ARRESTS

490 persons were arrested yesterday in connection with the direct action by the Opposition parties and the school-closure agitation. In Trivandrum and rural areas of the district alone, 164 persons were taken into custody.

On the reopening day, yesterday, in the Trivandrum district, 120 schools run by the Catholic managements remained closed. But according to Government, only 44 schools did not reopen. There are 725 schools including 122 private in the district.

Nehru's Comment On Bose Findings

CAUSED DEEP RESENTMENT' SAYS CLC CHIEF

The President of All India Civil Liberties Council, Sri R.N.C. Chatterjee has criticised the Prime Minister's recent comment on the findings of the Vivian Bose board of enquiry into the LIC-Mundhra deal and said that it was a shock not merely to the members of legal profession but to citizens who went to uphold the "rule of law" in the country.

He said that "the condemnation of a judge by the head of the executive government has caused deep resentment."

"To attempt to whitewash persons in authority who were found blameworthy in public enquiry by a former Chief Justice of the Bombay High Court and by a former Judge of the Supreme Court of India is to undermine respect for law and administration. Such an attack on the judiciary is, to the least, unfair, as judges cannot hit back and defend themselves," he said.

He asked the judges of the Supreme Court and the High Courts to seriously consider whether in this set-up they should accept the membership of any such committees or commissions in future unless suitable safeguards are guaranteed by Parliamentary legislation.

RESOURCES FROM RURAL SECTOR

The Indian Planning experts are now considering the question of mobilising large resources, especially from the rural sector for an increase in the rate of savings of 14 per cent by the end of the Third Plan.

The agricultural sector accounts for the bulk of the national income but has to support a large majority of the population. So it is pointed out that the contributions made from the rural sector for financing the Third Plan should pay the villagers some return in the near future and also strengthen their economy.

SOCIAL LEGISLATION AND FOOD NOT TO BE MIXED UP

PRESIDENT CAUTIONS PRIME MINISTER

President Rajendra Prasad has cautioned against mixing social legislation with land distribution and co-operative farming less food production suffered in the country.

In a letter to the Prime Minister, the President while expressing his agreement with the principles and policies of the socialistic pattern of society, he has laid great emphasis on the need of the moment, greater production of food grains, and has pointed out that food production should not be mixed up with the programme of social legislation.

The President feels that State trading in food grains would result in multiplying and aggravating difficulties.

In respect of co-operative farming, he has cautioned against creating a psychological upset through a feeling that the farmer's ownership of small holdings may be jeoparadised.

Dr. Rajendra Prasad has also dealt at length with the growing unemployment, both in the urban and rural areas and the problem of educated unemployed. He has suggested labour intensive schemes in the towns and villages.

He has asked for the examination of postponing large development projects for the time being, to finance smaller projects with a substantial employment potential.

He has suggested the thorough overhaul of primary and secondary education and introduction of the basic education system with a bias towards manual work. If possible, he has suggested, the establishment of secondary schools and colleges may be held up temporarily and preference given to the establishment of basic schools and technical training centres, in order to check the growth of unemployment.

SOCIAL LEGISLATION AND FOOD NOT TO BE MIXED UP

PRESIDENT CAUTIONS PRIME MINISTER

President Rajendra Prasad has cautioned against mixing social legislation with land distribution and co-operative farming less food production suffered in the country.

In a letter to the Prime Minister, the President while expressing his agreement with the principles and policies of the socialistic pattern of society, he has laid great emphasis on the need of the moment, greater production of food grains, and has pointed out that food production should not be mixed up with the programme of social legislation.

The President feels that State trading in food grains would result in multiplying and aggravating difficulties.

In respect of co-operative farming, he has cautioned against creating a psychological upset through a feeling that the farmer's ownership of small holdings may be jeoparadised.

Dr. Rajendra Prasad has also dealt at length with the growing unemployment, both in the urban and rural areas and the problem of educated unemployed. He has suggested labour intensive schemes in the towns and villages.

He has asked for the examination of postponing large development projects for the time being, to finance smaller projects with a substantial employment potential.

He has suggested the thorough overhaul of primary and secondary education and introduction of the basic education system with a bias towards manual work. If possible, he has suggested, the establishment of secondary schools and colleges may be held up temporarily and preference given to the establishment of basic schools and technical training centres, in order to check the growth of unemployment.

The Great Impostor

The Bombay City Police are now searching for a man who duped a number of shop-keepers in the City by posing as an ambassador, a government official, a relative of a Bombay's Minister and a dealer in auto parts.

He first went to a motor training school and describing himself as a businessman from Bangalore secured a car with a driver, on hire.

Then he drove to the shop of a footwear merchant where he introduced himself as the ambassador of a West Asian country and promised to buy for his Government about 11,000 pairs of shoes and collected 10 pairs to be sent to his country for approval.

He next visited a chemist and describing himself as a doctor at a local hospital and close relative of a Minister of Bombay, obtained a large amount of medicines on credit.

Thereafter he proceeded to one of the largest fruit market where he gave out that he was a high government official and purchased 20 dozen high quality of mangoes to be presented to the Prime Minister. He asked the fruitman .to send with him a servant for payment on reaching his residence.

On the way he passed on all his parcels to another person.

He asked the car to be stopped on reaching the Cricket Club of India. Telling the driver and the servant to wait outside, he went in and vanished.

Policy Of Congress In Kerala Wrong

—SAYS RAJAJI

"The Congressmen of Kerala are laying the axe at the root of Parliamentary democracy by what they are doing," observes Sri C. Rajagopalachari, in an article on "The Kerala Satyagraha".

He says "when there is a remedy open according to law and the grievance can be brought under examination and remedied, it was not contemplated by Mahatma Gandhi that satyagraha might be resorted to. Much less justifiable indeed would it be to resort to satyagraha to reverse the decision of the electorate as to which party should have the governance of the State for the time being".

Rajaji says " Not only by the test of doctrine but even as a matter of expediency, the present policy of Congress in respect of the Government of Kerala is wholly wrong A million votes may place a party in power in accordance with the Constitution but 20,000 men who dislike the decision can create a situation by the methods now employed under which no Government can function without the use of ugly force. And the use of such force will bring in its train passions that will destroy order and make Government impossible."

No Place For Muslim League In Mysore

Mysore, June 20

Sri Mir Noor Hussain, leader of the United Civic Party has warned against the forces of communalism trying to rise their head in the Mysore State.

In a statement, he says "a convention of the Muslim is to be shortly held in MysoreCity and inaugurated by the so-called President of the All-India Muslim League, Mr. Mohamed Ismail of Madras. Some adventurous people of City are learnt to have formed a Reception Committee and those who have lent their names are not men of consequences and do not represent the muslims in any manner. There is no popular support behind this move."

" Mohamed Ismail or Ebrahim Suleiman Sait who are said to be camping in the city to fan the enthusiasm of the local muslims will not be able to rally round them any support. They deserve to be told once and for all that if they try to import communalism in Mysore the people would show them their place. Mysore City has an age long tradition of hospitality but those who come to foul the atmosphere will be greeted with black flags".

Jain Guru's Message To People

Mysore, June 20

His Holiness Sri Sri Hiralalji, the Jain guru, who is camping here,asked the people of country to be virtuous and non-violent in word and deed.

Meeting the pressmen yesterday, the Guruji said that every person should be honest, kind and avoid meat and liquor and work hard for the progress of the nation If everyone was non-violent, he said, the world would be peaceful. He also wanted that parents should bring their children properly so that they might become good citizens. He advised the students to face the world boldly and not resort to suicide if they failed in the examinations.

Sri Labhchandraji Maharaj was also present.

PADDY CULTIVATION UNDER JAP METHOD

About 5-6 million acres of land were under the Japanese method of paddy cultivation in the country. By the end of the Second Plan period, they had targetted to bring about eight million acres of land under this system, stated the Union Agriculture Minister Punjabrao Deshmukh.

★ Mr. Emon de Valera has been elected President of the Irish Republic.

COMMUNAL APPROACH DEPLORED

Mysore, June 20

Sri M. S. Gurupadaswamy, Praja-Socialist Party leader,strongly denounced the communal G.O., which he said, tended to vitiate the growth of healthy conditions in the country.

Addressing a press conference here, he said there was an urgent need for adopting a non-communal approach in the matter of selection of students to the various educational institutions and pointed out that economic backwardness should be the criterion and not the community.

Sri Gurupadaswamy also criticised the policy of the State Government in having various fields of development activities monopolised by Congressmen and not caring to consult the Opposition parties. Such fields, he said, should be devoid of party politics and the consent and co-operation of various political parties were essential for successful implementation.

EMS ASSURANCE TO CLERGYMEN

Sri Namboodripad, Chief Minister of Kerala stated yesterday that his Government would be happy to end the present state of affairs and "bring about an understanding between the leaders of the Catholic church and the Government".

He has assured that "so far as the Governmet of Kerala and the Communist party are concerned, we are not at all anti Catholics-our attitude to the followers of Catholic religion and to the followers of other relgions is one of complete non-interference in their religious affairs".

This was in reply to the statement of Auxiliary Bishop of Trivandrum that the Catholic Bishops had nothing to do with the driving of the Communist Government of Kerala and they were only concerned with education and the school question.

Ready For Mutual Discussion

—NAMBOODRIPAD

Kerala Chief Minister Namboodripad expressed the hope yesterday that the Prime Minister would "use his good offices to see that the present controversies are settled".

In an interview to the foreign correspondents the Chief Minister said "we are anxious to have all the points of dispute settled through mutual discussion. It is, however, necessary that there should be initial willingness to have such a discussion. The position, at the moment, is that the parties in Opposition are not prepared to have such discussions. They are bent on resorting to direct action unless and until we resign. So far as we are concerned, we are not prepared to resign".

NO WITHDRAWAL FROM AGITATION

The Kerala Pradesh Congress leaders who had a long discussion with Sri Dhebar yesterdy, are reported to have told him that they were not prepared to withdraw from the agitation.

Sri Dhebar now will meet Congress President, Smt. Indira Gandhi, today at Madras and appraise her of the situation in Kerala and the attitude taken by the Congress leaders there.

Greater Industrialisation

—NEHRU'S PLEA

Prime Minister Nehru yesterday stressed the importance of rapid industrialisation and said "there is no other way out except industrialisation to go forward. It is wrong idea that by industrial progress, unemployment will grow. It is only through industrialisation that the idea of full employment can be reached".

Addressing a public meeting at Jubbulpore yesterday, the Prime Minister said India would have to have big industries, small and medium industries, and village industries. "Neither can the unemployment problem be solved nor can we take India forward without industrialisation. If however, any industry was badly run, it might result in temporary unemployment. Steps has to be taken to guard against it. But this could not be made an excuse to run down industrialisation".

Sri Nehru said that the Third Plan would lay emphasis upon greater industrialisation in a big way. At the same time, importance would be given to increasing food production also.

HOUSING COLONY

Mysore, June 22

Sri A. Bheemappa Naik, Chairman of the State Housing Board inaugurated yesterday the new Housing Colony of the Mysore Chemicals and Fertilisers at Belagula.

MILITARY TRUCK MANUFACTURE

The first military vehicle manufactured in the public sector in India rolled out yesterday at the Gun Carriage Factory in Jubbulpore.

Inaugurating the truck manufacturing project, Prime Minister Nehru christened the vehicle 'Shaktiman' (the powerful one) and said this was a symbol of the growing achievements of the public sector and the determination of the Indian people to enter the industrial age with confidence.

Mysore Governor's Gesture

Mysore, June 22

Sri Jayachamaraja Wadiyar, Governor, before leaving the United States, handed over nearly 2,000 dollars that he earned by lectures, to institutions specially of deaf and blind.

His Highness who is returning on June 30 told pressmen at London that "I found American people very intelligent. They are deeply interested in our philosophy. The more you talk to them the more they want to know about our way of life. They don't stop at that. They take notes, compare how their way of life measures up to ours. American men and women packed the main halls to listen to me on Indian philosophy".

Sri Wadiyar said that the Americans appreciate India's stand in world affairs. They think India has been right in not aligning herself with either of the great Power blocks.

He also disclosed that he was engaged in writing another book on Vedantha philosophy and hope to complete it by the end of this year.

India's Population

412 MILLIONS BY 1961

According to the Registrar-General of Census, India's population by 1961 may be between 410 and 412 millions.

The estimate is based on the assumption of the rate of population increase since the 1951 census, being between 1.3 and 1.6 per cent per annum.

Although no date has yet been fixed for the next census, they are likely to begin about Feb. 10, 1961 and last a fortnight. A million people, including 750,000 enumerators are expected to be drafted into service.

He said that after serious consideration, the Government had decided to have a column in the Census relating to religion.

GREATER TIBET

The Dalai Lama wants a greater Tibet consisting of present Tibet and the Chinese Province of Amdo and Kham enjoying both internal and external freedom.

Addressing a press conference at Mussoorie, the Dalai Lama said he had not decided yet about his future plans but did not propose to stay in India indefinitely. He would return to Lhasa "only when I obtain the rights and powers which the Tibetans had enjoyed and exercised prior to 1950."

He said he would welcome a meeting between Prime Minister Nehru and Chinese Prime Minister Chou En-lai to find a solution of the Tibetan question.

Govt. Blamed For Present Situation

Sri U. N. Dhebar, former Congress President who toured in Kerala to study the situation stated that "the Government of Kerala and the Party that is conducting the Government is predominantly responsible for the present situation".

He said that in his opinion it would be a serious mistake to write off the present situation as merely the work of communalists or political opponents.

REMOVE SLUMS

GOVERNOR'S APPEAL TO CITY FATHERS

Mysore, June 23

Sri Mangaldas Pakvasa, acting Governor of Mysore today strongly pleaded for the removal of slums in the country.

Replying to a civic address presented by the City Municipal Council, this morning at the Townhall, the Governor said that whether in big or small places, slums where poor people lived, should be removed and improved. The difficulties facing this problem were shortage of space and want of money. But he wondered whether this was true. Whenever there were schemes for beautifying places, there was money and there was always excuse of shortage of money for removel of slums. In his opinion, every rupee spent by local bodies should be spent on the poorer section of the people. Here he appealed to the Mysore City Municipality and the Government to make a common effort to remove slums and improve the lot of the poor people. Here he asked the people to co-operate and see that each street and locality was kept clean.

Incidentally the Governor referred to the recent Mayors' conference at Ooty where the Mayor's position in functions had come up and said he was sorry that everywhere there was the clamour of 'where am I.' He wanted that this tendency of craving for position should go and every Mayor or Municipal President should ask for the lowest position. Here he pointed out that importance and glory would come not by occupying a place given by the Government but the position conferred by the people.

Referring to the civic problems, Sri Pakvasa said that in these changing times, realisation of their rights and duties should grow and people's wish should be expressed and carried out. If only people become conscious of themselves, many civic problems could be solved easily and everyone would be happy.

Earlier, Sri Kenge Gowda, President of the Council presented an address to the Governor in a beautiful sandalwood casket.

★ Union Deputy Minister for Agriculture, Sri M. V. Krishnappa stated at Davangere that a sugar factory would be started at Davangere during the Third Plan.

Great Future For Scout Movement

Mysore, June 23

Sri Mangaldas Pakvasa, acting Governor of Mysore today held out a great future for the Scout movement and said that 'if scouts work hard the movement will become a pioneer one not only in India but also in Asia.'

The Governor visited the District Scout Association here this morning.

Sri B. Narayanaswamy, President of the Association welcomed the Governor.

He said Mysore State had got a fine band of scouters. There were 1,292 cubs, 1330 scouts and 80 scouters in Mysore City.

Chief Commissioner, Sri J. B. Mallaradhya speaking regretted that the Central Government was not helping the scout movement and unusual help was being given to the NCC and ACC. He wanted that the scout movement should become an integral part of the education.

Replying, Sri Pakvasa said that the persons who were connected with education had not yet understood the significance and importance of the scout movement. In this movement they give a type of education and make the scouts and guides fit as good citizens of the country. He pointed out that Indian scouts had rendered great service during the second war and had shown extraordinary courage at many times.

The Governor asked them not to be worried about the other organisations like the NCC, whish after all "they are the children of Government and we are the children of the people. We rely not on Government but on brothers and sisters to contribute to this great movement".

Sri M. Ramaswamy, Asst. State Commissioner proposed a vote of thanks.

Dairy Farm For City

MUNICIPAL COUNCIL'S PLEA

Mysore, June 23

The City Municipal Council at its meeting held last evening resolved to contribute Rs. 1,000 to the Tibetan Refugee Fund.

Sri B. N. Kenge Gowda President was in the chair.

The Council unanimously adopted a resolution moved by Sri Mir Noor Hussain requesting the Government of Mysore to immediately establish a Dairy Farm in the City.

It turned down the resolution of Sri Mir Noor Hussain expressing grave concern at the recent statement of the Railway Minister that the construction of the Hassan-Mangalore Railway which was included in the Second Plan would not be taken up as scheduled and requesting the Government of India not to neglect the interests of Mysore.

TALK ON KERALA SITUATION

Prime Minister Nehru, who arrived at Trivandrum yesterday on a three-day visit to the State to study the situation, met the Chief Minister Namboodripad and a seven-man delegation of the K.P.C.C. and had talks over the 'direct action' and the situation thereof.

In connection with the school closure movement and direct action launched against the Communist Government, over 1100 arrests were made yesterday alone in several parts of the State. For the first time, 38 girls were arrested at Kottayam for picketing transport buses.

The Muslim League in the State has decided to join the movement.

The Liberation Action Committee in a statement, said, that if the Union Government wanted that Kerala should survive as a democratic State and that the people of Kerala should not be handed over to 'wolves' they had to act and interfere without delay. It has urged suspension of the Constitution and enforcement of the provision of taking over the administration of the State by the President.

TECHNOLOGICAL INSTITUTE

The Government of India have decided to open India's third technological institute in Madras on July 31.

DALAI LAMA'S SENSATIONAL REVELATIONS

The Dalai Lama made the sensational revelations on Saturday that in 1956 when he visited India, he had decided not to go back to Tibet, "untill there was manifest change in the attitude of the Chinese authorities.".

Addressing his first press conference after he took refuge in Mussoorie, the Dalai Lama revealed that he sought Prime Minister Nehru's advice in this matter. "After Sri Nehru's talks with Chinese Prime Minister and an assurance given by him on behalf of China, Sri Nehru adviced me to change my decision. I followed his advice and returned to Tibet in the hope that the conditions will change substantially for the better. It was, however, painfully clear soon after my return that the representatives of the Chinese Government had no intention to adhere to their promises."

The Dalai Lama made grave allegations against Chinese rule in his country. He accused the Chinese of obstructing reforms his own government wanted to introduce in Tibet. Forced labour, compulsory exaction, systematic persecution of people, plunder and confiscation of property belonging to individuals and monasteries and execution of leading men--these were some of the charges made by the Dalai Lama against Peking.

Charging Chinese with establishing a reign of terror in Tibet, the Dalai Lama said he would welcome investigations into the charges by an international commission and added "I and my government will readily abide the verdict of such of an impartial body."

MAYORS DEMANDS

The two-day conference of Mayors held at Ooty had opined that the question of water supply and underground drainage had not received adequate attention so far and provision of Rs. 10 crores made under the second plan for Corporations was inadequate.

In view of the meagre resources of local bodies the conference requested that government should contribute at least 50 per cent towards the expenditure incurred by Corporations for mid-day meals to school children. It was also resolved that health education should find a proper place in the programme of study of physical instructors.

Co-Operative Farming

NO COMPULSION, SAYS NEHRU

Addressing a kisan rally at Jubbulpore, Prime Minister Nehru stated that co-operative farming was essential to enable the people living off the land to better their lot and for a brighter future.

He said " we want co-operative farming to develop on the lines of a whole village treating itself as a big family and working in a co-operative way. Critics of co-operative farming have started the scare that it will be introduced through compulsion. This is absurd as co-operation will not remain co-operation if an element of compulsion is brought into it. There is no question of any compulsion and it can be undertaken only through the voluntary efforts of people."

The Prime Minister said that the principle of co-operative work would be gradually introduced in the industrial sphere also wherever it was possible.

COMMUNALISM SHOULD GO

Mysore, June 24

Chief Minister Jatti strongly condemned the communalism and casteism as a great impediments to the allround development of our community.

He stated at Hassan that in old Mysore communalism was permeating all activities of life, particularly the political life. After integration of the State, the common enemy for all people to fight was this narrow parochial feeling of communal outlook.

The Chief Minister said backward people who were economically backward in all the communities should be helped. Here he revealed that Government would soon prepare a list of such families in the State which to a great extent, would check communal feelings.

Jola Pest Nuisance

WARNINC TO RYOTS

Mysore, June 25

The Mysore District Agricultural Officer has warned the ryots against pest nuisance for the Jola crop in the district and advised them to use poledusters.

He says that due to favourable seasonal conditions, this year Jola crop is coming up very well in the district. But it is prone to the attack of ear-head bugs especially in the areas of Mugar in T. Narasipur Taluk, Varuna in Mysore Taluk and Biliguli in Nanjangud Taluk. If prompt action is taken by using B.H.C. dust, the pest nuisance can be controlled and the cost of control operation is very small.

Adequate stock of chemicals is stocked in all taluk depots as also pole dusters. The ryots are requested to take advantage of these facilities and co-operate with the Department in combating the disease.

No Advice From Nehru

Prime Minister Nehru who addressed the Kerala Pradesh Congress Committee yesterday did not offer any suggestions regarding the situation in the State, it is learnt.

The Congress Parliamentary Board which is meeting tomorrow at Delhi will take the final decision.

Sri Shanker, KPCC President stated that the Prime Minister was deeply conscious of the fact that all people in the State except the Communists and their fellow-travellers were now arrayed against the Government. 'Panditji is aware that what is happening here is unprecedented in that a whole people are against the party in power. He is also aware that the present mass upsurge cut through communal, religious or other narrow considerations,' he said.

He said the Pradesh Congress placed before Sri Nehru its unanimous view that it should be allowed to take its proper part in the struggle to remove the Communist Government.

ANEKAL ROUTE NATIONALISED

Bangalore, June, 25

Chief Minister Jatti yesterday inaugurated the nationalisation of Bus Transport in Anekal Taluk and parts of Bangalore and Hoskote Taluks.

This pocket will have 26 buses plying over 2,700 miles on 13 routes.

A significant feature is that the drivers and conductors in the employ of private operators in the route were all absorbed in the Government Road Transport Department.

Jail Reforms

Mysore, June 25

Prison reforms of a radical nature are under the active consideration of the Govenment of Mysore. One of the important feature of the reforms is to provide productive employment and wages to prisoners so that they could not only pay for their maintenance in jails, but also save something by the time they were released.

Nehru's Visit Helpful

Kerala Chief Minister Namboodripad stated yesterday that Prime Minister Nehru's visit to the State had been quite helpful.

He said that the Prime Minister had made certain suggestions relating to the Education Act, judicial enquiry into the police firings and a round table on the complaints of the Oppostion parties against the Government, in order to ease the situation and these " we have broadly agreed," he added.

Co-Operative Farming

NO COMPULSION, SAYS NEHRU

Addressing a kisan rally at Jubbulpore, Prime Minister Nehru stated that co-operative farming was essential to enable the people living off the land to better their lot and for a brighter future.

He said " we want co-operative farming to develop on the lines of a whole village treating itself as a big family and working in a co-operative way. Critics of co-operative farming have started the scare that it will be introduced through compulsion. This is absurd as co-operation will not remain co-operation if an element of compulsion is brought into it. There is no question of any compulsion and it can be undertaken only through the voluntary efforts of people."

The Prime Minister said that the principle of co-operative work would be gradually introduced in the industrial sphere also wherever it was possible.

COMMUNALISM SHOULD GO

Mysore, June 24

Chief Minister Jatti strongly condemned the communalism and casteism as a great impediments to the allround development of our community.

He stated at Hassan that in old Mysore communalism was permeating all activities of life, particularly the political life. After integration of the State, the common enemy for all people to fight was this narrow parochial feeling of communal outlook.

The Chief Minister said backward people who were economically backward in all the communities should be helped. Here he revealed that Government would soon prepare a list of such families in the State which to a great extent, would check communal feelings.

CONGRESS TO CONTINUE AGITATION

K.P.C.C's DECISION

The Kerala Pradesh Congress Committee yesterday has adopted a resolution approving the Congress participation in the joint opposition movement to oust the Communist Ministry in Kerala.

The resolution authorised the P.C.C. Executive to take all necessary steps to carry on the movement successfully.

This resolutionwas adopted after hearing Prime Minister Nehru addressing them for 90 minutes. But he was not present at the meeting.

KPCC President Shankar stated that the movement would continue in the present form till the final directive came from the Congress Working Committee.

Jola Pest Nuisance

WARNINC TO RYOTS

Mysore, June 25

The Mysore District Agricultural Officer has warned the ryots against pest nuisance for the Jola crop in the district and advised them to use poledusters.

He says that due to favourable seasonal conditions, this year Jola crop is coming up very well in the district. But it is prone to the attack of ear-head bugs especially in the areas of Mugar in T. Narasipur Taluk, Varuna in Mysore Taluk and Biliguli in Nanjangud Taluk. If prompt action is taken by using B.H.C. dust, the pest nuisance can be controlled and the cost of control operation is very small.

Adequate stock of chemicals is stocked in all taluk depots as also pole dusters. The ryots are requested to take advantage of these facilities and co-operate with the Department in combating the disease.

Who Governs A State ?

Mysore, June 24

Who governs a State, is it the Governor ?

Sri Mangaldas Pakvasa, acting Governor of Mysore, who posed this question here yesterday, answered it himself.

He said at a scout function that he had been trained early in his youth not to speak but to hear others speak. Generally, he had a dislike for speech-making. As a solicitor, he sat next to an advocate to hear him speak. Later, as Chairman of the Bombay Legislative Council it was his job not to speak but to listen to speaking. Later, he became Governor but "Governor never governs", he remarked.

NO CENTRE'S INTERVENTION

GENERAL ELECTIONS A WAY OUT

NEHRU ON KERALA

Prime Minister Nehru stated yesterday that "at present it is not our intention to intervene in Kerala. What the future may hold depends on the future developments, because we try to avoid intervention anywhere. We do not like this intervention".

Before taking off to Delhi yesterday morning, the Prime Minister told pressmen at Trivandrum that "elections is the obvious way out. This kind ef agitation is a challenge and this challenge can certainly be met by elections".

Explaining the ideas he had given to the Government, the Prime Minister said that so far as Edacation Act was concerned, it might be discussed by people who objected to any part of it with Government and they would try to meet their objections. It the meantime the implementation of the Act might be postponed.

As regards police firings, "it is desirable from the point of view of the Government and people. Otherwise, the worst suspicions are nursed".

Asked whether he would justify the agitation, Sri Nehru said "Agitation is there aud I have no doubt it will continue because there is the strong feeling behind it. But I have not given any directive to anybody in this matter".

Asked what his advice would be if a Congress Government was in a similar situation, the Prime Minister said Congress or any Government, they would have to investigate the causes of the upsurge and try to remove those causes.

The Prime Minister did not like the idea of picketing, particularly of schools, involving schoolboys and girls. He also disliked the idea of picketing Government offices and transport vehicles.

Clubs Are Necessary

——SAYS JATTI

Mysore, June 29

Sri S. Channiah, former MPCC President laid the foundation stone of the Jubilee Hall of the Vontikoppal Club, here last evening. Chief Minister Jatti presided.

On behalf of the Managing Committee of the Club,Smt Nagarathnamma welcomed the gathering. She thanked City Municipality for giving them a site at concessional rate and expressed the hope that the State Government would extend more support to sports by constituting a Sports Council.

Sri Channiah complimented the members of the Club for the their enthusiasm in extending their sphere of activities. He said that clubs were very necessary for working people to meet and have recretions. In his opinion there should be more clubs in cities but cautioned them not to waste their times in idle talks.

Sri Channiah here disclosed that the Doddakere Maidan would be shortly handed over to the Municipality for putting up a Stadium and appealed to the people to extend their financial help for constructing the stadium.

Chief Minister Jatti also stressed the need for starting more and more clubs for recreational purposes. Although playing cards was one of the part of the activities of a club, he wanted that it should be within "the law". He assured that the Government would extend all possible help for the encouragement of sports in the State.

Incidentally, the Chief Minister denied a report published in a section of papers that he had stated at Hassan that communalism was rampant in old Mysore State. He said that he never mentioned it but told the pressmen atHassan that the communal G. O. which was in practice in old Mysore State would be extended throughout the enlarged State.

Sri Ramachandra Rao proposed a vote of thanks.

No Elections In Kerala

SAYS COMMUNIST PARTY

The Central Executive of the Communist Party of India meeting at Trivandrum, has accused Prime Minister Nehru of giving " a democratic garb to the undemocratic demand of the Opposition parties in Kerala for the resignation of the Communist Government."

Expressing regret that the Prime Minister was in favour of fresh elections, the party has stated that this would mean in practice, refusal to allow the Ministry to function for its full constitutional term.

The Party further claimed that by any test, public opinion in Kerala, has clearly expressed itself in favour of and not against the present Government. The mass influence of the Communist Party has increased during the two years rather than decreased and therefore the question of resignation did not arise, it added.

NO DISCUSSIONS WITH REDS

Sri Mannath Padmanabhan, leader of the Vimochana Samara Samiti in Kerala has categorically stated that the Samiti was not prepared to go in for any discussion with the Government on any issue. The only issue before them was the resignation of the Communist Government.

He said that as part of non-co-operation programme, there was a proposal of no-tax campaign.

This was in reply to the invitation extended by Chief Minister Namboodripad to the Opposition party for a discussion.

PSP'S SUPPORT

The National Executive of the Praja-Socialist Party meeting at Coimbatore has expressed its "grave concern" over the developments in Kerala and its confidence that the Communist regime would be " unseated by the determined will of the people."

Saluting the people of Kerala on their courage and ability to forge such a rare opportunity, the party has extended to them its support and co-operation in their " grim struggle."

RELIGIOUS INSTRUCTIONS IN SCHOOLS

MUSLIM LEAGUE CONVENTION'S DEMAND

Mysore, July 1

The Mysore State Muslim League Convention meeting here yesterday under the chairmanship of Mr. Mohammed Ismail, President of the Indian Muslim League regretted that a large member of muslim students did not get admission to technical and professional courses and urged the Government to provide more facilities to the muslim candidates.

The Convention also regretted that the Government had abolished the Unani section in the College of Indian Medicine in Mysore and urged on them to re-open the same from this year.

It appealed to the Govrnment to provide facilities for imparting religious instructions to muslim boys and girls in the educational institutions as they considered that no education could be proper and complete without religious instructions forming an integral part of the system.

The Convention requested the Government to increase the number of admissions of Urdu candidates to training institutions since there was lack of sufficient number of trained Urdu teachers.

It also demanded a chair for Arabic in the Univserity of Mysore.

The Convention appealed to the muslims of Mysore to strengthen the Indian Muslim League in the State by enrolling in large numbers.

Addressing the convention, Mr. Mohammed Ismail declared at the outset that the Indian Muslim League was not a communal organisation as some people painted it but it was a national minority organisation intended for the good not only of the community but of the country as a whole. He reiterated that the Muslim League was anti-communal and national in its creed and outlook.

He said that the Muslim League stood for the defence and strengthening of the independence and freedom of India, for the protection of the rights of the minorities and for fostering and maintaining goodwill and harmony between Muslims and other communities in the country.

However, Mr Ismail pointed out that the Muslims of India had a distinct religion and culture and had the right of following their religion, culture and way of life.

The Muslim League Chief regretted that their views were not heeded, they did not have adequate and proper representation in the services and legislatures and no proper part even in the economic life of the country. So the Muslim League, he said, had the right to endeavour to rectify their conditions and also to take proper part in the progress of the country.

RICE PRICE TOO HIGH

CITY FATHERS' COMPLAINT

Mysore, July 1

The City Fathers of Mysore strongly criticised the "profit-minded mentality" of the Government in fixing the fair price of rice in the State.

At the meeting of the Municipal Council held here last evening, Messrs. Sanjeeviah (Cong), Govindiah and Somasundara Sharma stated that the Government were making a profit of nearly Rs. 15 per palla which was unheard of profit and no merchant could ever dream of making such a profit. Instead of helping the poor, this price fixation would hard hit them. They pointed out that Government purchased rice at Rs. 53-40 per palla of 100 seers and now selling at the rate of Rs. 72-12 thus making a profit of Rs. 15 7 per palla.

So, they demanded that the Government should sell rice two seers per rupee even at the cost of a little loss to them. Government should not follow the policy of studying the market and then fixing the rate.

Sri A Krishnamurthy Rao bitterly complained that their suggestions were not at all attended to by the authorities.

Messrs. Somasundara Sharma and Sanjeeviah strongly criticised for not having placed the Administration Report since three years.

Smt. Soundaramma wanted that atleast two seats for ladies should be reserved in the Trust Board.

At the outset, the Council adopted a resolution condoling the death of Sri K. Srinivasan, Editor of "Hindu".

94-Crore Industrial Scheme

Bangalore, July 1

The Working Group for large and medium industries and mineral development constituted by the State Government has recommended schemes costing Rs. 94 crores in the Third Plan.

The proposals include erection of a Rs. 31-crore fertiliser plant, Rs. 10-crore aluminium plant and Rs. 10-crore raw films plant.

No Tibetan Govt, In India

The Government of India did not recognise any separate Government of Tibet and there was, therefore, no question of a Tibetan Government under the Dalai Lama functioning in India.

This was sequel to a statement of the Dalai Lama who said that "Wherever I am, the people of Tibet recognise me as the Government of Tibet."

An official spokesman of the Ministry of External Affairs stated that the Government of India did not take responsibility for any of these statements.

VIOLENT CLASHES IN PAK DIR

Violent clashes is reported between the people and the armed forces of the Princely State of Dir in the North-West Frontier Agency of Pakistan, resulting in over 1,000 casualities including many killed.

The tyrannical rule of the Nawab of Dir and the denial of the the people's demand for educational, social and economic reforms had led the people to raise the revolt against the Nawab, it is stated.

"INDIA'S NEW HORIZONS"

Mysore, July 1

We acknowledge with thanks the booklet "India's New Harizons", published by the United States Information Service, New Delhi, which tries to interpret U. S. economic assistance to India within the context of India's own programme.

The booklet is profusely illustrated with India's many development plans besides information and figures regarding the U.S. aid to India.

A redeeming feature is that they intend to bring out the booklet in India's regional languages-Hindi, Marathi, Gujerati, Bengali, Tamil, Telugu, Malayalam and Kannada.

TIBETAN ISSUE TO U. N.

The Dalai Lama was contemplating to raise the Tibet issue in the United Nations, according to Sri Jayaprakash, who had a long talk with the Dalai Lama recently.

Sri Narayan who had a series of meetings with diplomatic representatives at Delhi for mobilising Afro-Asian countries support for the Tibetan struggle said that it would be rather tragic if an event of the magnitude of the annexation of Tibet by China were to go unnoticed by such a world organisation.

He hoped that by the end of July, it would be possible to set up an Afro-Asian committee.

Governor Visiting America Again

Mysore, July 4

Governor Jayachamaraja Wadiyar who returned from his ten-week tour in West told pressmen that he hoped to visit America again towards the end of February on a six-week lecture tour sponsored by the Harward and Chicago Universities.

Giving his impressions about his tour, Sri Wadiyar said that one thing which interested most in America was the Americans quest for spiritual values in spite of their tremendous material progress. They were anxious that India should do something to contribute her share for instilling the spiritual values among the masses there because they valued high India's philosophy and culture.

Asked about America's arms aid to Pakistan, he said Americans generally believed that those arms would not be used against India. But it was very difficult to say what would happen when there was an armed conflict between the two countries.

The Governor stated that there was a lot of goodwill towards India in America and they were eager that there should be more and more contacts between the two countries.

NO FOOD RATIONING

DECLARES FOOD MINISTER

Bangalore, July 4

Union Food Minister Jain stated here yesterday that there is no idea of introducing country-wide rationing in food grains "either in the immediate or distant future".

He said that the prices were much lower this year compared to last year when the prices shot up specially during the lean months. Because there was plenty of food grains to go round this year the Government did not expect the prices to raise.

The Minister stated that the State Trading in food grains would not lead to rationing on all-India basis. It would not also disturb the normal retail channels as feared by some.

State Trading in Foodgrainswould be taken up on a larger scale next year as the Government had gainen experience this year.

Killed Wife For Sake Of Jewels

ACCUSED ARRESTED IN CITY

Mysore, July 6

The Lashkar Police arrested here on Saturday one Deve Gowda of Thadagavadi village in Srirangapatna with jewels worth Rs. 1,500.

According to Police, the accused, for the sake of jewels, killed his young wife by hanging her in his house and. burried the body in a well and then decamped with jewels worth Rs. 2,000.

When the accused was moving suspiciously near Gandhi Chowk here, the police arrested him and found with him jewels worth about Rs. 1,500.

DESHMUKH CONDEMNS AGITATION

Sri C. D. Deshmukh, chairman of the University Grants Commission condemning the current anti-Government agitation in Kerala has stated that " popular reaction should find expression through discussions in Parliament and Assemblies duly elected as per the Constitution and any other mode of expression deserves to be condemned".

He said the Congress Party which once condemned the Samyukta Maharashtra Samiti's agitational approach on the issue of bifurcation of Bombay State was today following the Samiti's policy to get their aims in Kerala fulfilled.

Flood Havoc In Assam

GOVERNOR'S APPEAL FOR HELP

The Governor of Assam, Sri S. Fazl Ali has issued an appeal to help the people of Assam who are facing one of the worst floods within the living memory.

He says that the destruction and suffering are on such a vast scale that Government aid and official cares will not suffice. Even now there are families struggling for their lives on house-tops and tree-tops.

The Governor hoped that the public spirited persons will respond generously and give whatever they are able to give to help the sufferers in their distress.

INTENSIFIED PICKETING

The Kerala Vimochana Samara Samiti yesterday decided to intensify the picketing programme on an extensive scale, throughout the State from July 9.

Besides schoool, all public offices would be picketed from that day.

On July 9, the Samiti will organise a Jatha bearing seven torches indicating the victims in the Ankamali police firing from Ankamali on a march to Trivandrum. Other Jathas would also start from two other places.

C. R. Criticises Congress

Addressing a public meeting yesterday at Bombay, Sri Rajagopalachari stated that the new Swatantra Party aimed at giving to one and all social justice which the Congress had denied to the people of all these years.

He said the Congress Party, by the unchallenged exercise of power over the past few years, had become utterly corrupt. Monopoly of power had led Congress to disregard the aspirations of the common man and it had essentially become a party which refused to infuse new blood into the organisation and which was bent upon ruling the country with its traditional monopoly of power.

GUERILLA WARFARE STILL IN TIBET

The Dalai Lama stated yesterday that 50,000 Tibetans were still carrying on guerilla warfare against the Chinese from their hideouts and hills.

He said that he would like fighting to cease in Tibet, because as an ardent Buddhist he did not like violence to continue there. In fact, while leaving Tibet, he had given instructions that there should be no fighting.

MUTUAL BICKERING & JEALOUSY AMONG LADIES

VITIATING WORKING OF WELFARE CENTRES

——SAYS PLANNING COMMISSION

The programme evaluation organisation of the Planning Commission in its report has criticised the various aspects of working of the Central Social Welfare Board and its agencies.

It says in some projects buildings and foundation stones of which have been laid were rotting in the monsoon as the work had been stopped mid-way due to some local quarrel. Evidently, there is no regular supervision of the projects.

The report observes that some State boards spent the money granted by the Central Board on other items and enough money was not left for payment to the staff. This caused great hardships to the poor village level workers stranded in strange villages.

Jealousies and rivaltries among ladies often vitiated the atmosphere and made smooth working of projects very difficult.

The chairwomen who are generally the wives of some important officials are generally disliked by other members of the project implementing committee. There is much personal bickering and jealousy. Wives of the officials and political bosses, most of whom are not very educated, are the object of envy at those who think that they are deprived of the honour. In almost every project these quarrels and recriminations of the ladies were always present.

The Board suggestes that the Project Implementing Committees should represent all political bodies and a tradition should be set up by which welfare works should be kept above party politics.

It also suggests that a chairwoman of the committee should have passed at least matriculation, should not be older than 60 years, nor younger than 30 years so that she must be able to talk to the villagers of all ages, should not be an orthodox woman with cast taboos about eating and drinking with other people and most particularly she should understand the chief organiser is not her personal servant.

EMS Criticises Congress

Kerala Chief Minister Namboodripad yesterday strongly criticised the stand taken by the Congress Parliamentary Board and said "it was one of total rejection of the first two proposals which the Prime Minister had made to us and which we had fully accepted".

He said that the course which the Pradesh Congress leaders had asked the Central Government to adopt–that of dismissing the Ministry which enjoyed a majoirty in the legislature–could not be adopted unless the Congress and the Central Government were prepared to face the criticism within the country and outside that they were acting in a partisan manner and agianst the spirit of the Constitution.

Sri Namboodripad hoped that the High Command would give such advice and instruction to the Pradesh ,Congress as would make them desist from the dangerous path that they were persuing now and to adopt the normal constitutional path of removing whatever grievances they had and solving whatever problems through the normal constitutional process.

Good And Minimum Govt.

BY SWATANTRA PARTY

Sri C. Rajagopalachari has assured the people that if the newly formed Swatantra Party was returned to power it would provide a good and minimum of Government and would not allow its members to interfere in the day-to-day administration of the country.

Addressing a public meeting at Bombay yesterday, he accused the Congress Party of using compulsion and trying to interfere in each and every aspect of an individual's life. This was evident from the fact, he said, that the State was "making its inroads on vocations like trade, commerce and industry and even in agriculture through the slogan of co-operative farming."

SWATANTRA PARTY PROJECTION OF "FREE ENTERPRISE"

—SAYS PRIME MINISTER

Prime Minister Nehru yesterday described the Swatantra Party as the "political projection" of the Forum of Free Enterprise.

Referring to the statement of Sri Shroff, one of the founders of the Forum of free Enterprise that Sri Nehru had been elected by an illiterate electorate, the Prime Minister said "Sri Shroff is correct. But the misfortune is that the electorate are not likely to elect him".

He said that this kind of argument about an illiterate electorate meant that India should not have this kind of democracy. "So the whole thing followed up leads to sheer fascism. This is the beginning of a fascist approach to talk about democracy and freedom on the ground that the electorate are not sensible enough or wise enough to follow the right lead and, therefore, the right lead should be imposed on them".

Asked whether he took the Swatantra Party seriously, Sri Nehru said "I take it very seriously but the person who does not seem to take it very seriously is Rajaji and he is treating it as a joke more or less".

Referring to the economic programme of the Party, the Prime Minister said nobody had said what it was except freedom from everything, except free enterprise programme. The unfortunate thing was that not only Rajaji but many people younger than him associated with him in this party had not quite got out of the 19th century as yet. Rajaji, of course had his roots in the 19th century or might be earlier.

Sri Nehru said that it was a curious thing to say that co-operative farming was the same as collective farming, which it was not. "It is astonishing how all this kind of thing should be said. I am entirely opposed to collectives in India. I am not judging any other country, but in the conditions of India now, and in the foreseeable future, I am entierely opposed to collectives".

The Prime Minister said that "we have stated firmly that co-operative farming is entirely a voluntry movement. If the farmers want to come in they can come. If they want to get out of it, they can get out afterwards".

C. R. DENIES

Sri Rajagopalachari has denied that the new Swatantra Party was a political projection of the Forum of Free Enterprise. "It is totally wrong for any one to suppose that if certain aspects of policy are acceptable to both, one is the creation of the other. I agree with many things of the Forum but the Swatantra Party has come into being mainly because of the policies against which the Agricultural Federation of India had been protesting.

INDIAN STANDARDS INSTITUTE COMMITTEE

Mysore, July, 7

The eighth meeting of the Edible Starches, Confectionary and Cereal Products Sectional Committee of the Indian Standards Institute met here on Monday at the Central Food Research Institute, with D. K. Mitra in the chair.

The Committee considered and approved the draft Indian standard specifications for groundnut flour (edible), rolled oats, white bread and macaroni products for eliciting public comments.

The members also visited the Macaroni plant and other various divisions of the Institute.

AVOID CENTRAL INTERVENTION IN KERALA

—SAYS NEHRU

Prime Minister Nehru told at his press conference yesterday that he would like to avoid the contingency of Central intervention in Kerala, "but if there is no other way one has to take it. I cannot say now what is going to be done".

He said that the Kerala situation had not yet been considered "formally" by the Government but it would no doubt be considered as it was important enough. On the last occasion he had only reported to the Cabinet on his visit to Kerala.

The Prime Minister stated that the Congress High Command had been opposed to the picketing of schools and buses and had been even opposed to the picketing of Government offices, even token picketing. But it was felt that in the "surcharged atmosphere" of Kerala, if the Congress suddenly pulled out of this token picketing the agitation might take other undesirable forms.

In almost every project these quarrels and recriminations of the ladies were always present.

The Board suggestes that the Project Implementing Committees should represent all political bodies and a tradition should be set up by which welfare works should be kept above party politics.

It also suggests that a chairwoman of the committee should have passed at least matriculation, should not be older than 60 years, nor younger than 30 years so that she must be able to talk to the villagers of all ages, should not be an orthodox woman with cast taboos about eating and drinking with other people and most particularly she should understand the chief organiser is not her personal servant.

EMS Criticises Congress

Kerala Chief Minister Namboodripad yesterday strongly criticised the stand taken by the Congress Parliamentary Board and said "it was one of total rejection of the first two proposals which the Prime Minister had made to us and which we had fully accepted".

He said that the course which the Pradesh Congress leaders had asked the Central Government to adopt-that of dismissing the Ministry which enjoyed a majoirty in the legislature-could not be adopted unless the Congress and the Central Government were prepared to face the criticism within the country and outside that they were acting in a partisan manner and agianst the spirit of the Constitution.

Sri Namboodripad hoped that the High Command would give such advice and instruction to the Pradesh ,Congress as would make them desist from the dangerous path that they were persuing now and to adopt the normal constitutional path of removing whatever grievances they had and solving whatever problems through the normal constitutional process.

Good And Minimum Govt.

BY SWATANTRA PARTY

Sri C. Rajagopalachari has assured the people that if the newly formed Swatantra Party was returned to power it would provide a good and minimum of Government and would not allow its members to interfere in the day-to-day administration of the country.

Addressing a public meeting at Bombay yesterday, he accused the Congress Party of using compulsion and trying to interfere in each and every aspect of an individual's life. This was evident from the fact, he said, that the State was "making its inroads on vocations like trade, commerce and industry and even in agriculture through the slogan of co-operative farming."

SCHOLARSHIPS FOR PHYSICAL CULTURE

SWATANTRA PARTY PROJECTION OF "FREE ENTERPRISE"

—SAYS PRIME MINISTER

Prime Minister Nehru yesterday described the Swatantra Party as the "political projection" of the Forum of Free Enterprise.

Referring to the statement of Sri Shroff, one of the founders of the Forum of free Enterprise that Sri Nehru had been elected by an illiterate electorate, the Prime Minister said "Sri Shroff is correct. But the misfortune is that the electorate are not likely to elect him".

He said that this kind of argument about an illiterate electorate meant that India should not have this kind of democracy. "So the whole thing followed up leads to sheer fascism. This is the beginning of a fascist approach to talk about democracy and freedom on the ground that the electorate are not sensible enough or wise enough to follow the right lead and, therefore, the right lead should be imposed on them".

Asked whether he took the Swatantra Party seriously, Sri Nehru said "I take it very seriously but the person who does not seem to take it very seriously is Rajaji and he is treating it as a joke more or less".

Referring to the economic programme of the Party, the Prime Minister said nobody had said what it was except freedom from everything, except free enterprise programme. The unfortunate thing was that not only Rajaji but many people younger than him associated with him in this party had not quite got out of the 19th century as yet. Rajaji, of course had his roots in the 19th century or might be earlier.

Sri Nehru said that it was a curious thing to say that co-operative farming was the same as collective farming, which it was not. "It is astonishing how all this kind of thing should be said. I am entirely opposed to collectives in India. I am not judging any other country, but in the conditions of India now, and in the foreseeable future, I am entierely opposed to collectives".

The Prime Minister said that "we have stated firmly that co-operative farming is entirely a voluntry movement. If the farmers want to come in they can come. If they want to get out of it, they can get out afterwards".

C. R. DENIES

Sri Rajagopalachari has denied that the new Swatantra Party was a political projection of the Forum of Free Enterprise. "It is totally wrong for any one to suppose that if certain aspects of policy are acceptable to both, one is the creation of the other. I agree with many things of the Forum but the Swatantra Party has come into being mainly because of the policies against which the Agricultural Federation of India had been protesting.

The Committee considered and approved the draft Indian standard specifications for groundnut flour (edible), rolled oats, white bread and macaroni products for eliciting public comments.

The members also visited the Macaroni plant and other various divisions of the Institute.

AVOID CENTRAL INTERVENTION IN KERALA

—SAYS NEHRU

Prime Minister Nehru told at his press conference yesterday that he would like to avoid the contingency of Central intervention in Kerala, "but if there is no other way one has to take it. I cannot say now what is going to be done".

He said that the Kerala situation had not yet been considered "formally" by the Government but it would no doubt be considered as it was important enough. On the last occasion he had only reported to the Cabinet on his visit to Kerala.

The Prime Minister stated that the Congress High Command had been opposed to the picketing of schools and buses and had been even opposed to the picketing of Government offices, even token picketing. But it was felt that in the "surcharged atmosphere" of Kerala, if the Congress suddenly pulled out of this token picketing the agitation might take other undesirable forms.

No Tibetan Govt. In India

—DECLARES NEHRU

Prime Minister Nehru yesterday made it clear that "whatever our respect for the Dalai Lama and whatever our reactions to the events in Tibet, it would be improper and not justified for us to recognise any kind of Tibetan Government on Indian soil".

He also pointed out that some of the things which Sri Jayaprakash Narayan had been saying about the Dalai Lama and Tibet were unfortunate.

No Delay In Execution Of Works

UNION MINISTER REDDY'S PLEA

Bangalore, July 9

Inaugurating the Central P. W. D. Contractors Conference, here yesterday, the Union Minister for Works and Housing, Sri K.C. Reddy stressed the need for economy, speed and quality in construction activities.

He warned that any delay in the execution and completion of works and substandard work turned out by the contractors would result in a serious set-back to the progress of the Plan.

Sri Reddy drew the attention of the contractors to the paucity of amenities provided for labour employed by them and said in several places contractors had not adhered to the terms of agreement.

PUBLIC WORKS PROGRESS

Bangalore, July 3

Ready For Talks With Opposition

SAYS NAMBOODRIPAD

Sri Namboodripad, Chief Minister of Kerala who left for Delhi yesterday stated that the State Government's policy would be to persue the path which would bring about a meeting between the Government and Opposition parties.

He said one of the suggestion of the Prime Minister was to hold discussions with the Opposition Parties on their complaints and grievances. "If we have an indication that the situation is ripe to hold such meeting, then we will send out formal invitations to them. It is for the Prime Minister to tell us the situation is ripe and then we will take the initiative. We shall not stand on prestige", he added.

Asked whether there would be Central intervention in view of the Prime Minister's statement yesterday, Sri Namboodripad said "I do not feel that there will be central intervention immediately'.

He said he would meet Home Minister and others at Delhi and might go to Simla to meet the Prime Minister. He is meeting President Rajendra Prasad tomorrow.

NEHRU DEPRECATES WAITING ON MINISTERS

Prime Minister Nehru has taken strong objection to the practice of senior officials, like collectors, receiving and waiting upon visiting Ministers and said it was a waste of time.

He said "I have been raising my voice against this in my own case. This is absurd. When I go anywhere why should everbody gather including Ministers and Judges, to receive me".

When a pressmen said "they will not get the Congress ticket next time, if they do not behave like that", the Prime Minister remarked "No, no, Judges do not require Congress tickets. Why drag them from Courts".

DEATH ROLL IN KARACHI FLOODS

The death roll in the week-end's floods in Karachi has risen to 43. It is feared the toll might be heavier still as many persons are reported to have been washed away by the flood waters of the Lyari river into the sea.

Most of the victims are believed to be refugees living in huts along the banks of the river Lyari on the outskirts of the city.

President Meets Kerala Leaders

The Kerala Pradesh Congress Chief Shankar yesterday presented a 50-page memorandum to the Union President Rajendra Prasad charging the Communist Government with consistent violation of the spirit of the Constitution, denial of equality before law and equal protection of laws as between Communists and non-Communists in the State.

The memorandum urged for immediate Central intervention for bringing about general elections in the State.

Sri E.M.S. Namboodripad, Chief Minister also met the President and acquainted him with the situation in Kerala. He is reported to have stoutly opposed any Central intervention or his Government resigning office and holding general elections under pressure of the present agitation in the State.

He also met the Union Home Minister Pant and other Ministers.

Kerala Chief Minister is stated to have told them that the President, while taking action under Article 356, had to exercise his personal discretion and could not act on the advice of the Central Government particularly when the Central Government was controlled by the Congress Party and the Kerala Government by the Communist Party.

He is meeting the Prime Minister today at Simla.

NO CENTRAL INTERVENTION

-SAYS KERALA CHIEF MINISTER

Kerala Chief Minister Namboodripad stated yesterday at Madras that his talks in Delhi and Simla left the impression that there was no question of mid-term elections and no Central intervention at present in the State.

He said that the Opposition parties in Kerala could not for long stick to their stand that they would not discuss anything with the Kerala Ministry except resignation. In his opinion "start talks" would be the suggestion to the Opposition parties for solving the Kerala impasse.

When asked whether the present agitation was not an indication of discontent of the people, the Chief Minister said "the agitation gives no more indication of popular discontent than the anti-bilingual movement in Bombay and similar movements in some other States. In fact, the movement in Bombay was much more serious".

Addressing a public meeting at Madras, Sri Namboodripad said that the Kerala Government today faced a difficult situation, in which they were facing a double threat--the threat of direction action below by the Congress and other political parties in Kerala and the threat of intervention from above.

Every democrat in the country, he said "is feeling that here is an attack that is sought to be launched by the Opposition parties in Kerala and the Central Congress leadership. Here is an attack not on a particular party, not on a particular Government, but an attack on the very conception of parliamentary democracy. They all feel that if this attack on the Communist Government of Kerala is allowed to succeed, then, the Congress party will be forced on the people of India as perpetual ruling party monopolising the governance of the country".

FLOOD HAVOC IN KASHMIR

The Union Defence Minister Menon who had an aerial survey of the floods situation in Kashmir Valley stated that the magnitude of the floods was unprecendented and the entire food crop had been damaged and there would be food deficit next one year. It would be true to say, he said, that not a blade of grass would survive.

More than 30 persons have died and a large number of cattle drowned in Poonch area.

Act Without Fear Or Favour

DESHMUKH'S APPEAL TO OFFICIALS

Sri C. D. Deshmukh, Chairman of the University Grants Commission stated that in the country there were multiple standards for ordinary life, business and politics. This was a most dangerous feature and he regretted that there was languishing of the moral law.

He said that it was now recognised that the administrative machinery at all levels from ministerial downwards was "erratic and inadequate" both in the conduct of day-to-day affairs and in the implementation of planned development. What was not so readily recognised was that there was an organic or telelogical connection between ministerial failure and official lapse.

There seemed to prevail, he observed, a pathetic belief, owing to limitations imposed by democracy, ministers with inadequate intelligence, education, culture or talent, administrative capacity, sincerity of purpose, qualities of leadership, even basic honesty could or indeed might be where they were because they were backed by a powerful vote.

So he has appealed to the officials to raise to the occasion unfailingly, evince a missionary spirit, spurn temptation, speak and write and advise without fear or favour and generally make up for the failure of both the ruler and the ruled, the masters-the people and their chosen public servants-the ministers.

Shrine For Sale

A beautifully-ornamented shrine, dedicated to Shiva, is being offered for sale by a Johannesburg European.

The history of the shrine goes back 25 years. Built by an Indian ruler, it was regarded as ill-omened by his family as the ruler died shortly after he had taken delivery from the makers.

It was buried and remained forgotten until Col. Leigh-Hunt, then serving in India, heard about it. He had it dug up and restored and craftsman made a stand for it which depicts the entire Indian and Hindu mythology.

When Col. Hunt died, the shrine passed to his family and was shipped to Africa. Its present owner has no spare place to keep it and has put it up for sale.

Kerala Agitation Petering Out

CHIEF MINISTER'S CLAIM

The Chief Minister of Kerala, Sri Namboodiripad said yesterday at Madurai that the agitation in Kerala "is petering out now".

The Minister who was on his way back to Trivandrum from Delhi said that the situation in Kerala had changed as evidenced by his statements that Central intervention was ruled out. Refuting the statement that 75000 people had courted arrest, as claimed by Mr. Pannampilly Govind Menon, the Chief Minister said that only 8 or 9 thousand people had been arrested so far.

The General Secretary of the Communist Party of India Sri Ajoy Ghosh is understood to have told the National Council of the party which is meeting at Trivandrum that the present crisis in Kerala had revealed the volume of democratic opinion inside the country and suggested that it could be harnessed for the defence of provincial autonomy against the attack of the Centre.

The Council heard the report of the Kerala Chief Minister on his recent talks with the Union President, Prime Minister and others.

V.Ps. TO MANAGE FORESTS

Mysore, July 14

The National Conference of Community Development to be held here from July 23 will discuss the feasibility of an experiment in associating village panchayats in all States with the protection and management of forests in the vicinity of villages.

The suggestion is based on the encouraging results of Bihar's recent experiment in entrusting village panchayats to look after two community forest areas.

UNDEMOCRATIC METHODS CONDEMNED

Dr. C. P. Ramaswamy Aiyar, former Dewan of Travancore-Cochin speaking on the Kerala agitation said in Madras yesterday that the changing of Governments should not be brought about by resorting to methods like violent public demonstrations, picketing, obstruction of traffic, damaging of property and utilisation of students in political struggles or strikes. Such methods, he said, were undemocratic and un-constitutional and were bound to have serious repercussions in the country.

CO-OPERATIVE FARMING GOOD FOR INDIA

Sri Gulzarilal Nanda, Union Minister for Labour who returned to the capital after his visit to Europe said yesterday that he had come back convinced that joint co-operative farming would be good for India and would increase food production. But jointcooperative farming should grow naturally by its demonstrated strength and it would grow because of its superiority, added the Minister.

KERALA GOVT. RUN FOR PARTY'S BENEFIT

Sri K. M. Munshi, former Governor of U. P. after his visit to Kerala, said yesterday in Bangalore that there was a great need now than ever before for removing smokescreen put around Kerala and to recognise the truth and implications of the spontaneous and popular movement to resist the Communist Government there.

He charged that it was not a State functioning under the Constitution. It was a Communist State run for the benefit of the party and to none else. He said that he was prepared to establish this before any tribunal.

New Method For Steel Making At Bhadravati

The Linz-Donwitz process will be adopted in the making of steel at Bhadravati Steel Works, it is learnt. This method, which is being followed in Canada and U. S. has many advantages, the entire process takes 40 minutes, requires lower capital and operating costs, and the production will be more.

The expansion programme at the Works under the Second Plan included the completion of the cast iron spun pipe plant with a capacity of 15,000 tons and setting up of a sintering plant, the expansion of the capacity of the ferro-silicon plant from 5000 tons to 20,000 tons a year.

The cast iron spun pipe plant has been completed and orders for plant and machinery for the ferro-silicon plant have been placed.

Congress Promoting Class Hatred

Sri C. Rajagopalachari accused that the Congress Government was commiting the sin of promoting class hatred among the people in the country and said that it was against the "Dharma" of the land.

While addressing a public meeting at Madras Rajaji asked what was wrong even if the Swatantra Party was projection of the Forum of Free Enterprise as criticised by Pandit Nehru. Both the parties believed in the preservation of individual freedom and there was nothing wrong if they came together and worked together, he said.

The Swatantra Party, he said, had been formed in all seriousness and was not a joke. In his old age he would not have undertaken the ardous task of building a party but for compelling reasons. People who shared his views were afraid and timid to come in the open and oppose the ruling party and hence he had taken up this task, though it invoked the attacks from leaders of the ruling party including the Prime Minister. He said "Pandit Nehru has a warm corner for me in his heart but I have steeled my heart and have come to love Pandit Nehru less for the sake of my party".

INCREASE AGRICULTURAL PRODUCTION

KRISHNAMACHARI'S PLEA

Mysore, July 20

Sri V.T. Krishnamachari, Deputy Chairman of the Planning Commission today called upon the Government officers to make concerted efforts to increase the agricultural production in the country.

He was inaugurating the two-day conference of the State Deputy Commissioners, here at the Government House.

Ministers Mariyappa, Hegde and Annarao Ganamukhi and Deputy Minister Smt. Grace Tucker attended the conference.

Sri P. V. R. Rao, Chief Secretary welcoming stressed the paramount need for organising local efforts through VillagePanchayats for the implementation of the plans. He also pointed out the important role of the officers in co-ordinating and co-operating with the people in carring out the various development schemes.

Sri Krishnamachari at the outset told the officers that they bore a great burden in the execution of various development schemes and their practical knowledge was a great value to the Planning Commission for formulating future plans.

He pointed out that our Plans would not be worthwhile unless they solved the food problem in the country. So every effort had to be made for increasing the agricultural production. By this they could increase the national income also. Here the Deputy Chairman pointed out that enormous amount was being drained away for importing foodgrains and during the Second Plan nearly Rs. 300 to 400 crores had been spent for importing foodgrains and cotton. At any cost this drain should be stopped, he said.

He said the price levels depended on agricultural production and the rise in prices had reduced the size of our plan. Although he pointed out, that country produced nearly 70,000 tons of foodgrains, the price level during March this year was higher than of last year.

Sri Krishnamachari also stressed the need for reducing the time-lag in the execution of major and medium irrigation projects. He also wanted that there should be strict economy in using water.

He also wanted that the customary village responsibility of rebunding and removing the silt of the minor tanks should be revived. Here he said the maintenance of all irrigation projects was a paramount importance and there should be a legislation for defining and enforcing the responsibility for the maintenance of these projects.

He said that District Committees and Block Development Committees should meet periodically to review the programmes and to see if there was any delay in implementation of the plans. Instructions should be given immediately for rectifying any defects.

Referring to the relationship between the Ministers and officers, he said the officers should give frankly without any mental reservation their views to the Cabinet and once the Cabinet took a decision, it was the duty of the officers to carry out them. Here he said he wanted that there should be a code of conduct between political leaders and the Civil Service.

About to the Third Plan, whose outlay might be Rs. 6 000 crores, he said that there should be more and more savings and the co-operative movement should become an agency for the National Savings scheme.

Finance Minister Mariyappa addressing the conference said that there was a great responsibility on the officers to carry out the plans. He called upon them to mobilise all villagers irrespective of political affiliations for increasing agricultural production.

MPCC WANTS ELECTIONS IN KERALA

The Mysore Pradesh Congress Committee meeting at Belgaum yesterday has expressed its full support to the Congress Parliamentary Board's decision calling for immediate fresh elections in Kerala.

It viewed with great concern the happenings in Kerala and the atrocities and the high-handed action resorted to by the Kerala Government and the Communist Party to deny liberty and fundamental rights to the people.

The fact that all democratic forces in Kerala had joined hands against the Government's 'abuse of power" spoke amply of the seriousness of the situation, it stated.

SHIPYARD AT KARWAR

The Mysore Pradesh Congress Committee at its open session yesterday at Belgaum urged the Union Government to locate the second shipyard at Karwar.

The Minister stated that permanent Government servants should be completely free from close contact with poltical parties.

Development Of Rural Roads

Sri Rajbahadur, Union Minister of State of for Transport and Communication stated at Madras yesterday that Central Government was considering a proposal to quicken the pace of development of road communications in the rural parts of the country.

He said under the proposal the burden of construction of new village roads would be distributed to three agencies-the Central Government, the State Government and the people of the Community Development Block or the Panchayat.

The Minister also disclosed that the Chief Engineers of States have recently submitted a report to the Central Government on road development during a twenty-year period commencing from 1961. The report aimed at increasing the total road length in the country from 3.79 lakh miles to 6.60 lakhs. This target would give an average of about 52 miles per 100 square miles of territory as against the present. 26 miles. The plan would cost Rs. 5,200 crores.

Hold Fresh Elections In Kerala

KPCC MEMORANDUM TO PRESIDENT

The Kerala Pradesh Congress Committee, on behalf of the people of the State, has urged the Union President to take necessary action under the Constitution for holding fresh general elections.

The memorandum submitted to the President on July 10 and released yesterday stated that Kerala Government has subverted democracy; they have consistently adopted policies denying the people the fundamental rights guaranteed under the Constitution; they have deliberately upset the apparatus of law and order; they have rendered the Civil Service and Police impotent and created conditions in which they have to carry out the orders of the Communist Party; they are working on the principle that Government and party are one and the same; they have institutionalised corruption; security of life and property has disappeared to all except the Communists. Government according to the Constitution has disappeared: and so a large majority of the people have turned against it on account of its policies and misdeeds.

It further statad that the spirit of animosity, vindictiveness and revenge against those who differ from them still governs their conduct. The Kerala Government as demonstrably outlived its mandate and must face the people without further delay.

GOOD WORK IN COMMUNITY DEVELOPMENT

UNION MINISTER'S PRAISE TO MYSORE

Mysore, July 22

The two-day conference of the State Deputy Commissioners concluded here yesterday.

Sri S. K. Dey, Union Minister for Community Development addressing the conference yesterday complemented the Mysore State for its achievements in the field of Community Development and said there had been an appreciable progress.

The Minister said that it was only at the level of the Collectors that the powers of the State were fully accomplished and manifested to the people for all the good of the State. The only person who could determine between a democratic State in India and a totalitarian was one authority and that is the Collector.

Referring to the need for training the personnel in public and private sectors, the Minister said they had been trying to get non-official machinery to take initiative in Community Development. Here a Collector, as district administrator, was supposed to look after all the need of 10 to 15 lakhs of people of his district. The Collectors and the Block Development Officers had played a very great role more than any politician in nation building activities. But he wanted political leaders to take up the responsibility of training non-officials in village panchayat, co-operative, block and State levels.

Regarding the need for increase in agricultural production, Sri Dey said that unless the personnel that had to implement things were properly trained and deputed to work, it was not possible to derive satisfactory results. Here he emphasised the need for giving same training as officers to legislators, representatives of district board, village panchayats and village co-operatives and the people in all aspects of developmental activities.

The Minister asked the Collectors and Block Development officers to give greater attention to the local technical supervision of programmes. He said these officers whom the Government relied should work atleast eight hours a day honestly.

INDEPENDENCE DAY

Bangalore, July 22

The Government have directed that the 12th anniversary of the Independence Day on August 15 should be observed throughout the State in a befitting manner.

A sum of Rs. 3,000 is sanctioned for the same.

The Commissioner for Religious and Charitable Endowments and the Deputy Commissioners have been requested to arrange special worship and prayers in all temples, churches and mosques in the State.

GOVT. PRESS RELEASES

Bangalore, July 22

The Government of Mysore have decided to issue all press releases both in English and Kannada daily at 4 p.m.

An editorial board for the Mysore Information Bulletin and the Mysore Vani has been constituted by the Government. Two special Secretaries for the journals, have also been appointed.

U. S. NATIONAL INCOME

The United States national income, the aggregate of earnings from current production, was 366,003 million dollars in 1958 compared with 366, 000 million dollars the year bofore.

Revenue Minister Kadidal Manjappa who also addressed said the successful implementation of the Plan depended upon the efficiency of the administration. He asked the officers to be enthusiastic and patriotic towards the administration.

Improve Indian Silk

Mysore, July 22

Finance Minister Mariyappa inaugurating the staff and students Association of the All India Sericultural Training Institute here yesterday stressed the need for technicians mingling with rural population and extending their knowledge to them.

The Minister said that the quality of silk produced in India was not as good as of China-Japan and hoped that it would improve so that Indian silk could compete with the outside silk.

Sri Mariyappa said that such institutions were essential for bringing people of this wide country together. He felt that the students of Mysore State should also participate in the Institute and said he would see that Mysore trainees were deputed for the next session.

He asked the trainees to equip themselves properly with the knowledge imparted here so that it would help them in advising their State Governments in farming policies connected with sericulture industry and placing the same on sound lines.

★ Sri Shivarudrappa, Inspector of Schools, Hosanagar in Shimoga District was caught red-handed on July 19 while he was receiving an illegal gratification of Rs. 10 from a teacher.

Decline Of Congress

CONGRESS "BOSSES" RESPONSIBLE

The lower standards set by the Congress "bosses" themselves including Ministers were responsible for the decline of the Congress in Madras State, according to the top Congress men who were now investigating into the causes for the decline in popularity of the Party in the State after a frank discussions with the Mandal Congress workers.

A major complaint is that most of the Ministers do not move among the people and they prefer to hobnob with the high-ups in rival camps. The Congress workers also complain that the top leaders live in ivory towers and they are accessible either to a chosen few or they make a fetish of administrative fairplay by falling a prey to the blandishments of Opposition leaders and members, thereby carrying the principle to an absurd extreme.

A bitter complaint heard from Congress workers is that mere lip homage is paid to socialism-as opposed to solid performance in the face of soaring prices and growing cost of living. This has alienated the poorer sections of the people, on the one side, while their tactless threats and purposeless theorisations have estranged on the other side the influential business community as well as the discerning educated classes, all of whom had in the past stood by the Congress. The educated classes have gained the impression that they are not wanted anywhere near the administration.

Wanton Pak Firing

Pakistani armed forces are continuing heavy firing on the Indian villages in Assam border and as a result of this "irresponsible and wanton" firing, one Indian constable was wounded. Indian border police were compelled to resort to firing in self-defence.

Pakistani armed forces commenced their "unjustified and aggressive" firing on Indian terrrtory on July 1, and even on the 20th day they have been continuing it every day, it is reported.

MORE RLY. COACHES

The Union Deputy Railway Minister, Sri Shah Nawaz Khan stated yesterday at Madurai that the Integral Coach Factory at Perambur would soon produce 750 passenger coaches annually in place of 350 coaches turned out at present.

He said this more-than-doubling of the factory would help to solve overcrowding in railways.

The Minister appealed to the railway workers to help to check the " huge loss incurred by the railways through ticketless travel." A recent surprise test check on the railways showed that on some of the branch lines, ticketless travelling was " as much as 50 per cent, an astounding proportion," he said.

DEMOCRATIC DECENTRALISATION OF POWERS

UNION MINISTER'S PLEA AT C. D. CONFERENCE

Mysore, July 23

The six-day National Conference on Community Development commenced here this morning at the Townhall. More than 200 officials of the various Central Ministries and State Governments attended the session.

Chief Minister Jatti, Sriman Narayan and S. Nijalingappa were also present.

Governor Jayachamaraja Wadiyar welcoming the gathering said that Community Development programme was now firmly established the method of achieving national progress through guided and organised co-operation and self-help in the villages. C. D. Work, he said, was an example of co-operation par excellence and it called for coordination of Government effort in the Centre and the States and workers in widely differing fields of public service. By this co-ordinated effort every department of rural life was benefitted and the villager himself was lifted up.

The Governor stressed the need for proper leadership by administrators. A nation wide effort of a comprehensive character could not succeed without earnest and thoroughgoing administrative guidance. Here he complimented the members of the Civil Service in Mysore for discharging the additional responsibilities that had devolved upon them.

It is the duty of all of us, the Governor concluded, to do our best utmost in the cause of national progress and thus strengthen the hands of the Prime Minister in his noble effort to make India a respected member of a peaceful international fellowship.

Sri S. K. Dey, the Union Minister for Community Development in his 80-minute address stressed the urgent need for democratic decentralisation of powers so that more and more people would take up the responsibility of nation's development programmes.

The Minister said that for the first time in the history of the country, there was today an administrative unity and a pattern evolved that never existed. Unless there was a sound and common administration, the talk of socialism was a moonshine.

Referring in detail the various measures achieved during these years, Sri Dey said they had succeeded in covering nearly 60 to 65 per cent area of the Community Development programme in the country and this pattern had come to stay and it would soon be extended throughout the country.

Accused Hurls Stone At Magistrate

INCIDENT IN CITY COURT

Mysore. July 23

Nagaraja alias Linga, an accused in theft case hurled a stone at the trying Second City Magistrate, Sri Sanjeeve Gowda, here last evening. Providentially the stone hit the wall and the Magistrate did not sustain any injury.

This incident occurred when the Magistrate sentenced the accused to six months R.I. for stealing a watch in the house of Sri Shankara Rao in the City.

★The Government of India have requested the State Governments to arrange community singing of "Jana Gana Mana" in colleges and schools as part of this year's Independence Day celebrations on Aug. 15.

The Minister declared that if there was to be permanent improvement in the country, people as a whole had to move together. He wanted a People's State which would automatically become a WelfareState. The key to the success of democracy in India would largely depend the success of non-official endeavours. Here he wanted these non-officials should be properly educated and enlightened. For this the present ConsultativeCommittees should take up that responsibility of training leadership in the country.

WOMEN PICKETERS LATHI-CHARGED

A large number of women volunteers yesterday picketed the Collectorate at Trivandrum and forced their entry into the compound when it rained. Police made a lathi charge and burst a number of tear gas shells to disperse the demonstrators. 11 persons received injuries. 60 women picketers were taken into custody.

HARNESS ENERGIES OF RURAL PEOPLE

KRISHNAMACHARI'S PLEA AT C.D. CONFERENCE

Mysore, July 23

Inaugurating the National Conference on Community Development here today, Sri V.T. Krishnamachari, Deputy Chairman of the Planning Commission, stressed the need for harnessing the unutilised energies of the people in rural areas for works of benefit to the country.

Sri Krishnamachari at the outset laid great emphasis on the role which co-operation should play in Community Development. The development of co-operation and C.D., he said, was to be comprehensive, linking rural life with urban life and activities and with the national economy as a whole. An essential requirement for this development was detailed planning at the village level.

Referring to co-operative movement in India, he said although the movement developed as a people's movement and its moral aspects attracted a number of dedicated workers, it did not become part of the life of the people. Thus development programmes touched only a small fringe of the population and there was no concerted effort to improve all sides of village life.

So our plans, he pointed out, had initiated large-scale programmes of social and economic development as the only way of raising the standard of living. The agrarian reconstruction and industrialisation could not be regarded as separate processes and their aim was to reduce the proportion of population depending on agriculture to about 55 to 60 per cent by 1976.

Sri Krishnamachari laid the greatest emphasis on sound ideological approach. "Our approach should not be rigid and there should be flexibility in our planning. We should find solution to problems and strike our own national balance between liberty and progress; central control and private initiative and national planning and local authority," he said.

He said that there should be a general acceptance on the part of every local community of responsibility for enforcing customary obligations like the excavation of field channels, maintenance of bunds and channels, contour-bunding, etc. Here there should be an element of legal obligation on the community. With assistance from Government and local bodies, village communities should be induced to provide themselves with basic amenities.

Sri V.T.K. stated that they should increase our technical and administrative efficiency in planning and implementing our programmes in order to ensure that, at every state, the maximum returns were obtained. They should also ensure that as facilities were created they should be used to the best advantage by the millions of families in the countryside.

He said village production plans were essential for obtaining the best results from the large expenditure incurred on agricultural programmes in the Plan. He hoped that by 1963 all villages in the country would be covered by community development blocks.

He wanted that the active assistance of best non-official leaderships at all levels should be enlisted and the official machinery should also incerase in efficiency. Special importance should be attached to the training of village leaders. The study of community development and co-operation should become an essential element in different branches of education. This was the best way of creating interest in the movement in young men and women and building up future leaders.

In conclusion he said "what is more important is to develop the capacity of people to improve their own standards of living through village production plans which they have accepted and for which they would be willing to put forward their best efforts."

Co-ordinate Panchayat And Co-Operative

C.D. CONFERENCE PLEA

Mysore, July 25

The National Conference on Community Development here yesterday discussed the various community organisations in implementing various development programmes and emphasised the need for co-ordination between the Panchayat and the co-operative--two basic village institutions.

The Conference recommended that while panchayat should take promotional interests in the co-operative, its functions in that respect should be precisely defined. This it was felt, necessary to safe-guard against interference by the Panchayat in the day-to-day working of the co-operatives, particularly in lending and supervision of credits.

The formation of voluntary organisations of youth and women was approved by the Conference.

The Conference had a lengthy discussion on the question of preparation of budgets by panchayats. The consensus of opinion was that the budget should be divided into two separate parts. Panchayats should have unfettered freedom relating to provision of resources raised by them. In regard to grants, some guidance would suffice.

In this connection, the Union Minister Dey emphasised that the Panchayats should be given opportunity to learn by trial and error and that nothing should be done to curb their initiative.

PENSION BENEFIT TO IND. WORKERS

Bangalore, July 25

The Union Deputy Labour Minister Abid Ali stated here yesterday that the Government of India was contemplating a comprehensive labour legislation combining the laws relating the Employees' State Insurance, provident fund, lay-off comepensation and retrenchement compensation.

The question of pension benefit for all industrial workers might be considered along with that legislation, he added.

The Deputy Minister disclosed that the Centre had empowered the States of Mysore, Kerala, West Bengal and Assam to set up wage board for plantation labour.

UPPARA STUDENTS' MEETING

Mysore, July 25

A meeting of the uppara community students will be held here tomorrow at 10 a.m. at Ramdas Uppara Hostel in Saraswathipuram.

CALL TO HARIJANS

Mysore, July 25

The Union Deputy Minister for Community Development, Sri B. S. Murthy called upon the Harijans to stand up together and fight against injustice meted out to them by the caste Hindus.

He was replying to an address presented to him by the local Depressed Class League here on Thursday.

Mysore Minister N. Rachiah presided.

The Deputy Minister deplored that even today Harijans were being denied their legitimate rights and status. They could no longer suffer in silence the injustices being perpetrated on them. He warned that if the Hindus did not change their outlook the existence of Hindu Samaj would be itself in peril.

Sri K. Siddiah presented the address to the Minister.

GRAVE SITUATION IN KERALA

Smt. Sucheta Kripalani, General Secretary of the All-India Congress who is now in Trivandrum to study the situation stated yesterday that "there is enough ground for Central intervention in Kerala."

She said the Congress High Command was 'fully aware of the 'grave' nature of the situation in Kerala and the situation should not be allowed to continue long and had to be solved soon.

On the Government's suggestion for negotiations, she said 'the door of negotiations is never closed. But a proper atmosphere has to be created.'

C.D. Movement Highest Significance

SAYS PRIME MINISTER

Mysore, July 25

Prime Minister Nehru in a message to the Community Development Conference here has stated that Community Development movemenet in India "is of the highest significance".

The Message which was read out at today's conference stated the Community Development "is performing a task of revolutionary depth and magnitude for it is endeavouring to change, peacefully and progressively, the social order of our 300 million inhabitants of rural areas."

The Prime Minister says "the real change, of course, comes from within the village, from the people living in the village, and is not imposed from outside. It is a process of self-development and self-reliance."

He wanted that there should be a growing measure of decentralisation and delegation of authority. In this there was a danger and risk of things going away because of lack of experience and that risk should be cheerfully faced.

★An agreement has been signed between Canada and India for the use of funds worth 3,750,000 Sterling to develop technical education in India.

LANGUAGE POLICY TRIBUNAL

92-year-old scholar in Vedic literature, Pandit S.D. Satawalekar of Bombay has submitted a petition to the Speaker of the Lok Sabha asking for the appointment of a "Language Policy Tribunal" for formulating a comprehensive language policy for the country.

He said when the State of Israel could very successfully make Hebrew the language of the State, he failed to understand why India could not do so in regard to her ancient language of Sanskrit. The choice of Hindi was a hasty decision and it was very unjust to 67 per cent of Indians.

STRUGGLE TO BE INTENSIFIED

Sri Mannath Padmanabhan, leader of the Kerala Vinomachana Samara Samithi stated yesterday that he would give a call for intensifying the agitation in every village, taluk and district in Kerala so as to bring about a "total paralysis of the administration at all levels."

He said Communist rule in Kerala could be ended in a week or two even without Central intervention, if thousands of people were ready to plunge into the struggle.

WOMEN RURAL WELFARE PROJECTS

Smt. Durgabai Deshmukh, Chairman of the Central Social Welfare Board stated that its grant in-aid programme had brought within its fold over 7,000 institutions, to whom grants totalling nearly Rs. 3 crores had been sanctioned.

The next programme was that of rural welfare extension projects. Projects started after 1957 were to be integrated with the Community Development programme.

The most important feature, she said, was the need for merging a programme of social welfare with a programme of economic rehabilitation. The scheme now finalised would soon enable over 1,000 women to earn a living.

LAWYERS SUPPORT KERALA AGITATION

Mysore, July 27

The local lawyers at a meeting held here at the Bar Association on Saturday with Sri T. N. Nagaraj in the chair, has adopted a resolution extending their support to the people's agitation against the Communist Government in Kerala and urging upon the Central Government to create law, order and peace in Kerala and protect the people from terrorism of the Communist rule.

The resolution viewed with sorrow that the Communist administration has "met the peaceful movement with savagery of repression which has become habitual with them. Instead of acting in accordance with the elementary principles of democracy, the Communist Government has lost its humanity and opened fire at people".

GHATAPRABHA PROJECT

The Central Government have accorded sanction to the Mysore Government. to proceed with the work of the second stage of Ghataprabha Project, at a cost of Rs. 5 crores.

The second stage consists of the construction of a reservoir at Hidkal, extension of left-bank canal up to 73 miles and excavation of right bank canal.

The scheme envisages irrigation of six lakh acres and it would cost Rs. 35 crores.

LOCAL PLANS FOR AGL. PRODUCTION

Mysore, July 27

The National Conference on Community Development meeting here has agreed with the view that district and bloc plans for agricultural production should form the basis for State Plans.

The Conference felt that by the middle of October next each State should test the idea of local plans in one or two districts and also in a few blocs with a view to ascertaining the difficulties against which provisions must be made in advance before undertaking local plans in all areas. While the district and bloc plans may be for a five year period, it was streesed that plans for individual villages should be more suitably drawn up for a year or two at a time.

The local plans, it was opined should include a provision for certain minimum amenities for rural areas like adequate supply of drinking water, schools and roads linking each village to the nearest main road.

AID TO SLUM CLEARANCE

The Government of India have decided to increase the quantum of Central subsidy to States for slum clearance work from 25 to 37½ per cent.

The State Education Ministers' Conference to be held on Aug. 8 and 9 at Delhi will discuss the main points for action for the achievement of the objective of free and compulsory education for all children in the country upto the age of 11 before 1965-66.

CENTRAL INTERVENTION LONG OVERDUE

-SAYS CONGRESS PRESIDENT

Congress President Indira Gandhi stated yesterday that it was 'time for the Government of India to act in Kerala.' Central action was in fact already overdue in view of the realities of the situation in Kerala, she added.

She observed that if the Central Government does not act now, it will be bad not only for Kerala but for the rest of India, because people in authority may begin to think that they can get away with anything, even if the people are against them

" If the Constitution has no remedy for the people of Kerala, the Constitution should be amended. A Constitution is meant to serve the people and the people were not meant to serve a Constitution," she added.

MASS UPSURGE

Smt. Sucheta Kripalani, Congress GeneralSecretary who was deputed to study the situation in Kerala stated yesterday that the agitation in Kerala was a spontaneous popular upsurge against a Government which was unjust and unfair. The Communist Government, in its two and half years of administration, had either not been capable of or failed to uphold the basic principles of our Constitution, namely equality of protection and equal justice to all.

Instead, they had attempted to establish in the State an admistration which recognised two types of people-one type of people who are above law and the other type who are denied equality and justice, she said.

Smt. Kripalani dismissed the Communist Party's propaganda that the movement in Kerala was organised by jealous and disgruntled political parties at the behest of communai forces and said it was impossible for any sectional interests or small parties to organise a movement of this kind. The movement in Kerala, she said, was unique, because the people of the State irrespective of caste, religion, community or standard had raised their voice of protest against 'the acts of high-handedness and oppression of the Communist Government.'

DANGEROUS TRENDS

The leader of the Communist group in Rajya Sabha, Sri Bhupesh Gupta strongly criticised the statement of the Congress President for amending the Constitution to facilitate Central intervention and said this was most dangerous and provocative. " These and other statements of Smt. Gandhi would show that she is developing the accents of the precursors of the Ayub Khan regime in Pakistan with remarkable rapidity," he said.

PLANNING FORUMS IN COLLEGES

Mysore, July 27

The Role of the Planning Forums in Colleges in making the students active participants in Planning by setting them to study, think about and carry on researches on the Plan, was stressed by Shri S.N. Mishra, Deputy Minister for Planning, Government of India, here on Saturday. If millions of our students look upon planning, the instrument of social and economic revolution, merely as passive spectators who would participate, tomorrow, in the process of planning, he asked.

The Union Deputy Minister was addressing the Mysore State Planning Forums Executive Committee which met here at the Maharaja's College.

Explaining how very easily yet effectively the Planning Forums could attract the student world to think on the Plan and the problems of the country, Shri Mishra declared that only the popularity of the Forum among the students was the sure sign of its success in the College and not too much its physical achivements.

He suggested among other things, the setting up of information corners in the College for dissimination of knowledge and display of literature on the Plan, maintenance of a Register of active members, organisation of group discussions, seminars etc., and adoption of an emblem with a motto to create a sense of brotherhood among the members of the Forums. He stressed the importantnce of the study of the Plan by the students and teachers, and the dynamic thinking it would result in. Alluding to the social work the Forums would undertake in the villages, the Dy. Minister stated that such work too should help the members of the Forums to measure their understanding of realities rather than helping the villagers.

Earlier, Education Minister Shri Annarao Ganamukhi, aquainted him with the working of PlanningForums in theColleges of the State and said 27 of the 84 Colleges in the Stae were having Planning Forums.

14.5-LAKH SURGICAL BLOCKS FOR K. R. HOSPITAL

FOUNDATION STONE LAID TODAY

Mysore, July 28

Sri V. T. Krishnamachari, Deputy Chairman of the Planning Commission today called upon the medical men to serve the rural parts for which he wanted proper facilities and sympathy created by the authorities.

He was laying the foundation stone for the surgical ward of Krishnarajendra Hospital, here, this morning.

Health Minister Hegde welcoming the gathering stated that the State Government has decided to put the surgical blocks at a cost of Rs. 14.5 lakhs with a capacity for 312 beds and six operation theatres. It will also have lodging for 20 House Surgeons and for 18 interns. He hoped that their request to the Centre for allotting two more medical colleges in the State would materialise.

Sri Krishnamachari at the outset paid tributes to the Mysore State for taking a lead in providing educational and medical aid unequalled in any parts of India.

He then referred to the steps taken by the Central Government to improve the medical facilities and said that in the first Five Year Plan, there was provision for 2,200 admissions to Medical Colleges and now it had risen to 4,300 seats. He was sure that in the Third Plan, this progress would be improved

Sri Krishnamachari said that the request for medical expansion in the Mysore State was a legitimate demand and hoped that the Planning Commission and the Government of India would come to their aid for more medical colleges He was glad that the Mysore Government had a co-ordinated well knit plan for expansion of medical facilities and hoped that this would be carried out rapidly.

The Deputy Chairman then referred to two main problems facing them and said the first was the question of wastage at all stages of medical education. Students drop out at various stages and he wanted that this human and financial wastage should be avoided The second was that although they were turning out a large number of medical graduates, they were not able to attract them to work in rural areas. So he suggested that they should do something to give sympathy and practical training to medical graduates so that they might work in rural parts.

Chief Minister Jatti who presided stated the construction of a surgical block at this hospital had been a long felt want. With the growth of population, there had been no corresponding increase in ward-space of the K. R. Hospital and had tended to be increasingly over-crowded. Indeed, congestion in the hospital was so great now, that the very sight of a ward was enough to make anyone sick.

Sri Jatti said a surgical ward was no pleasant sight, no balm to sore eyes even under ideal conditions. In their present overcrowded condition, the surgical wards of the K.R. Hospital might aptly illustrated our Puranic description of "Yamaloka".

In order to relieve the congestion, the Surgical block was being constructed. Even with a provision of 312 beds, 6 operation theatres and other auxcillary amenities might prove inadequate and as such a fourth floor proposed to be raised eventually to provide lodging for 20 house surgeons and 80 interns might conceivably had to be utilised for providing additional beds. He hoped that the Centre would come to their aid in all these developments

Chief Minister here paid tributes to the K. R. Hospital for its high standards of medical-surgical attention and hoped that the new surgical block would prove to be the best of its kind in the country, not by virtue of the excellence of its equipment, but by virtue of the diligence and dexterity of its surgeons. Inspite of all the advance in science the world had witnessed, the hand remained the most important instrument in surgery, he added.

Public Works Minister Channabasappa proposing a vote of thanks appealed to the Deputy Chairman and other members of the Planning Commission to see that the second stage for the Sheravathi and Ghataprabha Hydro-Electric Projects was sanctioned so that the State might be able to meet the ever growing demand for power. He thanked Sri VTK for taking personal interest in seeing that the Sheravathi Project was taken up in the Second Plan period alone. The Minister assured that the surgical block would be completed in "the minimum possible period".

C.D. Conference Council

Mysore, July 28

The Six-day National Conference on Community Development concluded here today.

Chief Minister Jatti addressing the delegates stated what is really important at the present moment was to ensure that village institutions come into being very soon and that they functioned on really sound lines. There was urgent need for building up self-reliant and responsible democratic institutions at the village level. But in his opinion it was not desirable to give a variety of functions to the Panchayats at this stage.

He also stressed the need for bringing to the field of co-operative movement every family in this country and particulary in the rural areas.

Save India Campaign In Kerala

The Kerala Vimochana Samara Samiti has called for the "Save-India campaign" to begin on the the " Quit India Day ", Aug. 8.

On that day 2,50,000 volunteers out of 3,25,000 will march into the capital. The following day, one lakh of these marchers, men and women, will "storm" the Secretariat and remain there. The rest of them will distribute themselves in the other public offices in city and the residences of the eleven Ministers where they will commence their "round-the-clock mass picketing".

POST-GRADUATE STUDIES

The Committee on post-graduate studies and research set up by the Planning Commission, has recommended that post-graduate courses must be started on a high priority basis to cover an increasingly wide field of subjects-

The committee felt than every effort should be made and means devised through appropriate incentives to attract top ten per cent of the students to post graduate studies and thereafter to persuade and encourage them to take to teaching and research work.

INDC TO MERGE WITH SWATANTRA PARTY

The Indian National Democratic Congress Working Committee has resolved to marge the INDC with the Swatantra Party.

ROLE OF VILLAGE PANCHAYATS

Mysore, July 28

Sri H. C. Linga Reddy, Deputy Minister for Planning, addressing a meeting of the members of the Village Panchayat and Co-operatives of the Mysore Taluk, here, stressed the importance of the role to be played by people in making the Community Development programme a success.

He pointed out that development plans could not be worked by sitting at Delhi or Bangalore. That is why, the Government had decided to give more powers to Taluk Boards and Village Panchayats and allow them to spend 35 per cent of the revenue collected for improving their areas. He hoped that people of the villages would bear this responsibility and discharge to the benefit of all.

Sri K. Putaswamy, MLA, welcomed the Deputy Minister.

Rule Of The Jungle

The lawyers of Trivandrum have strongly condemned the " inhuman and outrageous" acts committed against the women picketers at Trivandrum without the least provocation.

The ' chain of gruesome incidents ' in Trivandrum on July 22 and 23, the lawyers stated, have convinced them that the 'rule of law has been substituted by the rule of the jungle.'

The lawyers said : ' We were eye witnesses to some of the gruesome incidents that took place in the city on those days. All these atrocities were perpetrated before the very eyes of the District Collector. Even the chambers of some of the advocates were invaded and some of us actually saw pedestrians chased furlongs away.'

DELEGATES FETED

Mysore, July 28

To meet the delegates of the Community Development Conference, the City Municipal Council got up a party last evening at the Exhibition buildings.

After Tea, Municipal President Kenge Gowda welcomed the delegates.

Sri V. T. Krishnamachari, Deputy Chairman of the Planning Commission thanked the Council for their kind hospitality and said Mysore City was not only the most beautiful city in India but also reputed for providing educational, medical and cultural facilities to the people.

INCREASE IN RLY. FARES AND POSTAL CHARGES

TO MEET FUNDS FOR THIRD PLAN, —SAYS NARAYAN

Mysore, July 29

Sri Shriman Narayan, Member of the Planning Commission hinted here the possibility of increasing the railway fares and postal charges for meeting the cost of the Third Plan.

Addressing a meeting at the Gandhi Smarak Nidhi, Sri Narayan said that in the Third Plan, the idea of running the public enterprises like the railways and posts on a non-profit and no-loss basis would give place to an idea of earning reasonable profit as a source of capital formation required for the Third Plan.

Giving the broad measures by which the resources were to be raised for the Plan, he said local bodies like the Panchayats would be required to raise resources locally for implementation of their development work. The Central Government would not finance as much for such schemes but would give technical and other assistance. The third measure was to mop up resources by savings and borrowings and the last was to levy some kind of additional taxation on the richer sections of the people.

Explaining how the Third Plan contemplated to work in Gandhian direction, Sri Narayan said that the first basic objective of any planning was provision for full employment. At the end of the Third Plan, it was anticipated that 23 million people had to be found employment. With a view to inducing the villagers to settle down in the villages, the Third Plan wanted to remove the glaring disparities between urban and rural lives by concentrating on the provision of basic amenities.

SERVICE CO-OPERATIVES IN VILLAGES

NEHRU'S PLEA TO CO-OPS. CONFERENCE

Mysore, July 29

Prime Minister Nehru in a message to the conference of the State Ministers of Co operation, which commenced here yesterday, stated that the whole approach of co-operation had been inherent in the National Congress for a generation or more and it was almost as old as the Congress under Gandhiji. "It is surprising that peoples' memories should be so short as to forget this", he said.

The Prime Minister said some people are under the mistaken impression that the stress that is being laid now on village co-operatives and on co-operative farming is something entirely new--that is a departure from previous policy. Congress has laid down long ago to build up a co-operative Commonwealth. Our immediate task is to have service co-operatives all over the villages in India and this will lead in the future to co operative farming. But it must be remembered that the essence of co-operation was it is voluntary in character and there can be no compulsion imposed on co-operation.

He also stressed the necessity for trained personnel to run co-operatives. That training, he said, was not only to be high-level training but should include some kind of limited training even for the panchas and sarpanchas.

The Union Minister for Co-operation, Sri Dey in his inaugural address referred to criticisms against co-operative farming and ' deceitful acts of influential landlords in defeating land legislation ' and said fortunately they had plenty of experience in the working of co-operative farming.

The Minister said that though the country this year had an unprecedented bumper crop, prices of food grains had gone up and he attributed this rise to " sabotage work " of private traders. A need had therefore arisen for State trading in foodgrains and said that there could be no State trading without co-operative farming.

He also stressed the importance of Registrars in the proper development of the co-operative movement and said Registrars should be well trained and competent men with fixity of tenure, proper training and make up. He also pleaded for preparation of village production plan

Baseless Charges, Says Kerala Govt.

The charges made by the Kerala Pradesh Congress against the Communist Ministry was "totally baseless", says the Government of Kerala.

In reply to the memorandum submitted by the KPCC to President, the Government of Kerala stated yesterday that KPCC's demand for fresh general election was based on "baseless presumption" that a big change-over in the opinion of the people had taken place. There was no proof for this-on the other hand, the results of the various bye-elections that had taken place during the last two years showed that the support behind the Government was growing.

The Government said "what is happening now is only that those organisations which were opposed to this Government from the beginning but did not demand its resignation or a fresh general election have, as if by a word of command issued from some common centre, started doing so".

"Instead of adopting a straight constitutional procedure against the Government if they were subverting democracy as alleged in the memorandum, the Opposition have resorted to the totally unjustifiable, unconstitutional step of launching upon direct action with the avowed objective of paralysing the administration".

" Is it not clear that the solid support behind the present upsurge is supplied by the big bankers of Kerala who have taken a pledge not to contribute to the National Plan loan unless and until the present Government is removed and the big landlords who have taken a similar pledge to lay their lands waste till the Government is removed and by the hundreds of other capitalists who are making large donations to the coffers of the Vimochana Samara Samiti", it added.

Increased Credit For Co-Ops.

EXPERT BODY TO BE SET UP

Mysore, July 30

The two-day Conference of State Ministers on Co-operation, which concluded here yesterday, has recommended for setting up an Expert Committee to examine the question of increased credit required for the expanded programme of co-operative development.

The working group on Co-operative policy had suggested the ways and means of finding adequate finance for a plan of agricultural production in each village as well as marketing the agricultural produce should be examined by the Government and the Reserve Bank.

The Conference also recommended that the Committee should examine the loan policies of credit institutions from the Apex to the primary level and measures necessary for increasing the borrowing power of village societies and also the question whether it would be desirable for the States to participate in the share capital of primary societies.

The conference agreed that there should be only one single line of credit available to the borrower and no immediate need for supplementary credit proposed under the pilot projects.

POOR INDUSTRIAL GROWTH: STEEP PRICE RISE

RBI SURVEY OF 1958

Indian economy in 1958-59 revealed "mixed trends" inasmuch as, while the drain on foreign exchange reserves was much less then the loss in preceeding two years, the price situation was "a matter of concern" and the growth of industrial production "disappointing", according to the Reserve Bank of India's report.

The drain on foreign exchange reserves at Rs. 47 crores for the year as a whole was much less than the preceeding two years—Rs. 260 crores in 1957-58 and Rs. 221 crores in 1956 57.

The employment situation continued to cause concern, as a result of more rapid rise in the number seeking employment as compared to job opportunities.

The decline in the pace of industrial growth should be attributed in part to continued shortage of essential raw materials and component parts.

A feature of the industrial growth in 1958 was the steep rise recorded by some of the units in the public sector, the output of machine tools from Rs. 125.5 lakhs to Rs. 227.7 lakhs and Penicillin from 26.93 million mega units to 31.8 tons.

Overall agricultural production suffered a severe set back during 1957-58. The fall was as much as 11 per cent in the case of foodgrains.

Prices rose almost continuously up to October 1958 but thereafter there was a slow decline.

LAND REFORMS BILL

INTRODUCED IN STATE ASSEMBLY

Bangalore, July 31

The Mysore Land Reforms Bill was introduced in the State Assembly, here yesterday when it commenced its ten day special session.

Revenue Minister, Sri Kadidal Manjappa who piloted the Bill stated that with the land reforms, about three to four per cent of the owner-cultivators would be affected. As for the absentee landlords, "they have to suffer in the interests of the country". With the imposition of ceilings three to four lakh acres of surplus lands would be available for distribution to the landless and the displaced.

The Minister made it clear that the enactment of land reforms would not solve all the problems of the rural people and it was not right to think that people in villages could eke out their livelihood by means of agriculture. The Government must start small-scale industries in rural areas.

Sri Kadidal said that generally the well-to-do sections of the people and particularly the absentee landlords had bitterly criticised the Bill. "We cannot enact land reforms without affecting anybody's interest. In the very nature of things, agrarian reform cannot give stisfaction to all the people concerned. In a measure like this, we cannot give satisfaction to all the people concerned. but we can try to do justice to all", he added.

He said the owner-cultivator will be affected only when he is owning more than three family holdings. Even then. he will not be affected if he is the owner of plantations. Under the Bill apart from exempting the operation of ceilings on lands under coffee, rubber, tea, cardamom, cocoanut, areca and pepper, there is also the provision for exempting orchards, specialised farms and sugarcane farms.

The land which is in excess of the ceiling (Rs. 1,200 income for a family of five), will have to be surrendered to the Government, for which he will recieve compensation equal to 15 times the average net annual income.

The Minister also stated that provision has been made for the encouragement of Co-operative farming. If ten or more persons of a village or two holding lands between them either as tenants or owners, 50 acres or more, may form a society for co-operative farming. The lands belonging to the members of the society stand transfered to the farm but the members' interest in the land will not be extinguished.

PRODUCE PROTECTIVE FOOD

UNION MINISTER'S PLEA TO FOOD TECHNOLOGISTS

Mysore, Aug. 1

Union Food Minister, Sri Ajit Prasad Jain today stressed the paramount need for application of modern Food Science and Technology to the production of protective foods.

He was inaugurating the one week regional seminar on Food Technology organised by the FAO for Asia and the Far East, here at the Central Food Research Institute.

Dr. V. Subramanyan, Co-Director of the Seminar welcomed the delegates.

Dr. A.G. Van Veen, Director of the Seminar read out a message received from the Director-General of the FAO who empahsised for the development of less expensive and efficient technical methods to produce more food.

Prime Minister Nehru in a message hoped that the Seminar will yield results which will help countries of Asia and the Far East in not only adding to their food production but also food conservation and better utilisation of available food.

Sri Jain stated that a major problem that confronted our country as also other in the region was the poor nutritional quality of the foods which a large section of our people had to consume. This waspartly due to the religious and sentimental background of certain sections of our people. The main reason, however, was the heavy pressure of population on land which rendered it necessary for a large section of our people to subsist on what is predinantly a starchy diet with large deficiencies in respect of proteings, minerals and vitamins. So our most urgent needs, he pointed out, were suitable food supplements that would make up for the deficiencies in the dietary of our vulnerable groups. They were also badly in need of cheap and easily assimilable weaning foods which would come within the reach of even our lowest income groups.

The Minister suggested that U. N. organisations should give priority to setting up a Regional Centre for carrying out a survey of the resources of the region and how they could develop valuable protective foods out of materials available in each country of the region.

Sri Ajit Prasad declared that if the modern methods of storage that we apply in our Government stores and warehouses could be extended to the holdings with the farmers, merchants and the private citizens, we can wipe out a substantial part, if not, the entire foodgrain deficit we now have.

The countries represented by our Region, the Minister said contain more than half the population of the entire world and are richly endowed by nature with abundant supplies of fruits and vegetables, besides, a vast cattle, poultry, pig and fish population. Inspite of all this, this region is now becoming steadily a deficit area in respect of these very commodities. This is largely due to the enormous increase in population. Referring to India he said, we are facing a gigantic task, but thanks to the intensive development which have followed during the first two plan periods we have been able to keep the deficit at a minimum level. During the Third Plan period, we hope to do still better but the most important factory of all is human endeavor and in this we will require all the assistance that we can get from modern science and technology.

GOVERNOR'S ADDRESS

Sri Jayachamaraja Wadiyar, Governor in his presidential address stated that our difficulties with growing population could not be resolved by a mere change in agricultural processes and techniques. It was an economic, educational problem and indeed that involved the whole organisation of society. "What is needed is a many-sided attack on food front, bearing in mind its repurcussions on people and society."

The Governor said the economies of the countries of Asia and the Far Fast are predominantly agricultural and over three-fifths of the population in these regions depend for their livelihood on land. The urgent need is the rapid development of agriculture and natural resources generally, to meet the requirements of expanding populations for food and the bare necessities of life and the raising of the living standards of those engaged in agriculture.

The Governor said "there is no enough food to go round and half the world's people are ill fed and under-nourished. The bulk of the world's poorly nourished people are in the countries which are comprehended in the deliberations of your seminor. With present knowledge and resources, not counting that nucler energy might do in the near future, it is possible that the earth can feed its population. But science needs more knowledge of the tropies where the greatest new land potential lies. I am confident that putting all your knowledge, experience and command of science and technology you will be able to offer positive plans for the expansion of food production, better utilisation of raw materials and discovery of new and nutritious types of food".

KERALA MINISTRY DISMISSED

PRESIDENT TAKES OVER ADMINISTRATION

President Rajendra Prasad last evening issued a proclamation taking over the administration of Kerala from Namboodripad's Ministry.

With the issue of the proclamation, the Communist Ministry stands dismissed and the State Assembly dissoled.

A general election for the constitution of a new Assembly will be held "as soon as possible".

Shortly after the proclamation, the Governor of Kerala, Dr. Ramakrishna Rao issued a statement declaring that the President's rule would be "for a minimum period necessary to complete the process of appeal by political parties to the electorate and seek their verdict with a view to forming a stabler government".

DIRECT ACTION WITHDRAWN

Immediataly after the proclamation, all the opposition parties announced the withdrawal of their direct action programmes.

The Kerala Parivate School Managers' Association has called upon the private school managers to open their schools from today.

ENDANGER DEMOCRACY

The outgoing Chief Minister Nambooripad stated that he and his colleagues regretted the decision of the President "not only because we have been denied the opportunity to continue the work which we have been doing for nearly 28 months--nor even because such an act of dismissing a State Ministry is contrary to the spirit of the Constitution.. but mainly because such a step will further complicate political situation in this State, and will endanger the healthy growth of democratic institutions in the entire country".

REDS PROTEST DAY

The Communist Party of India has called upon party members to orginise "nationwide peaceful protest actions on Aug. 3 against the dismissal of the Kerala Ministry and the attack on the parlimentary system and democracy".

Enough Food Stocks

Bangalore, Aug. 1

The Union Food Minister Jain stated here last night that most of the States had built up stocks which were considerably higher than that of many previous years and these stocks would help them to keep the situation under control during the lean months.

He said prices in the South though higher than those of the last year, appear to have stabilised or are declining.

ALIEN ATTITUDE OF INDIANS IN UGANDA

Mr. Leonard Natheneal Basude, Agriculture Minister of Uganda, who is in India on a health-cum-holiday stated at Bombay that the racial relationship between East Africans and Indian settlers in those countries were steadily deteriorating. The reason, he attributed, was the attitude of Indians who had failed to identify themselves with the land and people where they lived and tended to look down on Africans.

Facilities For Failed Inter Students

Mysore, Aug. 3

At the general body meeting of the Akhila Bharatiya Vidyarthi Parishad held here on Saturday under the presidentship of Sri T.S. Shanker, it was resolved to send a five-member deputation to the University authorities for representing the student's grievances.

The Parishad adopted a resolution demanding that the failed students of the Intermediate should be given atleast three chances to appear for the examination or allow them to join the second year B.A. or B Sc. by giving ordinance in failed subject.

It also urged that early admission should be made in Technical colleges and thereafter allow some time for students to join B.A. and B.Sc. Classes.

The Parishad also wanted that old proceedure of receiving fees should be followed and not the present system of demanding every month.

PSP WELCOMES CENTRE'S RULE

Mysore, Aug. 3

Sri M.S. Gurupadaswamy, President of the Karnataka Praja-Socialist Party in a statement has welcomed with great relief and satisfaction the termination of the "oppressive tyranny of the Communist rule in Kerala".

He says "the victory of the people in Kerala has a great lesson to offer us that even little carelessness or callouseness about vital values of life and any commission of desperate deeds to escape present dissatisfaction lead only to our ultimate ruin. The Kerala episode should always remind us of the fact that freedom and economic justice can flourish only in an environment where people have an undying faith in democracy".

MINIMUM WAGES FOR BEEDI WORKERS

Mysore, Aug 3

The Committee appointed by the Mysore Government to recommend the minimum wages for the beedi workers has suggested Rs. 1-13 per day as reasonable wage for adoption.

It has recommended to the Government to appoint district-wise gazetted officers to implement the minimum wage. The Committee was not in favour of housing the beedi industry in factories as it was in the nature of a cottage industry.

FREEDOM OF THE INDIVIDUAL

AIM OF SWATANTRA PARTY, SAYS RAJAJI

The Swatantra Party was not mere party but a ' movement of freedom,' declared Sri C. Rajagopalachri, when he formally launched the new Party at Bombay on Saturday.

He said that the Swatantra Party ' is pledged to social justice and equality of opportunity for all people without distinction not only of religion, caste or occupation but even of political affiliation.

He declared "We stand for the great principle enunciated by Mahatma Gandhi and constantly emphasised, of maximum freedom of the individual and minimum interference of the State".

Rajaji warned: "the State is becoming a giant entity by itself menacingly poised against the citizens, interfering with his life at all points, mistrusting the people, imposing restrictions, introducing a series of controls and regulations, stepping into the fields of agriculture, industry and trade, creating an army of officials, tremendously increasing the cost of administration and therefore the taxes paid by the nation, hypnotising the people with slogans that are mistaken for thought and wisdom, a scheme of Government in which it is taken for granted that the citizen is ignorant of what is his own interest".

' The ruling party must be replaced by a party that will respect the freedom of the individual. The Swatantra Party stands for this freedom. Its stand for individual initiative and enterprise,' C. R. declared.

Rajaji said that he did not belong ' to the 19th Century, but to a few centuries before Christ, that glorious century ' of Ashoka who wrote Dharma on the stone.

Appealing to the people to give the pride of place to Dharma in India, he said ' My very dear friend, the Prime Minister is suffering under the delusion that all that is old is bad.'

Sri K. M. Munshi, former Governor of Uttar Pradesh has joined the Party.

KERALA GOVT. WANTED CENTRAL INTERVENTION

PRIME MINISTER'S DISCLOSURE

Prime Minister Nehru disclosed yesterday that the Kerala Government wanted the Centre to intervene. The reason was that the Kerala Government felt that the opposition was growing to such an extent that they (Government) would not be able to handle the situation.

The Prime Minister is understood to have disclosed this to the Congress Parliamentary Party, stating that the Central Government had intervened in Kerala as they had "absolutely no other choice".

He said that the 'Kerala episode' had driven home the fact that Parliamentary system of Government could be carried on only when certain conventions were followed both by the majority and the minority parties. An important convention that should be observed was that the majority should have regard for the minority and vice versa. If the majority thought that it could ride rough shod on anybody and everybody that was not possible.

The Prime Minister stated that the situation that developed in Kerala was ' extraordinary and complicated.' The matter had not ended yet and they should be ready now to facc the after-affects of the step that had been taken by the Central Government.

★ The Union Government has approved a scheme to extend financial assistance to State Governments to start open air theatres in rural areas.

HAIRDRESSING COLLEGE

The Tiruneveli District Shaving Workers' Association has demanded the starting of a college in the Madras State to teach the art of hairdressing.

Ten more tolas of gold concealed in a powder box, have also been recovered. The contraband is estimated to cost Rs. 12,000.

PUSH-BUTTON IN RAILWAYS

Indian Railways have decided to introduce Push-Button route relay interlocking signalling at important railway junctions to facilitating more expeditious and efficient handling of heavy traffic with greater safety.

Food Minister Jain said that the mechanised farms proposed to be set up in future would be commercial farms for the production of more foodgrains for building up Central stocks.

SAVING KERALA FROM CIVIL WAR

CENTRE INTERVENED, SAYS NEHRU

Prime Minister Nehru stated yesterday that the Central Government had decided in intervene in Kerala because a stage of "almost a civil war" had arisen in the State.

The Prime Minister is understood to have disclosed this to the Congress Parliamentary Party by adding that the Kerala Governor had "strongly recommended" Central intervention.

Sri Nehru admitted that it was a fact that the Kerala Government did not make a formal request for intervention "but it is perfectly correct that a situation was reached when the Communists knew that they would not be able to control the situation".

SATISFACTORY TALKS

The Pakistan Finance Minister, Mr. Mohammed Shoaib who had talks with the Indian Finance Minister, Sri Morarji Desai on outstanding financial issues between the two countries, stated at Karachi that he was satisfied with the trend of the talks and felt that "the people in power in Delhi" were genuinely interested in settling the long-standing disputes with Pakistan

A joint Indo-Pak communique issued yesterday stated that one of the items on which an understanding reached was on payment of pensions to those who migrated from one country to another after June 30, 1955.

It also envisaged further discussions on financialissnes of the two countries.

NO CEILINGS ON PERSONAL CULTIVATION

CONGRESS MEMBER'S PLEA

Bangalore, August 4

In the State Assembly, yesterday, Sri K. Puttaswamy (Congress) speaking on the Land Reforms Bill stated that there should not be any interfernce for the lands under personal cultivation and there should be no ceilings on them. He felt that people engaged in personal cultivation should not be treated on the same footing as absentee landlords.

He feared that this reform might break the joint family system, as members of a family might divide lands among them to evade the clutches of the legislation.

Sri Puttaswamy said that land reform should not stifle the growth of village economy by barring such of those small holders with intiative and a spirit of adventure went to urban areas, to take up other avocation, to come back to agriculture. Otherwise, he cautioned that villagers would not be in a position to contribute to national reconstruction. He also contended that the present pressure on land might ease with the growth of industrialisation and a time might come when agriculture would no more be an attraction. Hence he suggested that leasing could be permitted with due safeguards to the tenants.

DACOIT JAILED FOR TWO YEARS

IN MANDYA D. C. HOUSE ROBBERY CASE

Mysore, August 6

The Dt. Magistrate, Mandya, yesterday senctnced Augamuthu, a notorious dacoit of Palni of Madurai District, to two years rigorous imprisonment on a charge of robbery.

According to the prosecution, the accused made an entry into the bungalow of the Deputy Commissioner, Mandya on Jan. 1 this year and forcibly snatched away jewels from the person of the Deputy Commissioner's wife.

The accused is also connected with a number of daring cases in Mysore and Chikmagalore. Some properties involved in these cases have been recovered in the Mysore City and Coimbatore Dt.

CHEAP POWER FOR FARMERS

The Union Minister for Irrigation and Power, Mr. Hafiz Mohammed Ibrahim told the Lok Sabha that the State Governments had been asked to ensure supply of cheap power for agricultural purposes, if necessary, by some kind of subsidy.

Not Solved With Love

BHAVE'S REGRET ON KERALA

Acharya Vinoba Bhave stated yesterday that "I regret the Kerala problem was not solved with love and peace. It is no use apportioning the percentage of blame and responsibility on the different sides in Kerala. It is obvious all sides are more or less in the wrong."

"What pained me," he said, "was that the different sides should have provoked students and dragged them in to the political struggle."

In his opinion, the trouble in Kerala was the result of over-population, land hunger and unemployment.

Treasure Find Near Belgaum

A hidden treasure valued some lakhs of rupees, containing a large number of coins of Victorian and pre-Victorian periods have been unearthed in a dilapidated house at Chachadi village near Belgaum.

Along with the treasure, were found documents, stated to be of historical value, relating to the one-time princely State of Nargund in Karnataka.

It is stated that the house is owned by a descendent of the Dewan of Nargund who is believed to have fled into Chachadi with two camel loads of treasure during India's struggle for independence in 1857.

Rebellion Against Present Government

AIM OF SWATANTRA PARTY

Sri C. Rajagopalachari stated at Ahmedabad that the movement he had launched in the form of Swatantra Party was a "rebellion" against the policies followed by the Government.

He emphatically repudiated suggestions that he had launched the party for protecting the interests of the rich. He said he was actually working for all classes of people and the movement was for freedom for all classes. It was true, he said, that he wanted money from the rich people to be spent for the good of the poor.

He declared that "If we allow the present Government to go on, it will mean that we have control in all departments of life".

No Revival Of LMP Course

Bangalore, Aug. 6

Health Minister Hegde informed the Assembly yesterday that there was no question of revival of LMP course and added that the course was abolished as it was considered necessary to have a unitary standard of education in medicine in the State on the lines obtaining in other parts of India.

Local-Self Government Minister Subramanya stated that provision for funds for causeways and cross-drinage works across rivers on District Board roads, was under the consideration of the Government.

Chief Minister Jatti said that there was nothing fishy about the communal G. O. for promotions within the non-gazetted servants and added its purport was that selection for promotion was on merit and recruitment to service would be on the basis of the communal G. O.

When candidates were directly recruited, he said, 57 per cent of posts would be reserved for the Backward Classes, 18 per cent for Scheduled Castes and Tribes and the rest open to all classes.

He said with the reservation in recruitment, there would be equal opportunities for all in the matter of promotions.

Excise Minister Rachiah said that tapping of toddy was allowed in Channarayapatna Taluk for supply to Bangalore shops as in previous year. Tapping was similarly allowed in Bidar District for supply of toddy to Andhra.

The same Minister told the members that there was a proposal to have three homes for physically handicapped and mentally retarded people during the Third Plan.

KHRUSHCHEV'S VISIT TO U.S.

The Soviet Prime Minister, Mr.Nikita Khrushchev who is visiting the United States in the middle of next month, stated that he hoped the results of his visit would be "useful".

He added that unofficial talks and not negotiations would take place during his visit to U.S. and President Eisenhower's visit to Russia in autumn.

He further stated that Heads of States should meet more often.

Five-Year Engg. Course.

The Lok Sabha was told yesterday by the Education Minister that the Government have decided to appoint a committee to advise them in regard to giving grants to institutions which had done pioneering work in the educational field.

Minister Kabir informed that a large number of Universities had agreed to the introduction of a five-year integrated course for engineering. He added that All-India Council For Technical Education had prepared a model course for the benefit of Univertities. And none of the State Governments have accepted the proposal of the Council to hold com mon tests for admission to colleges, he said.

Minister Malaviya said that it was now too premature to say whether the entire oil distribution work in the country would be taken over by the Government. He added that in order to create better conditions for consumers of oil and petroleum products in the country the Government had set up the oil-distribution company at Bombay with an authorised capital of Rs. 12 cores.

This was in return for the "rakhi (symbolic thread) she sent him on the eve of "Raksha Bandhan" last year.

Two diplomats of the Soviet Embassy specially flew to Agra to present the gift to the child.

CREDIT FOR CO-OPS.

The Reserve Bank of India has decided to extend credit facilities to the service co-operatives through apex banks instead of the present practice of giving financial assistance through governmental agencies.

If no intensive revision of electoral rolls is undertaken, elections might be held in the middle of October otherwise it might be put off by a few weeks, it is stated.

Sharavati Project

Bangalore, August 7

Revenue Minister, Sri Kadidal Manjappa informed the Assembly yesterday that as a result of the completion of the Sharavati Project, 4,500 persons would be displaced and that 17,800 acres of land besides 41,000 acres of forest land would be submerged. The Government had already paid Rs. 7 lakhs as compensation.

He assured that the Government were taking adequate measures to give relief to the displaced persons. Forest Department had been asked to report soon the extent of forest lands that could be released to the displaced persons. Revenue authorities had been asked to expedite acquisition proceedings and to grant waste lands.

PAK FIRINGS UNJUSTIFIED

Prime Minister Nehru stated in the Lok Sabha yesterday that the recent firings by Pakistan in the Dawki and other areas, were totally unjustified and without the slightest justification. He added the Government of India were completely alive to the situation on the borders and if the necessity arose, "we shall take action".

UNIFORM FOOD LAWS

FAO SEMINAR'S PLEA

Mysore, August 7

Dr. B.C. Guha of Calcutta told the Food Technology Seminar here yesterday that in spite of the food laws in India, there was gross adulteration in the country. He pleaded for severe punishment to check this and said the maximum fine of Rs. 2,000 now in force was not enough to overcome the present problem·

Dr. Subramanyan, Co-Director stressing the need to check adulteration of food stuffs in order to improve the public health stated that lawyers often fight the law and chemists often work against enforcement of control.

Mr. Nobihisa Fukuoka of Japan said that a new food law has been enacted in his country but even without legislation a voluntary association of the manufacturers had framed statutory methods and were trying to maintain the quality of the products. He stressed the need for uniform food standards for processed foods manufactured in the region with particular reference to food additives.

Mr. Dhana of Thailand stated that the food laws in his country followed the pattern of the U.S.A.

Mr. Florencio Soliven of the Philippines said that the Foods and Drugs administration worked under the Health Ministry.

Mr. Kam-on Young of Hong Kong said that they were considering the drafting of new legislation relating to the local methods of food processing and pleaded for help from the FAO in regard to standardisation of commercial food products.

Dr. Y. K. Subrahmanyam, Asst. Director-General of Health Services commended the example of voluntary co-operation in regard to setting up and enforcing standards as prevalent in Japan. He underlined the need for uniform legislation to be applied on a regional basis and the role of health education in bringing about desired results.

Regional Centre For Training Personnel

FAO SEMINAR'S PLEA

Mysore, Aug. 8

The need for starting a regional centre under the auspices of the FAO for training of personnel was stressed by Dr. V. Subramanyan, at the Food Technology Seminar, here yesterday.

He said that such a centre should have experts with knowledge of both Western and Eastern methods, so that comprehensive training, to suit the needs of the region, might be given.

Dr. B. S. Bhatia of CFTRI pleaded for compulsory absorption of technically trained personnel to man food industries.

Mr. Florencio Soliven of Philippines said that eight regional schools of the University of Philippines offered courses in food technology. He hoped that they would be able to send some personnel to the Central Food Research Institute, Mysore, for obtaining further training.

Dr. Massahiro Nakano of Japan said that since Japan has mostly small scale cottage industries, they laid special emphasis on the training of technicians. Courses of short duration were given every year for technicians in charge of industries.

Two Killed In Lorry Accident

Mysore, Aug. 8

Two persons were killed and the driver wasseriously injured when a Lorry ladden with timber dashed against a tree near Belikere, in Mysore-Hunsur road on Thursday night. The reason for the accident is due to failure of brakes, it is stated.

Wrong Notions About Death

The age-old notion that a person is dead when his heart beat stops has now been challenged by a Punjab doctor.

He says that death occurs only when the brain stops working and not when the heart stops beating and that such stoppage by the heart and the brain is, in most cases, not simultaneous.

The doctor has estimated that atleast ten per cent of persons declared dead and burnt or buried were not actually dead but were only in an unconscious state.

According to him, if an efficacious medicine is administered to one whose heart stopped but whose brain continue to function, the heart could be made to work and the 'dead" easily restored to life.

KHRUSHCHEV'S VISIT TO U. S.

Mr. Nikita Khrushchev, the Soviet Premier would arrive in Washington on Sept. 15, on his 13-day visit to the United States.

Fly-Nuisance in City

Mysore, Aug. 8

At the adjourned meeting of the City Municipal Council held here onThursday, several members complained about the utter nuisance of flies and mosquitoes in the city.

Health Officer, Dr.Rama Rao stated that the fly-nuisance was not peculiar to Mysore City alone but it was there throughout India and Pakistan. It was due, he said, mainly to continuous rains. He asssured that within a fortnight the nuisance would be eliminated as they were already taking suitable steps.

Several councillors also complained that without obtaining licenses, several building and bunk-shops had been constructed and urged that authorities shold take stern action against this practice.

NO AVATAR

Prime Minister Nehru described as "nonsense" the institution formed in Bombay State to worship him as the "Tenth Avatar".

He told pressmen yesterday that "I wrote to the Chief Minister of Bombay when I saw the news item and protested that his Government, which I thought is a progressive Government,should put up with this kind of thing".

Activising Congress Party

The Congress Parliamentary Party meeting at Delhi onThursday discucsed at length the organisational matters and decided to set up three groups to put forward specific proposals for activising the party and the Congress organisation.

The lack of faith in the Congress ideology among some Congressmen, absence of discipline and the craze for offices even within the Congress were some of the points made by members. One member remarked "The crisis of which we speak of, exists within the Congress and not in the country".

The need for avoiding wasteful expenditure, eradication of corruption, equal treatment to rich and poor agriculturists and grant of Congress tickets to sincere Congressmen was also stressed by members.

COIR INDUSTRY

Bangalore, Aug. 8

Sri Mali Mariyapppa, Minister for Co-operation told the Assembly yesterday that Mysore was the second largest coir producing State, with an acreage of 87,700.

He added that the Government had constituted the Coir Board with a view to developing the coir industry on cottage basis.

No Imposition Of Language

In the Lok Sabha yesterday, Mr. Frank Anthony withdrew his resolution asking for the inclusion of English in the eighth schedule of the Constitution.

Prime Minister Nehru during the debate said that since Government had accepted that the medium of instruction in the country should be the mother-tongue, he did not think the resolution was a wise one. He said that he was against the imposition of any language on any people. For practical reasons, the Constitution had laid down that Hindi should be the Official Language. But it should not be imposed. For an indefinite period, he did not know how long, English should be an additional language.

While admitting that English being the major window for the modern world and any closure of that window would be at the peril of the country's future, he made it clear that it could only be a secondary language.

CENTRAL INTERVENTION JUSTIFIED

Prime Minister Nehru stated yesterday that "everyone concerned, whether they said it or not, wanted Central intervention in Kerala".

He said the reason for intervention was that a situation had arisen which could no longer be tolerated. He added that the Government of India had been influenced neither by the mass upsurge nor by the charge-sheet in coming to their decision on intervention but by "the broad situation that existed there".

Rs. 50 LAKHS SPENT IN KERALA

Sri Mannath Padmanabhan, President of the Kerala Vimochana Samara Samiti stated that nearly Rs. 50 lakhs were spent during the last six months by the Samiti alone for "achieving its objectives." He added that most of the money came from Kerala as voluntary contribution.

PANDAVAPURA SUGAR FACTORY

Mysore, Aug. 10

Sri Mali Mariyappa, Minister for Co-operation yesterday performed the pleasant function of lighting the first boiler of the Co-operative Sugar Factory at Pandavapura, 15 miles from here.

With the lighting of the boiler, the factory will go into production within fifteen days. The Rs.110-lakh factory has a capactiy of 800 to 1,000 tons of sugar per day.

Sri Beerappa, Chairman of the factory welcoming the Minister stated that with the generous help of Government and co-operation of the German engineers and workers, they were able to put up the complete plant within 21 months.

Mr. Saun Tock, the German Engineer speaking complimented the Indian workers for their hard work and co-operation in bringing up the factory in a short time and hoped that this factory would help not only the ryots of Mysore but to the prosperity of the country.

The Minister while complimenting the German Engineers and the workers for their expeditious work, stated that this co-operative venture would not only help considerably the ryots of the area but also ease the sugar scarcity in the country. He hoped that there would be perfect harmony and collaboration in the factory so that production target might be reached.

Free & Compulsory Primary Edn.

The two-day State Education Ministers' Conference at Delhi yesterday decided to provide universal, free and compulsory education for all childern in the age group of 6 to 11 by the end of 1965-66.

To implement this programme, the Conference wanted that the highest priority should be given to this scheme in the Third Plan and making adequate provision and also special measure to promote the education of girls and education in backward areas and to increase the number of women teachers.

The Union Education Minister, Dr. Shrimali, presiding stressed the need for a closer relationship between education and economic development to ensure rapid technological advance.

He said that unless we link up our secondary education with the pattern of employment opportunities and improve the vocational competence of the school teachers, we would create discontent among the youth and imbalance in society. There is already a complaint that we are not getting a sufficiently large number of properly educated and skilled workers of intermediate cadre for our factories, while at the same time, there is a large number of young men and women remaining unemployed and feeling frustrated".

He said that the number of unemployed matriculates in March 1959 was 6,35,567 and this number was likely to swell further "unless we reorganise our courses and train them in vocational courses in future."

Mangala Dam Construction

INDIA'S PROTEST TO U.N.

India has protested to the United Nations Security Council that the "latest act of exploitation by Pakistan in deciding to step up the pace of construction of Mangala Dam in that part of Kashmir occupied by her with a capital grant of Rs. 220 lakhs this year further aggravates Pakistan's unlawful occupation of the Indian territory of Jammu and Kashmir State."

The Government of India had made it clear that they cannot accept a position which implies that all these violations committed by Pakistan and their consequences are to stand condoned in total disregard of international law and the practice of civilised nations.

Land Reforms Bill

REFERRED TO SELECT COMMITTEE

Bangalore, Aug. 10

The ten-day session of the State Assembly adjourned today after referring the Mysore Land Reforms Bill to a Select Committee.

Revenue Minister, Sri Kadidal Manjappa replying to the debate stated that the Bill had been essentially designed to help the agricultural community and added that it would be difficult to satisfy all sections of the people particularly in regard to a reform like the present one which was not only vital but very wide in its scope.

The Minister pointed out that ceiling on land-holdings had been sought to be imposed not so much as to restrict the income but to release the pressure on land.

BORDER SATYAGRAHA FIZZLED OUT

DECLARES JATTI

Bangalore, Aug. 11

Chief Minister Jatti warned yesterday that the Government would take stern action against the agitators of Maharashtra Ekikaran Samiti on border issues.

He told the Assembly that the border satyagraha in Belgaum, Bidar and Karwar districtshad fizzled out. Referring to the No-tax campaign, he said it had failed.

The Chief Minister said that the Belgaum question was under dispute for over 40 years. The Parliament after discusing the Bill, based on the Fazal Ali Commission, passed an enactment. All those who had faith in democracy should accept the decision of the Parliament and no useful purpose would be served by carrying on an agitation. But he added that if the Maharashtra Ekikaran Samiti helped to create a good and proper atmosphere, these minor issues, if any, could be considered.

Referring to the no-tax campaign, the Chief Minister said it failed to click, despite the tricks played by the leaders. That was because people were not behind that agitation. He warned that Mysore Government "will not budge an inch and all illegal acts will be firmly dealt with legally".

Sri Jatti asked the members of the Maharashtra Ekikaran Samiti how they could claim success of their campaign in the face of high percentage of revenue collections. He would, however wanted them to remember that the State Government had not used any coercive measures for collection and the entire money had been paid voluntarily.

RAILWAYS TO MANUFACTURE STORES

The Union Railway Minister Jagjivan Ram disclosed yesterday at Poona that the Railway Administration was planning for the manufacture of various items of components and stores in railway workshops.

He said that he personally was not wholly satisfied with the performance of the railways but expressed confidence that there would be gradual improvement with the introduction of various plans on the anvil.

INTEREST OF ROAD TRANSPORT

The Union Transport Minister Patil yesterday ensured the Lok Sabhathat the interests of road transport would not suffer and his Ministry was working on the same lines as the Masani Committee.

He said there need not be any fears that the appointment of the Neogy Committee for the co-ordination of the various forms of transport would result in putting into cold storage the recommendations of the Road Transport Reorganisation Committee under the chairmanship of Sri Masani.

In the Assembly:

Women Teachers For Rural Areas

Bangalore, Aug. 11

Education Minister Annarao Ganamukhi told the Assembly yesterday that the Government proposed to build 105 quarters for women teachers throughout the State to encourage them to take up appointments in rural areas.

A scheme for starting a short-term course for adult women to enable them to appear for SSLC examination without undergoing regular school course was also being considered, he said.

Giving percentage of education among boys and girls in the State, the Minister said in the 6-11 age group it was 80 and 43 and 25 and 8.11 in 11-14 age group.

Chief Minister Jatti stated that the policy of the Government was not to re-employ retired officers, and if they did so in the public interest, it would be for a brief period. He added that the number of gazetted officers re-employed was 25 for 1958-59 and eight for 1959-60.

Revenue Minister, Sri Kadidal Manjappa stated that Government had decided to abolish all hereditory village offices including thoties and talaries. There would be paid officials instead.

Chinese Women's Festival

Chinese women throughout the world celebrated yesterday the Festival of the Seven Sisters, which falls on the seventh day of the seventh moon by the Chinese calender.

Dressed in their best clothes, they prayed for happiness, a kind husband and skill in needlework and other domestic virtues.

According to legend, the festival centres around the stars Aqila and Vega, who were separated by the Milky Way. To the Chinese, they are the cowherd and the weaver girl and fairy lovers. They were so open about their love that the Ruler of the Heaven, the Jade Emperor placed the Milky Way between them but, he later relented and agreed that for one night a year, the seventh night of the seventh moon, they could be together, the legend says.

The Deputy Minister Das stated that it was proposed to set up two Vigyan Mandirs in each State during 1959-60 and one during 1960-61. Out of which, Mysore State will have in Moddabidri (South Canara), Devarayasamudra, (Kolar) and Mayasandra (Tumkur).

BEEDI WORKERS HARASSED

Mysore, Aug. 13

The Secretary of the Mysore Beedi Mazdoor Association states that the news published regarding the suspension of workers of Peer Beedi factory is not correct.

He says "it is the management which requested the workers to the thinner beedies to sell them at cheaper rate. The very next day the management closed the factory and branches. The action of the management has proved that all this has been done with an intention to harass the workers and get the wages reduced when the question is pending before the Industrial Tribunal".

FOOD PRICES OUT OF CONTROL

AITUC'S WARNING

The All-India Trade Union Congress has called upon the workers to rally all sections of the people to " force Government to take effective steps for seizure of stocks and for supplies through fair price shops at controlled prices."

In a resolution, it has stated that the volume and rate at which prices had been going up led one to think that the price structure in the country, especially in the matter of food and other necessities, was getting out of control.

It has warned that " if this state of affairs continues, it will lead to a disastrous breakdown in the economy of the country and throw out of gear the living conditions of the toiling people."

PSP's Warning To Government

Mysore, Aug. 14

Sri M. S. Gurupadaswamy, President of the Praja-Socialist Party here warned the Government that the Party would be compelled to take suitable steps if the Government did not take satisfactory action for the "demand list" to be presented by the Party shortly.

At a press conference held yesterday, the PSP President blamed the Government for the present soaring prices in foodgrains. He said it was meaningless to say that the Government had enough stock of foodgrains when the prices were going up. It was also surprising, he said, that Government were selling foodgrains higher than the merchants.

Referring to the Mysore Land Reforms Bill, he said if the Bill was passed without amending some of the provisions, it would hot help the landless ryots.

Indians' Disabilities In Tibet

Prime Minister Nehru told the Rajya Sabha yesterday that the disabilities of Indian traders and nationals in Tibet had considerably increased in the last two or three months.

He said that the Government of India had been repeatedly taking up these matters with Peking and Lhasa but no reply had been received.

The Prime Minister stated that there was a large number of Ladakhi Muslims and Ladakhi Buddhists, whom the Government of India claimed were Indian nationals and who also wanted to be Indian nationals. But the Chinese authoties were disputing this and claimed that these people had been in Tibet for a long time and should be treated as Chinese nationals.

The Working Committee of the All-India Hindu Mahasabha meeting at Delhi has adopted a resolution expressing "grave concern at the ugly situation brought about by the Congress Government in the frontier province of Punjab over minor issues capable of settlement at a round table conference".

Declaring that "Hindus and Sikhs are the kith and kin of the same family", the resolution said "the Mahasabha is defintely opposed to further disintegration of the country and appeals to the people of Punjab to stand shoulder to shoulder and strengthen the country sinking all their differences".

In a resolution on Assam, the Committee demanded President's rule in the State and dismissal of the Congress Ministry.

Top Priority For Scientific Research

PROF. THACKER'S PLEA

Mysore, Aug. 16

Prof. M.S.Thacker, Director-General of Scientific and Industrial Research, pleaded for a top priority for scientific research and technology in the Third Plan, and said that without which the country's econmy could not be improved.

He was inaugurating here on Sunday the three-day Symposium on Proteins, organised under the joint auspices of the Chemical Research and the Society of Biological Chemists, at the Central Food Research Institute.

Prof. Thacker said that he was proud to state that the heads of the Departments of Scientific Research of Commonwealth countries meeting at London last month acclaimed the dynamic role played by the Indian scientists and said "India had more than acquitted herself".

He praised the work of the varions national laboratories in the country but regretted that there was a sense of frustration among research workers that the industry was not utilising their researches.

Sri Narielwala of the Tatas, who presided in the absence of Chief Minister Jatti said all enlightened industrialists were happy to make use of all valuable research in the development of the industry. But the fact was that the researches were not known to the industrialists and he hoped that sufficient publicity would be given to such researches.

Dr. B. C. Gauha of Chemical Research Committee stressed that proteins formed the origin of life.

Chief Minister Jatti in his address stated that scientists had a great role to play in eradicating hunger, poverty. disease and ignorance in the country.

Earlier, Dr. V. Subramanyam, Director of the CFTRI welcomed the gathering.

MAHASABHA OPPOSED TO PUNJABI SUBHA

The Working Committee of the All-India Hindu Mahasabha meeting at Delhi has adopted a resolution expressing "grave concern at the ugly situation brought about by the Congress Government in the frontier province of Punjab over minor issues capable of settlement at a round table conference".

Declaring that "Hindus and Sikhs are the kith and kin of the same family", the resolution said "the Mahasabha is defintely opposed to further disintegration of the country and appeals to the people of Punjab to stand shoulder to shoulder and strengthen the country sinking all their differences".

In a resolution on Assam, the Committee demanded President's rule in the State and dismissal of the Congress Ministry.

Top Priority For Scientific Research

PROF. THACKER'S PLEA

Mysore, Aug. 16

Prof.M.S.Thacker, Director-General of Scientific and Industrial Research, pleaded for a top priority for scientific research and technology in the Third Plan, and said that without which the country's econmy could not be improved.

He was inaugurating here on Sunday the three-day Symposium on Proteins, organised under the joint auspices of the Chemical Research and the Society of Biological Chemists, at the Central Food Research Institute.

Prof. Thacker said that he was proud to state that the heads of the Departments of Scientific Research of Commonwealth countries meeting at London last month acclaimed the dynamic role played by the Indian scientists and said "India had more than acquitted herself".

He praised the work of the varions national laboratories in the country but regretted that there was a sense of frustration among research workers that the industry was not utilising their researches.

Sri Narielwala of the Tatas, who presided in the absence of Chief Minister Jatti said all enlightened industrialists were happy to make use of all valuable research in the development of the industry. But the fact was that the researches were not known to the industrialists and he hoped that sufficient publicity would be given to such researches.

Dr. B. C. Gauha of Chemical Research Committee stressed that proteins formed the origin of life.

Chief Minister Jatti in his address stated that scientists had a great role to play in eradicating hunger, poverty, disease and ignorance in the country.

Earlier, Dr. V. Subramanyam, Director of the CFTRI welcomed the gathering.

NATIONAL DISCIPLINE & PATRIOTI M

PRESIDENT'S CALL TO PEOPLE

President Rajendra Prasad on the occasion of the 13th anniversary of the Independence Day called upon the people "to develop and cultivate what I consider to be a pre-conditioned of our existence as a free and independent nation, namely, a spirit of loyalty, patriotism, deep sense of national discipline and personal loyalty to the country above everything else".

Appealing to the people to rise above parochial considerations of casteism, communalism, regionalism and linguism, the President said "unless we wake up and meet squarely the challenge of these forces, I am afraid we may be losing the opporunities which freedom has brought in its wake, we may be delaying all hopes built up by our people, and what is worse, we shall be exposing ourselves to the charge that we have learnt nothing from our history"

INDIA'S FIRST ESCALATOR

India's first escalator will be installed this year at the Delhi main station. The escalator will have a carrying capacity of 8,000 persons per hour. The steps will move at a speed of 90 feet per minute and will be 48 feet wide between the two side-railings. This will enable two adults with an armload of luggage to stand comfortably side by side on each step.

CHANGE IN DEALING WITH INJUSTICE

Acharya Vinoba Bhave has pleaded for a change in the traditionsl methods of dealing with injustice.

He stated at Indore that in dacoit-infested areas, gram rakshak dals were formed and supplied rifles. The police informers were also supplied firearms. while both police and the dacoits already possessed these weapons, all these generated an angry mood and whenever dacoits met police or a member of the dal there were disastrous results. He said society accepted certain injustices as necessary to safeguard its interests. Sarvodaya could never be achieved so long as injustices such as these existed in the society, he added.

Probe Into Assam Riots

LAW MINISTER'S PLEA

The Union Law Minister Sen who recently visited the affected parts in Assam has suggested a number of measures to restore complete confidence amongst the refugees.

He is reported to have laid great stress on proper rehabilitation of the refugees as also payment of compensation to petty traders and others whose shops and houses had been looted and burnt downduring the riots. He has also suggested the need for a thorough probe to discover the bands of people who reportedly roamed the countryside during the crucial days and looted and attacked Bengali- speaking people. This should be followed up later, when the siuation has been restored to normalcy, by a judicial enquiry into the riots and causes behind the same.

It is learnt that the Central Government will depute Law Minister Sen to go to Assam and be incharge of the rehabilitation work.

34 CHINESE ASKED TO QUIT

34 Chinese had recently been asked to leave the country due to espionage activities, stated the Union Home Minister Pant in the Lok Sabha yesterday. He added that the registered Chinese nationals in the country as on Aug. 1,1960 was 12,373.

Food Position Better

The Union Food Minister Patil stated yesterday at Madras that the food position in the country was better than it was a few years ago.

He said "I an quite sure that this progress will be kept up and I am able to say that India will not be in the difficult situation it used to be till some time ago about the food position".

The Minister added adequate stocks of foodgrains were available in the market and the prices, generally speaking. were also not high.

MIXED PICTURE OF PROGRESS AND STRESS

According to the Reserve Bank of India "Report on currency and finance" for the year 1959-60 (penultimate year of the second five-year plan), the economic situation presented a mixed picture of progress and stress.

The Report says the outstanding feature of the year was a marked recovery in the rate of growth of industrial output which had slowed down in the previous two years.

The improvement in the balance of payments position, noticed since the end of 1958, was sustained during 1959-60, aided by the continuing import curbs, large-scale foreign aid and somewhat better export performance.

The overall investment in the economy seems to have recorded a modest rise during the year.

Chief Minister Jatti inaugurating the two-day Seminar on Community Development of the Mysore Division, here today, expressed his confidence that "we will be able to achieve to a large extent the targets set before us in the Second Five-year plan."

Sri M. Vasudeva Rao, Divisional Commissioner welcomed the gathering.

About 180 officials and non-officials from seven districts are attending the Seminar.

The Chief Minister said that seminars would give those engaged in development works a sense of team spirit so that they might not feel frustrated because of difficulties, obstructions and criticisms

Sri Jatti complimented the several Block Development Committee members for the very satisfactory manner in which they had assisted development programmes.

Referring to decentralisation of powers, the Chief Minister said the Taluk was a convenient unit for development administration and the new Taluk Boards would get 20 per cent of the land revenue collected in the taluk in addition to its other normal income. Similarly a Panchayat would get 30per cent of the land revenue. So there would be decentralisation not merely of administrative authority but also of financial resources, made through the co-operative societies, which, he hoped would lead to a new spirit of awakening and enterprise in the Panchayats and in the Taluks.

It was a matter of considerable satisfaction, he said, that the amount invested in the development plans during the last year was almost 20 per cent higher than the expenditure during the previous year and this was true of development expenditure in general. With regard to the Community Development Blocks also, the progress had been stepped up. So they were now handing over to the elected Taluk Board not only a well-thought out Community Development programme but also a programme which was now working quite satisfactorily.

Here the Chief Minister asked the Seminar to work out in details the difficulties of the farmers in production plans so that the machinery for the supply of implements and credits was stream-lined and there would be no handicaps for increased agricultural production.

He also suggested that Seminar would give its attention to the improvement of village handicrafts and industries. He was sorry to state that due to reorganisation of the Industries Department the work in this field was handicapped and even now the problems had not been met satisfactorily. There was the problem of training, financial assistanee and marketing. There was a large gap between the resources and equipment of the average village artisans. As a practical proposition, something in between the very modern equipment and the very old and inefficient tools now in use would have to be supplied. With the increasing population, the revival of village industry, whose goods could be consumed locally, was very essential and vital to increase employment, opportunities, he added.

No Serious Differences In Party

—SAYS JATTI

Chief Minister Jatti stated yesterday at Hubli that there were neither serious differences nor groups within the Mysore Legislature Congress Party.

He said the party meeting held recently discussed threadbare some complaints against the administration to which the Government had replied to the best of its ability.

When his attention was drawn to the statement of Sri Nijalingappa, MPCC President, at Bombay on Friday that a new group consisting of the best elements of the two groups in the Congress Party would provide a stable Government and such a stable one would come into being within three weeks, Sri Jatti said that as far as he was awara, there was one party and one House of which he was the leader.

MORAL DEGENERACY IN COUNTRY

MINISTER BEWAILS

Mysore, Aug 22

Sri Kadidal Manjappa, Revenue Minister yesterday regretted that there was moral degeneracy in the country and said there was no place for an honest man.

Presiding over the function of the opening of A. B. Shetty Memorial Students' Hostel, here at Yadavagiri, the Minister stated that there was political instability in the country. There was lack of character, patriotism, dishonesty and grabbing attitude. For this sorry state of affairs, everyone in the country had to bear the responsibility.

Sri Kadidal warned that democracy would not survive if people were not honest and patriotic. In his opinion, any political party worth the name, should have political doctrine, sound philosophy, economic programme and above all, a code of conduct.

Paying high tributes to the services of the late Sri A. B. Shetty, the Minister asked the students to emulate his example and become good citizens. He said that it was the Government's responsibility to provide facilities to such institutions and assured that the request for a free site would be considered sympathetically.

Health Minister Hegde declaring open the hostel said that for more than 50 years the late Sri Shetty had done yeomen service and his interest was nothing but to serve the public and upliftment of student population.

The Minister admitted that in enlarging the capacity of admissions to colleges the Government had not met the demand for hostel facilities and he was glad that the public had taken up to fill this gap.

Sri A. Ramanna, Secretary, earlier welcomed the gathering.

PLANNED MOVE TO OUST BENGALEES

Dr. B C. Roy, Chief Minister of West Bengal stated yesterday that "it is an obviout fact that there was a planned programme to oust the Bengalees from various areas in Assam and all that has happened was not a casual incident or a freak".

He said events had shown that these plans must have been carefully prepared previously. Otherwise, such an outbreak of violence or turbulence could not have happened so rapidly and in such a fierce fashion.

Boon To Blind

Soviet engineers have developed a "talking machine" which reads flat printed texts for the blind by reproducing lettershapes as sounds.

The book is placed in a case, and an optical system, driven by a small motor, slowly scans the lines. The cantour of the letter reflects a shadow on electrical resistances housed in the optical head and produces a characteristic sound signal. These are amplified and then transmitted through a loud speaker.

A blind person is able to catch 300 to 400 sounds a minute, it is reported.

PRODUCTION PLAN FOR EACH VILLAGE

C. D. SEMINAR'S RECOMMENDATION

Mysore, Aug. 23

The two day Seminar on Community Development of Mysore Division, which concluded here on Saturday has suggested a new approach to agriculture extension programme. It has emphasised a production plan for each village, through local resources of man-power and materials than the old supply and service programme. A survey of village crops, practices, land and water resources should be made and plans drawn up for increased production.

A practical suggestion made was that the District Officers should train, on the field, the Block Development and Extension officers. These in turn should train Grama Sevaks who could train progressive and leading farmers on drawing up production plans.

The Seminar recommended that short term loans be disbursed in kind and starting of Soil Testing Laboratories in each district and distribution of Soil Test Kits to every block. It also emphased the urgency of time factor in supply of manures, seeds.

The Seminar pointing out the lack of fodder development scheme recommended the preparation of plans for each block and village and observing "Fodder Day" and award of prizes to villages for fodder programmes.

For improving village and small scale industries, the Seminar while reeommending co operatives pointed out the need to assist them with Government financial help and loans to poor artisans without insisting on surety.

The Seminar recommended relaxation of rules for recruiting personnel and appointment of women village social workers by panchayats for improving block work under womens' and childrens' programme. It also emphasised the need to train women in improved agricultural practices and supply of seeds and other equipment through Mahila Mandals.

On minor irrigation, the Seminar recommended a land utilization survey to prevent use of uneconomic cultivation, silting of tanks and removal of encroachment in approach villages to tanks.

Industrial Estate For Each District

SAYS JATTI

Bangalore, Aug. 23

Chief Minister Jatti yesterday inaugurating the State Small-scale Industries Corporation, here, stated that each district should have one rural industrial estate, during the Third Plan.

He said that this estate besides epuipped with power, either hydro-electric or thermal, should have also some types of machine tools which could produce any of the several commodities of which they were in need. This type of industrialisation, cost what it might, would be the very lamp which would light several such others all over the State and achieve the object that was dear to their heart.

The Chief Minister stressing the importance of developing small scale industries under the Third Plan said that delays should be avoided in executing the schemes.

PRODUCTION PLAN FOR EACH VILLAGE

C. D. SEMINAR'S RECOMMENDATION

Mysore, Aug. 23

The two day Seminar on Community Development of Mysore Division, which concluded here on Saturday has suggested a new approach to agriculture extension programme. It has emphasised a production plan for each village, through local resources of man-power and materials than the old supply and service programme. A survey of village crops, practices, land and water resources should be made and plans drawn up for increased production.

A practical suggestion made was that the District Officers should train, on the field, the Block Development and Extension officers. These in turn should train Grama Sevaks who could train progressive and leading farmers on drawing up production plans.

The Seminar recommended that short term loans be disbursed in kind and starting of Soil Testing Laboratories in each district and distribution of Soil Test Kits to every block. It also emphased the urgency of time factor in supply of manures, seeds.

CONTROL ON ESSENTIAL ARTICLES

TO CHECK PRICES, SAYS NEHRU

Prime Minister Nehru stated yerterday in the Lok Sabha that an expert committee would be appointed to enquire into where exactly the additional income resulting from planned development in the country had gone.

He said that a legitimate question was asked where the increased national income during the First and Second Plans, amounting to 40 per cent and an increase in the per capita income of 20 per cent had gone. "I think it is desirable that we should inquire more deeply as to where this has gone".

The Prime Minister said that "we have to avoid and prevent any large accumulation of wealth because if all this additional national income that has come to us and the increase in per capita income only benefited five to ten per cent of the population and the 90 per cent did not benefit then it is not a good result". He said that accumulation of wealth and economic power in a few hands must be prevented.

Sri Nehru said that prices must be kept under control and that might involve some controls but any control would be selective in character and confined to essential articles.

15,000 STRIKERS REINSTATED

GOVT. WILL NOT YIELD TO THREATS

SAYS HOME MINISTER PANT

15,243, out of 26.011, Central Government employees suspended in connection with the recent strike had already been reinstated while the cases of others were being examined, stated the Union Home Minister Pant, yesterday in the Rajya Sabha

He said out of 1.630 convictions, 669 cases had already been reviewed and the sentences remitted by the State Governments.

Pandit Pant described the strike as a crime against the community and said that the Government's attitude towards the strikers could by no means be described as vary harsh. No Government, he said, could yield to any threat to hold the community at ransom and the country as such treated the strike as a challenge and its attitudes to it demonstrated the social and civic connsciousness of the community.

RELIEF TO SMALL DEPOSITORS

NO TAKING OVER PALAI BANK BY STATE BANK

SOME BANKS TO BE AMALGAMATED

MORARJI'S STATEMENT IN LOK SABHA

The Union Finance MiMnisterorarjiDesai announced in the Lok Sabha yesterday that small depositors in the Palai Central Bank, now under liquidation, would be paid in full upto Rs. 250. The balance of the available money would be paid on a pro rate basis.

Sri Desai said that Government proposed to amend the Bank Companies Act to provide this relief.

He said the Government would assess the entire financial position of the bank quickly and find out how much money could be recovered and distributed to the depositors. The State Bank then could take steps to recover the money and the liquidation of the bank could be expedited.

The Finance Minister ruled out the possibility of the State Bank taking over the Palai Bank and writing off a loss of Rs. 3 crores. But he would not stand in the way of any prosperous bank taking over the Palai Bank but even that "I would like to see that it is sound and can bear the loss of Rs. 3 crores"-He did not think the Reserve Bank would look upon that arrangement with favour.

He also disclosed Government's intention to amalgamate certain banks which, though "not bad", could not stand if there was any difficulty.

HINDI EXAMINATION

Sir.—It is gratifying to see very young boys appearing for the Hindi examinations in the city. But most of them are frightened at the mere glance of question papers and get specially confused in the translation question, which to be done into Hindi from 4 to 5 languages. It is requested that the various Hindi Institutions will see that either they restrict boys below certain ages from appearing for examination or give them previous knowledge of understanding questions by showing them previous years' question papers.

SHOPS MUST PUT UP PRICE LIST

PM'S SUGGESTION FOR CONTROL

Prime Minister Nehru has suggested to the Chief Ministers of States, that as one of the measures to control prices, every shopkeeper must be required to display in his shop the prices he charges

In a communication, he is reported to have said that psychological consequences of such a step would be considerable and would be greatly appreciated by the public

The problem of prices, Sri Nehru added, must be solved by every conceivable step and its solution should not be left to chance or to vagaries of the market place or the cupidity of the traders.

Give Up Boss's Mentality

PM'S ADVICE TO AGRI.MINISTERS

Prime Minister Nehru has advised the Ministers and officials to go about humbly and not as bosses and to keep themselves in the background.

Addressing the Agriculture Ministers' conferemce, he said the test of a good Agriculture Minister was to go out into the fields. "You may make a very bad worker. but do not go about as the bosses". The question was how to win the farmer. The real approach was the co-operative approach. "The farmer must be in the centre of the pictures. We hover about the circumference". Panchayat Raj and Community Development were meant for this.

GEN. THIMAYYA'S BIOGRAPHY

The Defence Minister Krishna Menon told the Lok Sabha yesterday that the publication of a book "Thimayya-A Solider's Life", published by a foreign author, Mr Humphry Evans, had been published without the consent or knowledge of Gen. Thimayya.

He added that the book however, appeared to be based largely on information the General supplied to the author in connection with another book which Thimayya had intended to write after his retirement.

Asked whether the book did not transgress the law which prohibited publication of information regarding the strategy of an army. Sri Menon said that the book had not been examined from a legal point of view. It was for the Law Ministry to say whether disclosing of such information came within the purview of law and this would be done in due course.

MORE POWERS TO RESERVE BANK

TO PREVENT BANK CRASHES

Sri Morarji Desai, Finance Minister announced in the Rajya Sabha yesterday that the Government were contemplating amendments to the Reserve Bank Act so that they would not be faced in future with situations like those created by the failure of the Palai Central Bank.

He said that it was proposed to vest the Reserve Bank with powers to apply for moratoriums even in cases where it was in no position to certify that a bank could meet all its liabilities.

It was also proposed, he said, to empower the Reserve Bank to bring about amalgamations of smaller banks even without the permission of the shareholders.

As regards relief to Palai depositors, the Finance Minister said at present depositors having upto Rs. 100 in the savings bank accounts had to be paid in full and this amount would be raised to Rs. 250. "We might also think of other depositors to provide that they should be paid upto half or Rs 250 which ever is lower".

Mass Agitation To Get Rail Links

MYSORE CITY FATHER'S THREAT

Mysore, Aug. 31

The Congress and the Opposition members of the City Municipal Council joined hands yesterday in strongly protesting against the step-motherly attitude of the Central Government in providing additional rail links to the Mysore State and South India.

A Congress member (Sri M.K. Lingiah) even threatened that a mass agitation would have to be launched if the Central Government did not include the construction of Mangalore-Hassan railway in the Third Plan.

The monthly meeting of the Municipal Council was held yesterday with Sri Sanjiviah, President, in the chair.

Dr. B. G. Das urged that during Dasara festivities, sufficient quantity of sugar and foodgrains should be be sold through Municipal Depots.

Sri M. N. Thimmiah pleaded that the proposed National Theatre in the State in connection Tagore's birthday celebations, should be established in Mysore City, in view if its rich and cultural heritage. He also regretted that Municpality was not providing facilities to industrialists who were coming forward to establish indutries in the city.

Sri Somasundara Sharma said that stern action should be taken against the Cinema management for pasting posters in public places and private houses.

Sri M. N. Thimmiah suggested the creation of a vigilance squad to put an end to the malpractices and loss sustained to the Municipality fromOctroi Department.

No High-Power Enquiry For Assam

SAYS MPs BODY

The Parliamentary delegation, which made a study of the recent events in Assam, has rejected the appointment of a high powered commission to enquire into the disturbances, nor the President's rule.

At the same time, they have reeommended the institution of a judicial enquiry by a Judge of the High Court into incidents near Goreswar in which firearms had been used and eight persons were killed. Besides the enquiries already instituted by the State Government, the delegation felt, the judicial enquiry it proposed would meet the requirements of the situation.

FULL AUTONOMY FOR VARSITIES

ENGLISH AS VARSITY MEDIUM

MYSORE GOVERNOR'S PLEA

The Goveror of Mysore, Sri Jayachamaraja Wadiyar yesterday pleaded for the retention of English as the medium of instruction in universities.

Delivering the convocation address of the Madras University, Sri Wadiyar said " while making all out efforts for the expansion and adoption of our own languages to suit the needs of modern scientific learning, it appears to be safe and desirable to retain English".

The Governor said that no one could deny that the regional language had an inherent and inalienable right to be the medium of instruction at all levels of education. "The right is specially strong when the regional language is a language distinguished by antiquity, independenee, comprehensiveness and outstanding literary eminence". But the language question. insofar as it related to educational medium, might perhaps be best considered from a purely business point of view, without partiality and without prejudice.

As regards teachers, he said they should be helped to play their important role in the development of university education and they should be paid well to commensurate with the importance of their work and position in society.

The Governor felt that the education at the highest stage should function in an atmosphere of independence, unaffected by political vicissitudes or other external factors. There should be full of autonomy for university in all matters relating to academic organisation.

Charges Against Jatti Ministry Not Grave

SAYS CONGRESS CHIEF

Bangalore. Sept. I

There was nothing grave in the charges levelled by the dissidents against the Mysore Ministry, stated Sri N.Sanjiva Reddy, Congress President. here yesterday.

He said that if the leader of the Legislature Congress Parry Sri Jatti and the PCC President, Sri Nijalingappa, discussed the problem wholeheartedly, it was possible to find a solution.

The High Command, he said, had suggested that they should settle their differences themselves. Elections were coming and it was not proper to be divided, he added.

Referring to the demand for a broadbased Ministry and the charge of subgroupism, the Congress President said all could not be taken into the Ministry. If those who were included raised issues. the groups would continue.

No Judicial Enquiry Into Assam Riots

—SAYS NEHRU

Prime Minister Nehru yesterday turned down in the Lok Sabha the demand for an immediate high-level enquiry into the recent disturbances in Assam.

He said that the enquiry would come in the way of healing the wounds and in the creation of a proper atmosphere for the return and rehabilitation of the refugees.

The Prime Minister described the happenings in Assam as ghastly and as one that rather shook the foundations and the unity of the country and said that students dominated the scene and saw to it that leaders of political parties behaved and ordered them about. The latter followed their directions out of sheer fright. Though there had been no major incidents in Assam in the last 6 or 8 weeks, he regretted that a considerable number of people, about 42,000 had migrated from Assam.

Complete Amity Between Man and Woman

—SAYS MORARJI DESAI

Inaugurating the first All-India Congress Women's Convention at Trivandrum yesterday, the Union Finance Minister Morarji Desai called for complete amity between man and woman and said that unless both respected and accommodated each other, they would not be able to lay the foundations of an ideal human society which could be happy, peaceful and strong.

He told them that rights were not given to anyone in the world but they were acquired in a proper way and by proper means. Women would be treated properly only when they realised their rights. He asked them to shed their fear of men if they wanted to acquire equal status with men. "If you want to have your rights, you must be all the while vigilant about yous rights", he added.

Smt. Indira Gandhi who presided urged women to play a more positive role and try their best to promote the unity of the country by stressing various unifying forces like language.

SPEEDY SUCCOUR TO FAMINE AREAS

PWD PUT ON EMERGENCY FOOTING

Bangalore, Sept. 5

To combat the scarcity conditions prevailing in nine districts of the State on an emergency footing. the entire Public Works Deprtment has been geared up and red–tapism removed.

Authority has been decentralised and powers delegated to the officers on the spot and the red-tape and formalities cut to the barest minimum in all–effort to rush help and succour to the needy and the affected.

On taking up formation of 50 miles of roads in each taluk under the rural communication programme, the Government have ordered the immediate finalisation of the list of such roads and to start work at once.

Tank restoration works and improvements to existing works up to Rs. 1,000 per acre and construction of new tanks, bandharas, up to Rs 1,500 per acre are also ordered to be taken up as a special case in drought affected areas.

As regards minor irrigation works, the engineers have been asked to examine the possibility of taking up these works on piece work system and to see that no time is lost in calling for tenders.

HARIJAN HOSTEL OPENED

Mysore. Sept. 6

Agriculture Minister Rachiah stated here on Sunday that Government had started 133 hostels for Harijans during the last 27 months Out of this, 105 hostels were directly run by the Government and the rest with the assistance of the Government. He added that in these hostels, ten per cent of seats was reserved for other communities.

The Minister was declaring open the Harijan Hostel for Polytechnic students hereat 100 ft. road.

He regretted that there was indiscipline among students and he advised them to follow constitutional methods for getting their demands and not destructive methods

Giving his impressions about the recent visit to the Soviet Union, Sri Rachiah said that in Russia, more attention was given to food production, animal husbandry and education rather than to roads and houses. In the Soviet Union, farmers were more interested in getting more yield in their lands and everyone worked hard.

Deputy Home Minister Basavlingappa presided.

Check Soaring Food Prices

LABOURERS' DEMAND

Mysore, Sept. 6

At a public meeting of the labourers held last evening at the Townhall maidan, great concern was expressed on the soaring prices of foodgrains and urged the Government to take immediate steps to bring down the prices and open food depots in all places.

By another resolution, the meeting deplored the anti–labour legislation and urged the Government to remove the legislation and withdraw all the cases and disciplinary action taken against the Central Government employees as a sequel to their strike.

INDIA NEEDS ERA OF PEACE

India's Defence Minister Krishna Menon speaking at Colombo yesterday stated that India needed an era of comparative peace to build herself.

He said India's foreign policy like Ceylon's was one of non-involvement. But some people called it "isolationist neutrality". It was isolationist only in the sense that India wished to be left alone to build herself to the best of her ability.

Sympathy And Kindness To Patients

ADVICE TO MEDICOS.

Mysore, Sept. 10

The Annual Socials of the Mysore Medical College Association was celebrated here yesterday under the presidentship of Dr. B.N.Lingaraju, Principal of the College.

Dr. A. K. Gopalarajan, Suptd. of Krishnarajendra Hospital was the Chief Guest.

After welcome speech by Dr. Basavaraj Urs, the Secretary of Association, Sri C. Narasingbhan Singh presented the annual report.

Mrs. Lingaraju distributed prizes to the various winners in sports and other competitions.

A special prize given by the Medical College Co operative Society for the student who secured highest marks in the second MBBS was awarded to Sri T. S. Ramachandra Rao.

Dr. Gopalarajan addressing the medicos advised them to be kind and smpathetic to the patients. Their motto should be service to the poor and rich alike. They should also maintain the professional conduct and preserve the privacy of patients and not divulge their secrets. He asked them to be charitable to their colleagues.

The medical study, he said, did not end at the college but it was a life long one and they should keep on studying. He also emphasised the need for intensive study of applied Physiology and Anatomy.

Dr Lingaraju in his presidential address complimented the students for their exemplary behaviour and said they were the best students he had seen in his wide-travel and hoped they would keep up that tradition.

River Valley Projects

Bangalore, Sept. 12

Mr. Hafiz Mohammad Ibrahim, the Union Minister for Irrigation stated here that river valley projects needed careful planning and that the Central Government were examining whether the problem could not be tackled by River Boards.

Presiding over the All-India Irrigation and Power seminar, the Minister said that all water and power resources should be harnessed in such a manner to derive maximum benefit with due regard to the need for economy.

The Union Minister said the available river water resources of the country were estimated in 1950 to be 1,356 million acre-feet. Because of physio-graphical conditions, it was unlikely that more than 450 million acre feet could be used for irrigation. Till 1951, about 76 million acre feet had been utilised and by the end of the Second Plan, this would increase to 119 million acre feet. The target for Third Plan was 41 million acre feet and if this was achieved, they would have succeeded in utilising 35 to 36 per cent of their utilisable water resources.

Governor Jayachamaraja Wadiyar inaugurating the Seminar emphasised the need for establishing super-grids to tackle the problem of power shortage in the country.

RS. 1 CRORE FOR DIGGING WELLS

CENTRE'S AID TO MYSORE

TO TIDE OVER FAMINE CONDITIONS

Bangalore, Sept. 14

The Union Deputy Agriculture Minister Krishnappa stated here yesterday that the Centre had agreed to place immediately at the disposal of the State Government Rs. 1 crore for launching a campaign to dig 15,000 irrigation wells.

He assured that whatever foodgrains needed by the State to tide over the present scarcity conditions would be made available by the Centre.

Sri Krishnappa said the problem of recurring famine in pockets of territory running from Rayalseema in Andhra to Mysore and Maharashtra States embracing nearly 150 lakhs of population was a national problem and had to be met in an integrated manner. The rural population in these areas should be asked to take up mixed farming and also given employment in subsidiary industries so that they need not depend entirely on agriculture.

The Deputy Minister said he would visit the affected areas both in Mysore and Andhra Pradesh.

Recapture India's Spiritual Wisdom

CALL TO RELIGIOUS TEACHERS

Mysore, Sept. 14

An appeal to religious teachers in the country to recapture that spiritual wisdom which was the proud possession of our great country not long ago, was made by Sri Marthandavarma, the Elayaraja of Travancore, in inaugurating the 13th session of the All-India Divine Life Conference and All-Religions Convention, here at the Townhall yesterday

Kavi Yogi Maharshi Shuddananda Bharathi of Madras in his presidential address emphasised the need for missionaries to be the messengers of one God, one soul, one world and one humanity.

The Maharshi said Yoga was the unique "saviour" force of humanity. It was the cementing force of unity and an antidote for radio-poisoned world.

Mysore, he said, was the fittest place for training Yoga Vedanta missionaries For this training they wanted a calm and serene centre like the Chamundi Hills. He stated "If Mysore gives me proper encouragement, I shall consecrate myself for this high mission and set up a Yogic dynamo Mysore city".

Nearly 200 seers and saints from all over the country are attending the four-day conference.

Sri P. Gopalakrishna Shetty, Chairman of the Reception Committee welcomed the gathering.

Messages received from Vice-President Radhakrishnan, Governor of Mysore and others were read.

VISVESVARAYA IS 100 TODAY

Mokshagundam Visvesvaraya, the master engineer-statesman of Mysore, whose 100th birthday is being celebrated today all-over the country, was born on Sept. 15, 1861 at Muddenahalli in Chickballapur taluk in Kolar district

After taking his B. A. degree at the Central College, Bangalore in 1880, he joined the College of Science at Poona, from which he emerged with a first class in engineering in 1883. Next year he was appointed as Assistant Engineer in the Bombay Pablic Works Department.

Towards the end of 1909 he was appointed Chief Engineer of Mysore, an office which he held for four years. From 1912 to 1918, he held the office of Dewan and during that period he planned and initiated schemes for the educational, economic, agricultural and iudustrial expansion of the State.

Dr. M.V. was responsible for Engineering school, the University of Mysore and the Bank of Mysore. He gave toMysore theIron and Steel Works at Bhadravati, envisaging the development of the cement, paper and other anciliary industries arouud it. He designed the automatic waste weir flood gates, which was used for Krishnarajasagar Dam.

Throughout his ninety-nine years, Dr. Visvesvaraya has worked for the country and he excelled not only living upto the ideals he preached but carrying it to the point of perfection.

Bangalore. Sept. 15

Revenue Minister Kadidal Manjappa stated in the Assembly yesterday that the Government would consider the question of suspension of land revenue in the drought-affected areas of the State.

He said since almost the entire area of the State, with the exception of the pucca Malnad parts, would have to be treated as scarcity areas in view of the assertions made by the members, the suspension of land revenue in all the areas would greatly affect the State Exchequer and hence the question had to be handled with care.

The Minister added that Government had issued an order asking the revenue officials not to use coercive measures in the recovery of arrears in scarcity areas. Sympathy shauld be shown to those who could not afford to pay.

Visvesvaraya Hall

Bangalore, Sept. 17

Governor Jayachamaraja Wadiyar yesterday laid the foundation stone of the new building for the Mysore Centre of the Institute of Engineers, to be named after Dr. Visvesvaraya.

The Governor after paying tributes to the great engineer-statesman Visvesvaraya, stated that the country had embarked on a gigantic national reconstruction programme and many of those tasks required a large and constantly increasing number of engineers and technical men of various kinds. It was not enough if they had numbers but quality and character were equally important. It was here the example of Dr. Visvesvaraya could be of the greatest value, he added.

The Governor called upon engineers to emulate not only Dr. Visvesvaraya's technical knowledge, his practical ability and versatality but also his inflexible principles and his high standards.

GROUPISM IN CONG. DEPRECATED

CHARGES AGAINST JATTI MINISTRY TRIVIAL

NEHRU TELLS MYSORE CONG. LEGISLATORS

Bangalore, Sept. 17

Prime Minister Nehru stated here yesterday that charges against the Jatti Ministry by the dissidents, seemed to deal with trivial administrative matters and he was surprised that "so much fus should be made about them".

Addressing the members of the State Legislature Congress Party, Sri Nehru said "it may be that one or two charges are worth enquiring into. If so, let an enquiry be made into them".

In his 75-minute address, Sri Nehru, it is learnt, strongly deprecated groupism and said that in the matter of frequent changes in ministries and the constant formation of groups pulling in different directions, Mysore had gained an unenviable reputation.

This he pointed out, was entirely opposed to the broad Congress policy and discipline.

Sri Nehru, however told the legislators that it was not for him to decide matters. These had to be decided by the Congress Working Committee or the High Command.

He said that broadly speaking, Congressmen should observe discipline and avoid groupings even when they disagreed with each other. The organisation was more important than the individual, just as the work for the public good was most important of all. Above all, any idea of "individuals or groups struggling for office" was bad.

NATIONAL TUBERCULOSIS INSTITUTE

Bangalore, Sept. 16

Prime Minister Nehru today inaugurated the National Tuberculosis Institute.

Governor Jayachamaraja Wadiyar who presided said that in a rural nation like ours the major part of both curative and preventive treatment of T. B. had to be undertaken in the villages.

He said that while it was the urgent duty of the moment to make adequate arrangements for treating 50 lakhs of cases in the country, it was of even greater important to find out means and methods of prevention and apply them in all parts of the country so that future generations might be free from this danger.

Develop integrity Of Character

M. V.'S CALL TO PEOPLE

The centenarian Dr Visvesvaraya told the countrymen here yesterday to develop integrity of character, maintain [illegible] of discipline both in private and business life and cultivate team spirit.

Replying to felicitations, Dr. M. V. said if this was done, no Indian need have doubts about a successful economic future for the country.

He complained that people in the country lacked "ambition and hustle" and said because of the lack of this quality "we are where we are, unable to take full advantage of the resources with which providence has blessed this country in general".

Dr. M. V, suggested the constitution of a body of picked men to continuously investigate and study. It should keep the general boyd of its intelligent population ever active-thinking, planning, working and developing, to equip their countrymen with truly progressive habits.

Temper Science With Spirituality

TO ESCAPE FROM HELLFIRES SAYS NEHRU

Bangalore, Sept. 16

Prime Minister Nehru stated here yesterday that the power of science should be tempered with spirituality if the world should escape from the "hellfires" unleashed by atomic weapons and hydrogen bombs.

He said science had the power to build up a physical paradise for all in the world as well as to threaten to consume this world by the "hellfire" of bombs. "Science looks equally at both. It is for the human mind, for the human spirit, to control it and direct it in the right direction", he added.

The Prime Minister who was inaugurating the centenary celebrations of Dr. Visvesvaraya, said the life of great and distinguished persons like Dr. Visvesvaraya was full of examples as to how great things could be achieved for humanity if science was directed along right lines.

NEHRU'S APPEAL TO YOUTH

Nehru's Homage To M. V.

Bangalore, Sept. 16

Prime Minister Nehru yesterday paid glowing tributes to centenarian M. V. and said Dr. Visvesvaraya in spite of his years, was young in mind and young in outlook and looking as young people should, to the future. He reminded us of the modern world of science and technology seeing it in relation to and in the context of old standards and old values, which Indians claim to possess.

Addressing M. V., Sri Nehru said " Some of us feel old when we look at your young self. We greet you and if we are true to ourselves, we should make some kind of a pledge to live up to your dreams and follow the way you have show us". India had the unfortunate reputation of talking a lot and doing a little, but " you are a great exception and you talked little and have done much.".

Ready For Better Relations

SAYS K TO AMERICA

Addressing the United Nations General Assembly yesterday, the Soviet Premier Khrushchev stated that his country was ready to improve its relations with the United States. He said "in our era it would be senseless if the two most powerful countries could not agree. The Soviet Union is ready to do its best to improve USSR-USA relations".

He was of opinion that his country and America could 'act hand-in-hand to consolidate peace and international co-operation'.

END OUTSIDE INTERFERENCE IN CONGO

Prime Minister Nehru who arrived in New York last evening to attend the United Nations General Assembly stated that the Congo was undoubtedly the biggest problem before the U.N. at the moment. 'It is a crisis for the world organisation'.

He said the 'most astounding thing about the Congo' was the Belgians' behaviour in leaving not a sou in the treasury, carrying off all the furniture and typewriters and even the pencils.

Asked what should be done immediately about the Congo, Sri Nehru said "we must put an end to highly provocative and irritating outside interference. That must be isolated from the basic question before the country'.

Basic Principles of U. N.

NO COMPROMISE, WARNS DAG

The U. N. Secretary-General, Mr Hammarskjoeld told the General Assembly yesterday that if the office of the Secretary-General became a stumbling block to anyone because the incumbent stood by the basic principles which must guide his activity, such criticism struck at the very office and the very concepts on which it was based. He said he would rather see that the office break than drift on compromise.

Replying to the attacks made against him by the Soviet Premier on the Congo, Mr. Dag said that criticisms which had been expressed were a question "not of a man but of an institution". The question was not one of certain acts but of the principles guiding them.

Legal Remedy For Sharing Krishna Waters

SAYS MYSORE MINISTER

Bangalore, Oct. 1

Public Works Minister Channabasappa stated yesterday that Mysore would have no other alternative than taking recourse to legal remedy to get her rightful share of the Krishna and the Godavari river waters, if the Central Government's intervention failed to bring about a just settlement.

The Minister who returned from Delhi after attending the inter-State conference on the reallocation of waters of these two rivers said that he was hopeful that the Government of India would offer its good offices to bring about a just settlement. The Centre was considering of appointing a high-level committee of technical experts who have no concern whatever with these States to collect relevant data that might be necessary to resolve the issue.

WILL NOT QUIT, SAYS DAG

Mr. Dag Hammarskjoeld yesterday rejected a challenge flung at him by Mr. Khrushchev to resign as United Nations Secretary-General and declared that "I will not resign".

He said that it was not the Soviet Union, or indeed any other big powers who needed the United Nations for their protection but it was all the others.

"In this sense", he said, "the organisation is first of all their organisation and I deeply believe in the wisdom with which they will be able to use it and guide it".

MAINTAINING WORLD PEACE

U. N. NECESSARY, SAYS NEHRU

Prime Minister Nehru addressing the General Assembly of the United Nations on Monday praised the work of the United Nations in this troubled world. He said "the U. N has amply justified its existence and has repeatedly prevented the crisis from developing into war. It has played a great role and it is difficult for me to think of this troubled world without the United Nations".

Mr. Nehru said unfortunately they lived in a split world. But they had to bear with this. They had to acknowledge that there was great diversity in the world and the variety was good and should be encouraged so that each country might grow.

India, he said, had no desire to imitate or to compete with another country, but India was firmly resolved to raise standards and enable its people to lead a good life.

But there was something else of even greater importance, that was peace. Without peace, all dreams vanished and they would be reduced to ashes. The main purpose of the U.N. was to build up a world without war, a world based on the co-operation of nations and people. It was not merely a world where war was kept in check by the balancing of armed forces. The purpose was a world from which the major causes of war had been removed, he said.

Disarmament, he said produced an atmosphere helpful to co-operation.

The issue of disarmament before the world, Mr. Nehru declared, was far too vital to be left to a few countries only or to be affected by personal likes or dislikes. In order to deal with the problems effectively there would have to be impersonal views expressed. The United Nations alone could solve the problem. All efforts towards disarmament must be welcomed, but the U.N. should be closely associated with them.

CONG. DISSIDENTS' ATTITUDE DEPLORED

Mysore, Oct. 6

Sri K. S. Suryanarayana Rao, Congress MLA in a rejoinder to Sri D. Devaraj Urs that the dissidents had sought the permission of the High Command to move no-confidence against the Jatti Ministry, stated yesterday that 'it is unfortunate that inspite of the advice given by Pandit Nehru, they have taken up the hostile attitude towards the Leader and given room for public controversy about party matters. Such an attitude is against the code of conduct and discipline of the organisation. This is neither in the best interest of the party or the country. It only tends to weaken the party and retard the progress under the development plan".

Sri Rao says that the allegations against the Ministry that they were trying to win over the members of the party through "undemocratic and unhealthy methods" was far from the truth. On the other hand, it was the PCC Office with all its influence and power that was being freely made use of by some of them for their personal ends.

MILITARY ACTION TO GET KASHMIR

PRESIDENT AYUB KHAN'S THREAT

Pakistan President Ayub Khan is reported to have stated in Muzaffarbad, capital of Azad Kashmir that Pakistan could not trust India until the Kashmir issue was solved and that the Pakistan Army, as the defender of the country, could not afford to leave the Kashmir issue unsolved for an indefinite period.

This is the first direct threat of military action to settle the Kashmir issue since Mr. Ayub Khan assumed power in October 1958.

Observers feel that such a provocative declaration by the Pakistan leader soon after Prime Minister Nehru's visit to Karachi might stir up the already existing opposition in India in reopening of the issue.

They pointed out that India, for the first time last month, agreed to discuss Kashmir and departed from her stand that Kashmir was "a closed issue" and Pakistan who was an aggressor in Kashmir should withdraw her troops from the occupied area.

Need For Fisheries Development

REFRESHER COURSE OPENED IN CITY

Mysore, Oct. 10

Inaugurating a 30–day refresher course for fisheries here on Saturday at the Central Food Research Institute, Mysore, Agriculture Minister Rachiah stated that Mysore had planned for an additional production of 60,000 tons of fish in the Third Plan to raise the annual fish production to 1.93 lakh tons.

The refresher course for fisheries extension personnel working in Communnity Development Blocks, has been organised jointly by the Government of India and the State Fisheries Department to meet the requirements of Mysore, Kerala, Andhra Pradesh, Madras, Maharashtra, Gujarat, Rajasthan, Jammu and Kashmir and the Union territories of Himachal Pradesh and Andaman and Laccadive islands.

Dr. Kalyani, State Director of Fisheries welcomed the gathering.

Minister Rachiah said that a sum of Rs. 132 lakhs from the Fisheries Department budget and Rs. 32 lakhs from the Public Works Department budget would be allotted for the fisheries development in the Third Plan.

He said it was proposed to raise the strength of the State's mechanised fishing fleet four-fold and to provide more preservation and transport facilities. The question of collaboration with countries like Japan and Norway for exploiting deep waters to promote exports of fish to overseas markets was under consideration. But he said, greater emphasis would be laid on inland fisheries as it would be possible to achieve substantial results without such handicaps at foreign exchange for import of machinery.

Sri Rachiah stated that the daily requirements of a balanced diet for the Indian population was estimated at three ounces of protein of which two ounces could be fish protein. So the quantity required for the fish eating population in 1961 would amount to 4.5 million tons and therefore there was urgent need to develop our fisheries, he added.

Do Not Crave For Foreign Degrees

C. V. RAMAN'S PLEA TO STUDENTS

Mysore, Oct. 10

Dr. C. V. Raman made an impassioned appeal to the youngmen of the country to develop "fanatic" loyalty and pride to their own centre of learning and country and rely on self-help.

He was inaugurating the post–graduate science research departments of the Mysore University at the new campus "Manasa Gongothri", here on Saturday.

Dr. Raman strongly criticised the attitude of the students rushing to foreign universities to get a degree and declared that unless they shook off this 'slavish mentality of imitating others', India would never progress.

It was unfortunate, he said, that "we have the utmost contempt for our own universities. We are always in a hurry to leave our universities and then come back to take up a job and then forget everything" He wanted the people of India to become leaders and not mere followers of others.

Dr. Raman complimented the Mysore University for establishing a centre for scientific research in such a calm place like Mysore.

Earlier, Vice Chancellor Nikam welcomed the gathering.
